Teaching Students To Be Peacemakers:

Teaching Students to be Peacemakers David W. Johnson, Roger T. Johnson, 1991 Discusses how students may be taught the procedures and skills they need to resolve conflicts constructively Teaching Students to be Peacemakers Callie Elizabeth Walker, 2007 Teaching Students to be Peacemakers David W. Johnson, Roger T. Johnson, 1995 Discusses how students may be taught the procedures and skills they need to resolve conflicts constructively *Peacemakers in Training* Corlette Sande, 2002-01-01 Twelve week curriculum to teach peacemaking skills in the classroom Includes 12 reproducible student activity books and teacher's manual Conflict Resolution Education Donna K. Crawford, Richard J. Bodine, 1996 Developed for educators juvenile justice practitioners and others in youth serving organizations to heighten awareness of conflict resolution education and its potential to help settle disputes peacefully in a variety of settings The guide provides background information on conflict resolution education an overview of four widely used promising and effective approaches and guidance on how to initiate and implement conflict resolution education programs in various settings Includes curriculum resources reading list glossary and assessment forms Charts and tables **Handbook on Peace Education** Gavriel Salomon, Ed Cairns, 2011-02-25 This handbook encompasses a range of disciplines that underlie the field of peace education and provides the rationales for the ways it is actually carried out The discipline is a composite of contributions from a variety of disciplines ranging from social psychology to philosophy and from communication to political science That is peace education is an applied subject which is practiced in differing ways but must always be firmly based on a range of established empirical disciplines The volume is structured around contributions from expert scholars in various fields that underpin peace education plus contributions from experts in applying peace education in a range of settings all complemented by chapters which deal with issues related to research and evaluation of peace education *Handbook of Classroom Management* Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the

very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management

Restorative Approaches to Conflict in Schools Edward Sellman, Hilary Cremin, Gillean McCluskey, 2013-09-05 Drawing on recent international developments in criminal justice *Restorative Approaches to Conflict in Schools* highlights the long term ineffectiveness of punitive models of discipline in education contexts and examines an alternative approach underpinned by the principles of restorative justice This approach provides an opportunity for adults and young people to engage with a range of processes such as group conferencing and peer mediation whereby conflict and harm are confronted and repaired a future rather than past orientation is developed relationships are built upon the values and attitudes of respect inclusion and equality pupils learn inter personal and problem solving skills as well as social responsibility staff develop skills and confidence in working restoratively the risk of future repeat problems is minimised and a positive school ethos is developed These approaches have proven to be highly effective in criminal justice systems around the world and are beginning to be applied more widely in educational contexts This edited volume draws together for the first time contributions from an interdisciplinary field of international experts and practitioners on the subject and offers both critique and guidance in order that the implementation of restorative approaches in schools may be undertaken thoughtfully and sustainably This exciting new text will be a key reference book for locating contemporary international and inter disciplinary debate in the field

Professional School Counseling Rosemary Thompson, Dr. Rosemary Thompson, 2012-04-27 Today s children and adolescents are constantly facing new and unique challenges and school counselors must respond to this by expanding their role and function within the schools This revised and expanded edition of Thompson s important text explores these issues as well as the necessary steps school counselors need to take in order to adapt and effectively deal with them Thompson advocates for the need for standards based school counseling outlining the framework and benefits of the ASCA National Model and comprehensive guidance and counseling programs She addresses the newest research in implementing evidence based practices the mental health issues that may be faced by children and adolescents consulting with teachers parents administrators and the community and crisis intervention and management New to this edition are chapters that focus on minority and disenfranchised students and emphasize the need for school counselors to be able to advocate coordinate and collaborate on services for these students and their families This is an essential resource for every school counselor in a time when the
