**The Aces Talk** Sims, Edward H. Sims, 1974-01-12      **The German Aces Speak** Colin D. Heaton, Anne-Marie Lewis, Brig. Gen. Robin Olds, USAF (Ret.), Oberleutnant Kurt Schulze, 2011-11-15

For the first time four German WWII pilots share their side of the story. Few perspectives epitomize the sheer drama and sacrifice of combat more perfectly than those of the fighter pilots of World War II. As romanticized as any soldier in history, the WWII fighter pilot was viewed as larger than life, a dashing soul waging war amongst the clouds. In the sixty-five plus years since the Allied victory, stories of these pilots' heroics have never been in short supply. But what about their adversaries, the highly skilled German aviators who pushed the Allies to the very brink of defeat? Of all of the Luftwaffe's fighter aces, the stories of Walter Krupinski, Adolf Galland, Eduard Neumann, and Wolfgang Falck shine particularly bright. In *The German Aces Speak*, for the first time in any book, these four prominent and influential Luftwaffe fighter pilots reminisce candidly about their service in World War II. Personally interviewed by author and military historian Colin Heaton, they bring the past to life as they tell their stories about the war, their battles, their lives, and perhaps most importantly, how they felt about serving under the Nazi leadership of Hermann Göring and Adolf Hitler. From thrilling air battles to conflicts on the ground with their own commanders, the aces' memories disclose a side of World War II that has gone largely unseen by the American public: the experience of the German pilot.

*Talking* David Antin, 2001

If someone came up and started talking a poem at you, how would you know it was a poem? So begins David Antin's *Talking*, a collection of writings that defy classification. Combining a passion for storytelling and improvisation with a unique sensitivity to the relationship between verbal and written language, Antin creates a work that is hilarious and intelligent, making use of techniques of poetry, fiction, theater, autobiography, and cultural criticism. Originally published in 1972, the four pieces collected here center on political, social, and artistic concerns that were both timely and ahead of their time. In them, we see Antin's real poetic achievement: the creation of new artistic forms.
