The Alien Jigsaw Researchers Supplement:

The Alien Jigsaw Katharina Wilson, 1994 *Set Your Phaser to Stun* Steve Pearse, 2011-08-22 Book Summary This book is a scientific investigation into the Extraterrestrial Hypothesis which demonstrates beyond a reasonable doubt that we are being visited by extraterrestrial Beings from another World This story involves two unrelated cases of abduction The first case is the well known Betty and Barney Hill case that was published in *The Interrupted Journey* in 1961 and *Captured* in 2007 The second case involves a married couple named Kay and Erik Wilson whose experiences were published in *The Alien Jigsaw* in 1993 and its accompanying *Researchers Supplement* in 1994 Information from both of these cases have been merged together to prove that the star map that Betty Hill drew was not only real but it was actually Earth based The Wilson case proved to be the key in unlocking the door Like Betty Hill once again a brave soul had the courage to ask the Beings where they come from and as a result of this unique one on one conversation between Erik Wilson and a Grey without realizing it he was given major clues to find their home world *Set Your Phaser To Stun* reveals that Bettys star map is real and the Extraterrestrial Hypothesis has been purposely skewed to deceive the public When Carl Sagan involved himself in this dispute many years ago he claimed Bettys star map only showed meaningless random dots which were not specific points of reference for any known stars This book proves that Sagan was wrong and was involved in what some people claim to be scientific misconduct relating to the UFO subject The stars that Betty Hill drew of the star map she was shown in 1961 are anything but random *Set Your Phaser To Stun* takes a fresh new look at the Betty and Barney Hill case and examines previous interpretations of the star map with particular emphasis on Marjorie Fishs Zeta Reticuli Interpretation This new research which began in the year 2000 uncovers the fact that some of our closest neighborhood stars are linked in a network of trade and exploration by a highly advanced extraterrestrial civilization that is less than 50 light years away from us The real shock is the location of Sol our sun and the role humans play in the aliens agenda For far too long the establishment has systematically denied the Extraterrestrial Hypothesis has any substance This opinionated stance has been based on the urgent need to control the dissemination of news that they feared would ultimately damage the fabric of our society should it be released An extreme political drama of the highest order has been blocking disclosure The Military Industrial Complex has been unwilling to relinquish control to civilian authorities and there is a grave fear that disclosure will have a severe negative impact on our Religious Institutions worldwide They fear allowing the public access to information which would severely challenge the traditional belief that humanity is unique and has a special relationship to God The official position on this subject is based upon the idea that society is not prepared to handle the psychological impact of the knowledge that we are not alone in the universe They have even gone so far as resorting to scientific misconduct because they are deeply afraid of possible societal upheaval Fortunately in May of 2008 a remarkable turn of events occurred within the Catholic Church when astronomer Father Gabriel Funes wrote in the Vatican Newspaper that intelligent beings created by God could exist in outer

space He moved further toward official legitimization of the acceptance of other life by calling the aliens our Brothers and Sisters This was the beginning of a slow and well planned acclimation process of one billion Catholics worldwide It has often been stated that we would have to rewrite history if contact with an alien civilization ever took place Set Your Phaser To Stun is the beginning of that process

UFO Headquarters Susan Wright,1998-08-15 The government said it need Area 51 to protect America They said they needed it for research Now some say it has all been a terrible lie In the annals of UFO controversies there has never been a place like this sixty square miles of desert and scrub just north of Las Vegas Nevada Officially known as a U S Air Force testing ground this area has accounted for more UFO sightings and more inexplicable activity than any other in the world leading experts to dub Area 51 Earth s unofficial UFO headquarters Now UFO writer Susan Wright seeks to answer the riddle once and for all delving into previously secret government documents drawing on eyewitness accounts and ripping the veil of secrecy off Area 51 and the research that really goes on there The result is the most shocking and thoroughly documented UFO book you have ever read a book that demonstrates that for fifty years the U S government has had one overriding policy on Area 51 whenever confronted with suspicious facts or photographs conceal deny and lie

Conspiracy Nation Peter Knight,2002-02 An intriguing interrogation of America s long running obsession with conspiracy theories Why are Americans today so fascinated by Area 51 How did rumors that the AIDS virus originated as a weapon of biowarfare emerge Why does the Kennedy assassination provoke heated debate over fifty years after the fact and why did Donald Trump s birther theories only serve to increase his popularity with voters The origins of these ideas reveal important facets of American culture and politics Placing conspiracy thinking at the center of American history and challenging the knee jerk dismissal of conspiratorial thought as deluded and often dangerous Conspiracy Nation provides a wide ranging survey of conspiracy theories in contemporary America In the 19th century inflammatory rhetoric about slave revolts the well publicized specter of the black rapist and the formation of the Ku Klux Klan all worked as conspiracy theories to legitimate an emerging sense of national consciousness based on an ideology of white supremacy one that still persists today In our contemporary world panicked responses to increasing multiculturalism and globalization yield new notions of victimhood and new theories about conspiratorial plans for global domination Offering up a provocative array of examples ranging from alien abduction to the novels of DeLillo and Pynchon to Tupac Shakur s paranoid style Conspiracy Nation documents and unearths the workings of conspiracy in the contemporary moment Contributors Clare Birchall Jack Bratich Bridget Brown Jodi Dean Ingrid Walker Fields Douglas Kellner Peter Knight Fran Mason John A McClure Timothy Melley Eithne Quinn and Skip Willman

Aliens in America Jodi Dean,1998 Discusses the social and political implications of widespread belief in unidentified flying objects extraterrestrials and government cover ups and considers what they reveal in a culture of mass media and conflicting evidence

Forbidden Archeology's Impact Michael A. Cremo,1998 Examines the impact of the author s controversial 1993 book Forbidden Archaeology on the scientific community

,1994 Captured by Aliens? Nigel Watson,2020-06-09 New Hampshire couple Betty and Barney Hill provided Americans with what is essentially the original alien abduction story Since their story became public in the early 1960s many thousands of Americans have likewise come forward with similar stories of traumatic experiences Sometimes the abductee has little conscious recollection of these events but through nightmares dreams flashbacks and hypnosis they eventually learn more Sometimes the participants are bewildered To get a better understanding of the opposing viewpoints of skeptic and believer the Betty and Barney Hill case is used to examine the wider context of such encounters their historical origins media influences and the latest extraterrestrial psychological paranormal conspiracy and sociological theories that surround them
