

The American Jews

M Mosston

The American Jews:

The American Jew Dan Cohn-Sherbok, Lavinia Cohn-Sherbok, 1994 The Jewish community in America is the largest and most influential outside Israel In this book Dan Cohn Sherbok interviews members of the Jewish community in Denver and records their words He also speaks to non Jews who come into daily contact with the Jews Over 100 varied voices are sampled

We Are Many Edward S. Shapiro, 2005-06-03 The topics of Edward Shapiro's book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham's interpretation of American anti-Semitism Nathan Glazer's view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author's exploration of how American Jews have reconciled their dual identities as Americans and as Jews These solutions has shaped the way Jews have voted prayed earned a living married and chosen a profession America Shapiro argues has truly been different for Jews but this difference has shaped the history of America's Jews in unexpected and ironic ways The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group

The Politics and Public Culture of American Jews Arthur A. Goren, 1999 These strikingly lucid and accessible essays ranging over nearly a century of Jewish communal life examine the ways in which immigrant Jews grappled with issues of group survival in an open and accepting American society Ten case studies focus on Jewish strategies for maintaining a collective identity while participating fully in American society and public life Readers will find that these essays provide a fresh provocative and compelling look at the fundamental question facing American Jewry at the end of the 20th century as at its start how to assure Jewish survival in the benign conditions of American freedom

The American Jew Oscar Isaiah Janowsky, 1942 Donated by Sydney Harris

A New Promised Land Hasia R. Diner, 2003-11-06 She also describes the development of American Jewish religious political and intellectual institutions from the Daily Forward newspaper and the synagogues on New York City's Lower East Side to the Jewish Defense League and the Holocaust Museum in Washington D C A New Promised Land tackles the most significant issues facing American Jews today including intermarriage and their increasingly complex relationship with Israel

BOOK JACKET

Imagining the American Jewish Community Jack Wertheimer, 2007 A lively collection of sixteen essays on the many ways American Jews have imagined and constructed communities

To the Golden Cities Deborah Dash Moore, 1994 Both communities spurred by the model of the strong autonomous Jew emerging from the new state of Israel fought restricted beaches and Christian prayer in schools and made their political presence known

American Jewish History Gary Phillip Zola, Marc Dollinger, 2014-11-04 Presenting the American Jewish historical experience from its communal beginnings to the present through documents photographs and other illustrations many of which have never before been published this entirely new collection of source materials complements existing textbooks on

American Jewish history with an organization and pedagogy that reflect the latest historiographical trends and the most creative teaching approaches Ten chapters organized chronologically include source materials that highlight the major thematic questions of each era and tell many stories about what it was like to immigrate and acculturate to American life practice different forms of Judaism engage with the larger political economic and social cultures that surrounded American Jews and offer assistance to Jews in need around the world At the beginning of each chapter the editors provide a brief historical overview highlighting some of the most important developments in both American and American Jewish history during that particular era Source materials in the collection are preceded by short headnotes that orient readers to the documents historical context and significance

The American Jewish Experience Hebrew Union College-Jewish Institute of Religion. Center for the Study of the American Jewish Experience,1986 The book presents a range of the liveliest most informative writing on Jews in America from colonial times to the present this revised and expanded edition of the popular reader contains nine new selections and continues to explore traditional areas as well as topics of current interest such as Jewish women in American society and Jews in American popular culture

The American Jews Arthur A. Goren,1982

Meet the American Jew Belden Menkus,1963 An interpretation of contemporary American Judaism by eleven of its leaders

Americas Jews Chaim Waxman,2010-08-12 The book is a social history and sociology of American Jewry It provides an up to date analysis of the contemporary American Jewish community an analysis that includes educational occupational income and political patterns of American Jews the American Jewish family anti-Semitism the relationship between American Jews and Israel and the recent immigration of Soviet Israeli and Iranian Jews to the USA In synthesizing a vast array of empirical studies the author argues that while American Jews have been successful in their quest to integrate into the American social system recent developments both in the American social and cultural system at large and within the Jewish community in particular indicate that this ethno religious group is confronting the challenge to its continuity and its manifesting survivalist strengths which were not readily apparent in earlier generations

America's Jews in Transition should interest students in a wide range of fields among them sociology ethnic studies Jewish studies American studies and religious studies Because of its breadth and the freshness of its material the book should also appeal to the general reader

