Bobby Siu

Teaching Public Policy Theory Research And Practice:

Teaching Public Policy Peter J. Bergerson, 1991-01-30 The curriculum of public policy education is currently undergoing an introspective examination as academics and practitioners develop programs to reflect the dramatic theoretical informational technological and managerial changes of the 1980s This book is a response to some of these creative and innovative instructional techniques The text covers policy theory research and a number of substantive topics including financial management budgeting ethics computers and experiential learning The essays are grouped in seven separate areas each emphasizing successful teaching strategies Organizational theory is the first area to be treated with discussions of public administration education and democratic values a reflection in action model and the role of ethics in public policy education Research skills are covered through surveys of quantitative analysis skills of MPA students and bridging the gap between methods courses and real research studies Surveys of information resource management and an active reactive model of policy evaluation comprise the section on program evaluation and management while financial core curriculum courses are considered in chapters on in class budget simulations and fiscal management in the public sector A computers and communications section focuses on computer literacy and the skills an MPA program should teach and two contributions analyze comparative public administration Finally a concluding section explores the contemporary issues of the use of practitioners in the classroom experiential learning and the political science perspective on public administration This volume will be a useful resource for courses in public administration public policy and political science as well as a welcome addition to public and academic libraries

Handbook of Teaching Public Policy Emily St.Denny, Philippe Zittoun, 2024-01-18 Pragmatic progressive and global in its approach this Handbook centres around the key question How can we teach public policy Presenting a wide variety of theoretical and methodological perspectives it expertly examines current approaches to teaching public policy and critically reflects on potential future developments in the field

Teaching Public Policy Peter J. Bergerson, 1991-01-30 The curriculum of public policy education is currently undergoing an introspective examination as academics and practitioners develop programs to reflect the dramatic theoretical informational technological and managerial changes of the 1980s This book is a response to some of these creative and innovative instructional techniques The text covers policy theory research and a number of substantive topics including financial management budgeting ethics computers and experiential learning The essays are grouped in seven separate areas each emphasizing successful teaching strategies Organizational theory is the first area to be treated with discussions of public administration education and democratic values a reflection in action model and the role of ethics in public policy education Research skills are covered through surveys of quantitative analysis skills of MPA students and bridging the gap between methods courses and real research studies Surveys of information resource management and an active reactive model of policy evaluation comprise the section on program evaluation and management while financial core curriculum courses are

considered in chapters on in class budget simulations and fiscal management in the public sector A computers and communications section focuses on computer literacy and the skills an MPA program should teach and two contributions analyze comparative public administration Finally a concluding section explores the contemporary issues of the use of practitioners in the classroom experiential learning and the political science perspective on public administration This volume will be a useful resource for courses in public administration public policy and political science as well as a welcome addition to public and academic libraries

Public Policy Evaluation Stuart S. Nagel, 2018-08-13 First published in 1998 this volume examines how super optimum decisions involve finding alternatives to controversies whereby Conservatives Liberals or other major groups can all come out ahead of their best initial expectations simultaneously This book is organised in terms of concepts methods causes process substance and the policy studies profession Concepts clarify that policy evaluation traditionally involves 1 Goals to be achieved 2 Alternatives available for achieving them 3 Relations between goals and alternatives 4 Drawing a conclusion as to the best alternative in light of the goals alternatives and relations and 5 Analysing how the conclusion would change if there were changes in the goals alternatives or relations Super optimizing also involves five related steps but with the following improvements 1 Goals are designed as conservative liberal or neutral 2 Alternatives get the same designations 3 Relations are simplified to indicate which alternatives are relatively high or low on each goal 4 The conclusion involves arriving at an alternative that does better on Goal A than Alternative A and simultaneously better on Goal B than Alternative B and 5 The fifth step involves analysing the super optimum or win win alternative in terms of its feasibility as to the economic technological psychological political administrative and legal matters

Developing Public Policy, Second Edition Bobby Siu, 2020-04-21 Now in its second edition this manual prepares students for careers in public policy development by exploring both the factors involved in recognizing and resolving public problems and the dynamics that affect the development process Siu presents six principles for developing good policy and outlines the various approaches used to determine issues conduct research formulate policy options and recommendations and derive intelligent decisions Developing Public Policy connects the abstract idea of policy with the practical reality of creating it providing the reader with the necessary knowledge tools and skills to navigate the complexities of policy development in Canada Thoroughly updated this second edition details newly developed policy topics and areas including a new chapter on post policy considerations and more than double the amount of exercises to practice policy writing and consultations Featuring questions for critical thought and real life case examples grounded in the author's experience as a civil servant Developing Public Policy is an essential guide for students of public policy public administration political science health policy and human rights and equity

Handbook of Public Policy Evaluation Stuart S. Nagel, 2002 This handbook deals with many aspects of public policy evaluation including methods examples professionalism studies perspectives concepts substance theory applications dispute resolution interdisciplinary interaction

