Social Policy Of The European Economic Community:

Social Policy of the European Economic Community Doreen Collins, 1975 **Social Policy in the European Union** Linda Hantrais, 1995 In focusing on the interaction between national and Union level social policy Linda Hantrais has set out to fill a glaring gap within the current literature on social policy analysis She has set herself an ambitious but necessary task and the book can be considered pathbreaking *Journal of Social Policy* **A European Social Union after the Crisis** Frank Vandenbroucke, Catherine Barnard, Geert De Baere, 2017-08-24 Today many people agree that the EU lacks solidarity and needs a social dimension This debate is not new but until now the notion of a social Europe remained vague and elusive To make progress we need a coherent conception of the reasons behind and the agenda for not a social Europe but a new idea a European Social Union We must motivate define and demarcate an appropriate notion of European solidarity We must also understand the legal and political obstacles and how these can be tackled In short we need unequivocal answers to questions of why what and how on that basis we can define a clear cut normative and institutional concept That is the remit of this book it provides an in depth interdisciplinary examination of the rationale and the feasibility of a European Social Union Outstanding scholars and top level practitioners reflect on obstacles and solutions from an economic social philosophical legal and political perspective *The European Union and Global Capitalism* Magnus Ryner, Alan Cafruny, 2016-12-16 This book draws on critical theory to introduce readers to ways of exploring questions about the EU from a political economy perspective questions like Does the EU help or hinder Europe s social models to face the challenges of globalization Does the EU represent a break from Europe s imperial past What were the causes of the Eurozone crisis **Social Policy in the European Union** Karen M. Anderson, 2015-03-26 Social policy has become an increasingly prominent component of the European Union s policy making responsibilities Today for example a highly developed body of law regulates equal treatment in social security and co ordinates national security schemes national health services have opened up to patients and service providers from other states and rules govern the translation of educational and vocational certificates across member states This state of affairs is all the more remarkable given the relatively limited resources at the EU s disposal and the initial intentions of its founders During negotiations for the Treaty of Rome in the 1950s social policy was viewed as the exclusive provenance of the member states There were to be provisions to facilitate labour mobility within the common market but until the 1970s social policy making at the EU level was modest However plans for the internal market moved social policy on the EU s decision making agenda The Social Chapter was adopted in 1989 and the Single European Act expanded EU competencies in social policy The Treaties of Maastricht Amsterdam and Nice all expanded competencies further so that by the time the heads of government met in Lisbon in 2007 to sign the EU s latest treaty the extent of supranational control over important aspects of social policy making was quite impressive This important book provides a full account of the evolution of social policy in the EU and of its current reach It examines the reasons for the

increased role of the EU in the area in spite of formidable obstacles and details its effects in member states where social provision is often the biggest item in government budgets and a crucial issue in national elections Drawing on research done on welfare states around the world and on European integration this book provides a distinctive and sophisticated account of social policy in Europe showing how it must now be understood in the context of multi level governance in which EU institutions play a pivotal role **Bulletin of the European Economic Community** European Economic Community. Commission,1964 **The European Communities: The European Economic Community, 1958-72** Doreen Collins,1975 **European Union Politics** Michelle Cini,Nieves Pérez-Solórzano Borragán,2022 As the most complete and most issues led textbook on the European Union this bestselling text fully equips you to understand the EU and the many topical issues and debates that surround it Alongside rigorous coverage of the theory institutions and policies of the EU it engages with contemporary debates and current crises The text s accessible writing style makes it the ideal starting point for anyone wishing to fully understand the workings of this complex and ever evolving system Along the way helpful features including key points questions and examples support your learning Book jacket [Social Policy in the European Union, Third Edition](#) Linda Hantrais,2017-09-16 Taking account of the debates about adapting the Union s institutional structures to accommodate different welfare arrangements and the need for more open forms of European governance the third edition of this well received book offers a compact clear and authoritative account of 50 years of social policy formation and implementation across the EU **Unequal Europe** Jason Beckfield,2019-02-26 Unequal Europe shows how European integration changes welfare states and income inequality in the European Union To identify who wins and who loses from European integration the book marshals original evidence from household income surveys case studies of welfare states and new measures of social policy and regional integration [The European Community's Social Policy](#) ,1978 [International Dictionary of Management](#) Hano Johannsen,G.Terry Page,1980-06-18 *Building Social Work Politics in Europe* Katrin Toens,Günter Rieger,2025-09-26 The profession of social work and its representative bodies are in numerous ways involved in European politics At the same time social work practice is affected by EU regulations coordination funding and jurisdiction in relevant policy fields This book provides a systematic and practice based reflection on the issues of how current political activities in the EU and beyond are social work driven affect social work and give reason for an even deeper involvement of organized social work in European politics Based on a structured dialogue among professors students of social work social workers social NGOs and policymakers this text tackles European policy issues from various perspectives Starting with theoretical reflections the authors discuss the political mandate of social work and how it applies to the EU polity sui generis as well as to the pan European institutional settings of the Council of Europe This is followed by analyses of different European social work policies homeless policy European Social Fund ESF basic income policy prostitution policy and their impact on social services and its clients The next part shifts the focus to actors and institutions The authors asked policy staff

of social NGOs human rights organizations churches and social service providers to give their perspectives on how they lobby current EU policy initiatives and regulations regarding social problems Finally authors discuss the state of the art in selected European countries and the question of how social work politics in Europe could be strengthened The volume concludes with concrete examples of participation and career opportunities in European social policy for students and graduates of social work Building Social Work Politics in Europe Research Approaches Practices and Perspectives is a useful and timely text for students of social work at all levels BA MA third cycle schools of social work universities of applied sciences with social work study programs practitioners and executive management of organized social work and social service provision internationally and in Europe in particular *The Social Policy of the European Communities* ,1977-12-16 APAIS 1992: Australian public affairs information service , **European Social Policy** Paul Pierson,1995 European Social Policy brings together a distinguished group of specialists who examine the development and current status of European social policies in areas such as social security industrial relations regional development gender equity agriculture and immigration The authors emphasize the distinctive dynamic that arises from a multitiered system in which individual member states share policymaking responsibilities with central authorities European social policy emerging in conjunction with the construction of the common market is the result of a pluralistic process in which member states social actors and European institutions such as the Commission and the European Court of Justice all vie for influence According to the authors the highly fragmented structure of European social policy typifies policymaking in the new European polity where policy develops without being under the firm control of any particular political group The book also provides a comparison of social policymaking in the EU with that in Canada and the United States two other multitiered or federal systems BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Supplement to Bulletin of the European Economic Community* ,1967 Bulletin of the European Economic Community European Economic Community,1960 **Social Policy in a United Europe** Eliane Vogel-Polsky,1991 **Public Affairs Information Service Bulletin** ,1920
