The Active Side Of Infinity:

The Active Side of Infinity Carlos Castaneda, 1999-12 Carlos Castaneda goes back through the most memorable events in his life having been told that he should do this by Don Juan Matus a Yacui Indian shaman who became his teacher for 13 years He has learned that these events when collected together form a device that powerfully stirs energy inside the self that has lain dormant Our daily lives push these caches of energy outside our reach This method shows us how to redeploy our unused energy

The Power of Intention Dr. Wayne W. Dyer, 2010-10-01 Intention is a force in the universe and everything and everyone is connected to this invisible force Dr Wayne W Dyer has researched intention as a force in the universe that allows the act of creation to take place This beautiful edition of Wayne s international bestseller explores intention not as something we do but as an energy we re a part of We re all intended here through the invisible power of intention a magnificent field of energy we can access to begin co creating our lives Part I deals with the principles of intention offering true stories and examples showing how to make the connection Wayne identifies the attributes of the all creating universal mind of intention as kind loving beautiful expanding endlessly abundant and receptive emphasizing the importance of emulating this source of creativity In Part II he offers an intention guide with specific ways to apply the co creating principles in daily life Part III is an exhilarating description of Wayne s vision of an individual connected at all times to the universal mind of intention

The Active Side of Infinity Jörgen I Eriksson, 2020 More than 50 years after Carlos Castaneda s first book and 20 years after his death the interest in his legacy is growing The 12 books on his apprenticeship with the Yaqui sorcerer Juan Matus contain fabulous stories but most of all an abundance of shamanic wisdom According to J rgen I Eriksson who has worked in the Nordic shamanic tradition for 40 years Castaneda s works represent deep shamanism from which present day students of shamanism has much to learn But it is necessary to keep Castaneda at arm s length In this book Eriksson tries to extract the very best of Castaneda and in a way liberate Castaneda from Castaneda

Pages of Field Notes F. Lawrence Fleming,2023-01-05 My previous book about the author Carlos Castaneda Making Sense of the Life and Works of Carlos Castaneda F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda s grossly corrupted version of the teachings of Don Juan in his published works The Power of Intention (EasyRead Large Bold Edition) Wayne W. Dyer,2004 Intentions generally viewed as a pit bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture In this view and attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed However intention is viewed very differently in this book The author has researched intention as a force in the universe that allows the act to creation to take place This book explores intention not as something you do but as an energy you re a part of We re all intended here through the invisible

power of intention Dust jacket **Truth** Johnny George, 2017-11-27 As shattered fragments of a buried mirror may be cleaned and pieced together to portray a reflection so the book TRUTH clears away dirt and muck of untruth The author fits shards of knowledge like pieces of a puzzle to display what may be a very real reflection of ultimate high level truth In a search that has spanned over five decades there has been no agenda other than eliminating untruth to reveal a clear image of reality Pertinent facets of many many sources have been inter connected in the creation of this book The Bible Eastern philosophy the Dead Sea scrolls the Nag Hammadi texts the archives of Edgar Cayce and Seth American Indian Wisdom ancient Toltec knowledge science physics and quantum mechanics decades of magazine and news articles and such modern thinkers teachers and writers as Rhonda Byrne Depak Chopra David Deutsch Brian Greene Bruce Lipton Eckhart Tolle Neale Donald Walsch and many others TRUTH offers evidence that awareness of certain knowledge may awaken humanity to our natural progression in spirit Signs point to a path that can bring us to merge in a collective consciousness where the oneness of all may be realized where separate beliefs both spiritual and scientific may coalesce and be transcended where we may evolve to find our true nature as nonviolent spiritual beings When many signs point the same direction who would follow the one that doesn't When answers add up and make sense why do so many believe things that don't TRUTH has been said to be among the most informative the most comprehensive books ever written and has even been called the best book ever This new second edition is vastly improved over the first It includes a Preface with information about where the book came from and why it was written The new version also contains the results of more biblical research and quotes and many enhancements and additional details throughout *Success & Happiness One Day at a Time; an instructional manual for your life* , **Not in His Image** John Lamb Lash, 2006-11-15 Lash is capable of explaining the mind bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight His arguments are often lively and entertaining Los Angeles Times In Not in His Image John Lamb Lash explains how a little known messianic sect propelled itself into a dominant world power systematically wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets But as Lash reveals the truth cannot be hidden or destroyed Not in His Image delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the richness of the ancient European Pagan spirituality the Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaia Long before the birth of Christianity monotheism was an anomaly Europe and the Near East flourished under the divine guidance of Sophia the ancient goddess of wisdom The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence This ancient philosophy was threatening to the emerging salvation based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife As Derrick Jensen points out in the afterword in Lash's hands Jesus Christ emerges as the

