*The Alcuin Club and Its Publications, 1897-1987: an Annotated Bibliography*, 1975      **"The" Alcuin Club and Its Publications, 1897-1987** Peter John Jagger, 1986      The Alcuin Club and Its Publications, 1897-1987 Peter John Jagger, 1986 A study of the history and of the publications of the Alcuin Club during the first 90 years of its existence      T&T Clark Companion to Liturgy Alcuin Reid, 2015-12-17 In the decades following the Second Vatican Council Catholic liturgy became an area of considerable interest and debate if not controversy in the West Mid late 20th century liturgical scholarship upon which the liturgical reforms of the Second Vatican Council were predicated and implemented no longer stands unquestioned The liturgical and ecclesial springtime the reforms of Paul VI were expected to facilitate has failed to emerge leaving many questions as to their wisdom and value Quo vadis Catholic liturgy This Companion brings together a variety of scholars who consider this question at the beginning of the 21st century in the light of advances in liturgical scholarship decades of post Vatican II experience and the critical re examination in the West of the question of the liturgy promoted by Benedict XVI The contributors each eminent in their field have distinct takes on how to answer this question but each makes a significant contribution to contemporary debate making this Companion an essential reference for the study of Western Catholic liturgy in history and in the light of contemporary scholarship and debate      The Liturgy in Medieval England Richard W. Pfaff, 2009-09-24 This book provides a comprehensive historical treatment of the Latin liturgy in medieval England Richard Pfaff constructs a history of the worship carried out in churches cathedral monastic or parish primarily through the surviving manuscripts of service books and sets this within the context of the wider political ecclesiastical and cultural history of the period The main focus is on the mass and daily office treated both chronologically and by type the liturgies of each religious order and each secular use being studied individually Furthermore hagiographical and historiographical themes respectively which saints are prominent in a given witness and how the labors of scholars over the last century and a half have both furthered and in some cases impeded our understandings are explored throughout The book thus provides both a narrative account and a reference tool of permanent value      Artistic Integration in Gothic Buildings Virginia Chieffo Raguin, Kathryn Brush, Peter Draper, 1995-01-01 In this collaborative work seventeen international scholars use contemporary methodologies to address the ways in which we understand Gothic church buildings today Artistic Integration in Gothic Buildings discusses major monuments that have traditionally stood at the core of medieval art historical studies the cathedrals of Durham Wells Chartres Reims Poitiers Strasbourg and Naumburg the abbey of Saint Denis and the Sainte Chapelle of Paris The contributors approach the subject from different specialties and methodologies within the field of art history as well as from the disciplines of history liturgical studies and theology Willibald Sauerl nder s overview acknowledges that since the early nineteenth century scholars have been confronted with monuments that no longer perform their original functions The moment of the creation of these great cages of stone filled with images in metal paint glass stone

and textiles has passed as surely as Villon's snows of yesteryear. Artistic intentions shifted continuously over the centuries as these great buildings were adapted to new situations: historical, cultural, and religious. Once the settings for complex and diversified rituals of religious, social, and political dimensions, the buildings today stand in a completely different time frame and are experienced by a different audience. This volume addresses the hermeneutics of the development of scholarship concerning the Gothic church, reviewing the variable but largely exclusive agendas from the early nineteenth century to the present, including those of Viollet le Duc, Lefèvre, Pontalis, M. le Sedlmayr, Von Simson, Panofsky, Grodecki, and Bony. The conclusion is that there is no way to return to the original Gothic cathedral or the original audience. Artistic Integration in Gothic Buildings reassesses the traditional canon through a new pluralism of approaches and presents the Gothic church as an intricate and complex living monument that has been evolving over eight centuries and more. **The Oxford Dictionary**

**of the Christian Church** Andrew Louth, 2022-02-17. Uniquely authoritative and wide-ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology, churches, and denominations, patristic scholarship, and the Bible, to the church calendar and its organization, popes, archbishops, other church leaders, saints, and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations, for example, non-Western European Christianity, as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader. *The ^AOxford History of Christian Worship* Geoffrey Wainwright, Karen B.