Resources in Education, 2001 Routledge

Handbook of Public Policy in Africa Gedion Onyango, 2021-12-30 This Handbook provides an authoritative and foundational disciplinary overview of African Public Policy and a comprehensive examination of the practicalities of policy analysis policymaking processes implementation and administration in Africa today The book assembles a multidisciplinary team of distinguished and upcoming Africanist scholars practitioners researchers and policy experts working inside and outside Africa to analyse the historical and emerging policy issues in 21st century Africa While mostly attentive to comparative public policy in Africa this book attempts to address some of the following pertinent questions How can public policy be understood and taught in Africa How does policymaking occur in unstable political contexts or in states under pressure Has the democratisation of governing systems improved policy processes in Africa How have recent transformations such as technological proliferation in Africa impacted public policy processes What are the underlying challenges and potential policy paths for Africa going forward The contributions examine an interplay of prevailing institutional political structural challenges and opportunities for policy effectiveness to discern striking commonalities and trajectories across different African states This is a valuable resource for practitioners politicians researchers university students and academics interested in studying and understanding how African countries are governed

A History of Government Public Relations in the United States Mordecai Lee, 2025-07-09 This book presents a history of public relations in the modern American administrative state Because government agencies have a democratic obligation to be open and transparent the practice of public relations by government is qualitatively different from that in business administration and nonprofit management The duty of government agencies to engage in public relations largely emerged during the Progressive era 1890 1920 It evolved significantly under President Franklin Roosevelt He wanted citizens to know about New Deal programs they qualified for During World War II federal PR encouraged civic participation in the war effort By the 1990s the media's traditional coverage of government faded requiring agencies to communicate in new ways Government PR continued evolving in the 21st century to take advantage of advances in technology This book relates to political science American history public administration and communication PR It is intended as a textbook by researchers and for academic libraries

Richard M. Nixon Leon Friedman, William F. Levantrosser, 1991-09-30 This timely compilation of papers was originally presented at the 1987 Hofstra University Conference on the Nixon Presidency Bringing together noted Nixon scholars including Stephen Ambrose Tom Wicker and Hugh Sidey and politicians such as Eliot Richardson Maurice Stans H R Haldeman and Robert Finch the editors have included essays primarily on domestic policies A lively section on Nixon the man is followed by scholarly articles on all aspects of the domestic agenda Notable contributions include David Caputo's analysis of revenue sharing and Michael Balzano's study of the adrift Democrats who emerged as Nixon's silent majority and ultimately as the Reagan coalition A worthy addition for specialized collections Library Journal Thirteen years after Richard Nixon left office Hofstra University's sixth conference on the Modern American Presidency sets the stage for an exchange of views on

Richard M Nixon's presidency, his politics, and his administrative abilities. Leon Friedman and William F. Levantrosser bring together the papers and discussions presented at this conference by scholars, journalists, and Nixon administration officials in this first of a trilogy of volumes issuing from the conference. With the perspective of time, the commentary of leading administration figures such as H. R. Haldeman, Elliot Richardson, Maurice Stans, and Charles Colson takes on a special quality. Papers and discussions explore three major aspects of Richard Nixon: his capacity for greatness, his shortcomings, and his impact on today's youth; the scope and depth of his domestic policy; and his political acumen. Richard M. Nixon: Politician, President, Administrator records the interactions of scholars, journalists, and Nixon administration officials as they search for a better understanding of the Nixon phenomenon. Part I explores the man, his persona, and his presidency. A special panel presents the reaction of today's youth to this segment of American history. Part II concentrates primarily on domestic policy. It uncovers the scope and depth of Nixon initiatives in revenue sharing, social welfare, civil rights, environment, and the economy. In Part III, papers and discussions on the silent majority, election campaigning, and the reorganization of the executive branch disclose Richard Nixon's role in changing the face of American politics.

The Enthralling Realm of Kindle Books: A Thorough Guide Unveiling the Advantages of E-book Books: A World of Convenience and Flexibility Kindle books, with their inherent portability and ease of access, have freed readers from the limitations of physical books. Gone are the days of lugging bulky novels or carefully searching for particular titles in shops. E-book devices, stylish and lightweight, effortlessly store an wide library of books, allowing readers to indulge in their favorite reads anytime, everywhere. Whether commuting on a busy train, relaxing on a sun-kissed beach, or simply cozying up in bed, Kindle books provide an exceptional level of convenience. A Literary World Unfolded: Exploring the Wide Array of Kindle Teaching Public Policy Theory Research And Practice Teaching Public Policy Theory Research And Practice The Kindle Shop, a digital treasure trove of bookish gems, boasts an wide collection of books spanning varied genres, catering to every readers taste and choice. From gripping fiction and mind-stimulating non-fiction to classic classics and modern bestsellers, the Kindle Shop offers an exceptional abundance of titles to discover. Whether looking for escape through immersive tales of imagination and exploration, delving into the depths of historical narratives, or broadening ones knowledge with insightful works of science and philosophy, the Kindle Store provides a gateway to a bookish universe brimming with limitless possibilities.