Portrait of American Jews Samuel C. Heilman,2011-07-01 Has America been a place that has preserved and protected Jewish life Is it a place in which a Jewish future is ensured Samuel Heilman long time observer of American Jewish life grapples with these questions from a sociologist's perspective He argues that the same conditions that have allowed Jews to live in relative security since the 1950s have also presented them with a greater challenge than did the adversity and upheaval of earlier years The second half of the twentieth century has been a time when American Jews have experienced a minimum of prejudice and almost all domains of life have been accessible to them but it has also been a time of assimilation of swelling rates of intermarriage and of large numbers ignoring their Jewishness completely Jews have no trouble building

synagogues but they have all sorts of trouble filling them The quality of Jewish education is perhaps higher than ever before and the output of Jewish scholarship is overwhelming in its scope and quality but most American Jews receive a minimum of religious education and can neither read nor comprehend the great corpus of Jewish literature in its Hebrew or Aramaic original This is a time in America when there is no shame in being a Jew and yet fewer American Jews seem to know what being a Jew means How did this come to be What does it portend for the Jewish future This book endeavors to answer these questions by examining data gleaned from numerous sociological surveys Heilman first discusses the decade of the fifties and the American Jewish quest for normalcy and mobility He then details the polarization of American Jewry into active and passive elements in the sixties and seventies Finally he looks at the eighties and nineties and the issues of Jewish survival and identity and the question of a Jewish future in America He also considers generational variation residential and marital patterns institutional development especially with regard to Jewish education and Jewish political power and influence This book is part of a stocktaking that has been occurring among Jews as the century in which their residence in America was firmly established comes to an end Grounded in empirical detail it provides a concise yet analytic evaluation of the meaning of the many studies and surveys of the last four and a half decades Taking a long view of American Jewry it is one of very few books that build on specific sociological data but get beyond its detail All those who want to know what it means and has meant to be an American Jew will find this volume of interest

The American Jew Michael Greenstein,1991 Can one live a dual commitment as an American Jew or does the Jew in fact compromise his own roots

The Future of the American Jew Mordecai Menahem Kaplan,1948

Jewish Identity in America American Jewish Committee. New York Chapter. Discussion group committee,Lester Arons,1963

The New American Judaism Jack Wertheimer,2018-08-28 A leading expert provides an engaging firsthand portrait of American Judaism today American Judaism has been buffeted by massive social upheavals in recent decades Like other religions in the United States it has witnessed a decline in the number of participants over the past forty years and many who remain active struggle to reconcile their hallowed traditions with new perspectives from feminism and the LGBTQ movement to do it yourself religion and personally defined spirituality Taking a fresh look at American Judaism today Jack Wertheimer a leading authority on the subject sets out to discover how Jews of various orientations practice their religion in this radically altered landscape Which observances still resonate and which ones have been given new meaning What options are available for seekers or those dissatisfied with conventional forms of Judaism And how are synagogues responding Wertheimer provides new and often surprising answers to these questions by drawing on a wide range of sources including survey data visits to countless synagogues and revealing interviews with more than two hundred rabbis and other informed observers He finds that the majority of American Jews still identify with their faith but often practice it on their own terms Meanwhile gender barriers are loosening within religiously traditional communities while some of the most progressive sectors are reappropriating long discarded practices Other recent

developments include start ups led by charismatic young rabbis the explosive growth of Orthodox outreach and unconventional worship experiences often geared toward millennials Wertheimer captures the remarkable if at times jarring tableaux on display when American Jews practice their religion while also revealing possibilities for significant renewal in American Judaism What emerges is a quintessentially American story of rash disruption and creative reinvention religious illiteracy and dynamic experimentation **America, American Jews, and the Holocaust** Jeffrey Gurock, 2013-12-16 This volume incorporates studies of the persecution of the Jews in Germany the respective responses of the German American Press and the American Jewish Press during the emergence of Nazism and the subsequent issues of rescue during the holocaust and policies towards the displaced **Religion and State in the American Jewish Experience** Jonathan D. Sarna, David G. Dalin, 1997 This text focuses on what it means to be Jewish in America and the different positions held within the Jewish community on past and present church state issues whether Orthodox Jews in the military should wear yarmulkes while in uniform and if Jewish prisoners have a right to Kosher food *The American Jew* Ben Halpern, 1956

The American Jews Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**The American Jews**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