agent provocateur of the ruling classes Sometimes a book changes the world Not in His Image is such a book It is clear stimulating well researched and sure to outrage the experts Get it Improve not just your own life but civilization's chances for survival Roger Payne author of Among Whales **Pause Now** Lyla Yastion, 2009-03-16 This handbook in practical spirituality proposes that the level of stress violence fear and disconnect from Nature in the global society has risen in direct proportion to a fall in the collective level of conscious awareness In order to reverse this trend a conscious impulse is required Human beings need to rediscover the mystical underpinning of all religions and the engine of spiritual transformation the art of presence Only by learning to be present and stay present is it possible to dissolve harmful energy in the form of false opinions and negative feelings and create positive energy that imbues actions with intelligence compassion and respect for the sacredness of all life To this end a practice in sensory awareness is offered It is called the Pause Pausing affirms the body mind continuum by empowering the senses as conduits of conscious awareness When pausing is then applied to ordinary activities such as speaking working thinking and relating to others spiritual evolution accelerates The fruit of a re-awakened life is healing for ourselves for society and for the entire Earth community **I Was Carlos Castaneda** Martin Goodman, 2007-12-18 A marvelous book with rich teachings that particularly touch the heart of death and thus life itself Thom Hartmann author of The Last Hours of Ancient Sunlight Carlos Castaneda comes back from the dead in a true life spiritual adventure story set in the French Pyrenees Machu Picchu the Peruvian Amazon and the American Southwest Four months after his death the world renowned writer anthropologist and mystic Carlos Castaneda turns up in the French Pyrenees He meets with writer Martin Goodman His purpose To lead Martin beyond the fear of death and the confusions of mortality and to offer a clearer understanding of the ultimate wisdom the wisdom to live the rest of our days in full and conscious harmony with the living earth Martin Goodman is a gifted storyteller who has infused I Was Carlos Castaneda with literary verve and humor When at their first encounter an incredulous Goodman confronts Castaneda with reports of his recent death Castaneda replies wryly Details mere details And so the story begins *The Scientification of Religion* Kocku von Stuckrad, 2014-05-21 The enigmatic relation between religion and science still presents a challenge to European societies and to ideas about what it means to be modern This book argues that European secularism rather than pushing back religious truth claims in fact has been religiously productive itself The institutional establishment of new disciplines in the nineteenth century such as religious studies anthropology psychology classical studies and the study of various religious traditions led to a professionalization of knowledge about religion that in turn attributed new meanings to religion This attribution of meaning resulted in the emergence of new religious identities and practices In a dynamic that is closely linked to this discursive change the natural sciences adopted religious and metaphysical claims and integrated them in their framework of meaning resulting in a special form of scientific religiosity that has gained much influence in the twentieth century Applying methods that come from historical discourse analysis the book demonstrates that religious

semantics have been reconfigured in the secular sciences Ultimately the scientification of religion perpetuated religious truth claims under conditions of secularism Leap of Perception Penney Peirce,2016-10-11 Responding to the global shift from the Information Age to the Intuition Age Penny Peirce a respected leader in the intuition development movement offers effective easy to follow guidance to help you develop the power of perception and imagination to live effortlessly and joyfully in this new age With a growing holistic view of the world and a greater awareness of personal and collective energy our level of perception is transforming from something singular the physical form to a greatly expanded awareness that includes intuition past and present right and left brain and heart and body As our perceptive ability evolves we must relearn the principles of how we live create and grow in order to be successful in the rapidly transforming reality of the Intuition Age Written with clarity insight and humor Leap of Perception is a comprehensive guide that shows us how to adapt to an expanding paradigm of perception You will learn to materialize the situations you want resolve conflict in relationships expand your creativity reduce exhaustion and anxiety from multitasking ease fear caused by the transformation process and develop new skills like telepathy clairvoyance applied empathy rapid healing and more Building on her first two books The Intuitive Way The Definitive Guide to Increasing your Awareness and Frequency the Power of Personal Vibration author Penny Peirce once again translates a powerful and complex concept into an effective life practice that is accessible to everyone **Making Sense of the Life and Works of Carlos Castaneda** F. Fleming,2018-08-04 The Teachings of Don Juan A Yaqui Way of Knowledge purportedly a legitimate work of anthropology describing author Carlos Castaneda s apprenticeship to a Mexican Indian sorcerer was first published in 1968 and was followed by eleven more books by this author All of his books achieved a very wide readership To the dismay of many of his devoted readers however Castaneda has been shown to have been a charlatan arguably the most infamous charlatan of the twentieth century But what if the Mexican sorcerer Juan Matus with whom Castaneda claimed he had studied were shown to have been a real person I believe the circumstantial evidence strongly suggests that he was Might these books not be read or reread with replenished interest and purpose **Summary of Wayne W.
