American newspapers published in Cincinnati she also shares here what she found in the way of other types of local African American publications as well as newspapers published elsewhere but circulated in Cincinnati All of this is very important to anyone interested in how we got to where we are today in matters of culture and race I know from personal experience while researching the life of Maurice McCrackin a white minister who lived among African Americans in Cincinnati's West End and worked tirelessly to end racism and war how important it is to have a balanced historical record to draw on Such a record however is useful to far more than writers and historians Anyone inspired to address today's complex social inequities needs to know what has gone before Furthermore the record of any group should be articulated by members of that group rather than filtered and interpreted by the majority or dominant group One of the first African Americans to articulate the importance of this idea was John Brown Russwurm In the first edition of the first African American newspaper published in the United States Freedom's Journal in 1827 Russwurm wrote We wish to plead our own cause Too long have others spoken for us Too long has the public been deceived by misrepresentations in things which concern us dearly Quoted by Mary Sagarin in John Brown Russwurm The Story of Freedom's Journal Freedom's Journey NY Lothrop Lee Shepart 1970 57 Najiyah Duncan has paid homage to Russwurm's vision and a long history of self articulation among African American journalists by her efforts here in describing Cincinnati's heritage o

**Passing and the Rise of the African American Novel** Maria Giulia Fabi, 2001 Passing and the Rise of the African American Novel restores to its rightful place a body of American literature that has long been overlooked dismissed or misjudged This insightful

reconsideration of nineteenth century African American fiction uncovers the literary artistry and ideological complexity of a body of work that laid the foundation for the Harlem Renaissance and changed the course of American letters Focusing on the trope of passing black characters lightskinned enough to pass for white M Giulia Fabi shows how early African American authors such as William Wells Brown Frank J Webb Charles W Chesnutt Sutton E Griggs James Weldon Johnson Frances E W Harper and Edward A Johnson transformed traditional representations of blackness and moved beyond the tragic mulatto motif Celebrating a distinctive African American history culture and worldview these authors used passing to challenge the myths of racial purity and the color line Fabi examines how early black writers adapted existing literary forms including the sentimental romance the domestic novel and the utopian novel to express their convictions and concerns about slavery segregation and racism She also gives a historical overview of the canon making enterprises of African American critics from the 1850s to the 1990s and considers how their concerns about crafting a particular image for African American literature affected their perceptions of nineteenth century black fiction

*Great Thinkers and Doers* Teresa Zackodnik, 2025-07-01 A corrective history of the essential role that Black women played in the early Black press In *Great Thinkers and Doers* Teresa Zackodnik looks at the vital and largely overlooked role of Black women readers writers and editors in the development of the Black press in the nineteenth and early twentieth centuries Understanding the relationship between the Black press and Black women s political and community organizing helps illuminate how important Black women were to this media phenomenon in its first one hundred years In the nineteenth century Zackodnik reveals the Black press was second only to the Black church in its centrality to Black politics and communities but histories of its development have long credited its founding and development to the Black men who were its editors Despite their underrepresentation in the leadership of Black public politics and the Black press women were overrepresented in the mutual benevolent moral improvement and literary societies that functioned as community centers of political oratorical and print culture work These societies supplied the Black press with content a readership and distribution nodes in Black communities throughout the nation Zackodnik examines the vital opportunity that this networking of the Black press with literary societies offered Black women readers to enter Black print space and advance communal goals She also explores how Black women gained a foothold within publications often initially with gateway genres such as letters to the editor and women s columns and shaped the Black press This book will change how we understand the early Black press and overlooked Black feminist print practices
