The Church, Community of Salvation George Henry Tavard, 1992 This book attempts to outline a theology of the Church for the twenty first century Starting from a principle that was enunciated in Paul VI's first encyclical *Ecclesiam suam* it finds its focus in the awareness of being the Church that is implied in the profession of the Christian faith It takes full account of the contemporary manner of reading Scripture and it sees the tradition as an unfinished forward movement The ecumenical dialogues and the encounter with religions that were the fruits of Vatican Council II contribute to the discussion The future of the Church is anticipated in light of scientific findings regarding the shape and history of the universe This ecclesiology is profoundly Catholic experiential and Trinitarian

The Advent of the End-Time Church David J. Wiseman, 2004-06-02 Since the beginning of the Christian Church two parallel churches have existed There is the church organization so often controlled by man rather than by God and there is the true spiritual church the remnant that walks in obedience with God regardless of the name over the door The Advent of The End Time Church investigates the end time church and its origins There is a decaying organizational church but within it is a glorious church without spot or wrinkle that our Lord is coming back to claim It examines the strengths weaknesses and practices of the church universal It is a call for the body of Christ to

band together with these strengths in these last days for there is one Lord and one church The Christian must be vigilant against being seduced and fooled It is a warning to Gods people how they can be lulled to sleep by stagnant tradition and doctrines which they believe are time proven but many of which can be traced to seeds of Gentile paganism Being grounded in contemporary events it is a warning to wake up not only to what is happening in society but also within the church *End Time Rewind: An Exploration In Bible Prophecy And The Fate Of The World* Steven Sabatino, Remember when End Time Rewind warned you not to fall for the Doomsday Rapture theories of Dispensational Premillennialism and their Zionist partners Well now that we ve survived John Hagee s Four Blood Moons Jonathan Cahn s Super Shemitah and the menacing tentacles of the now defunct European Union and Islamic State the supposed Beast Kingdoms of Revelation 17 the Futurist s next false claim centers around the 70 year anniversary of Israel s founding Is the Jewish State really the prophetic clock by which God aligns world events and the return of Christ Many Doomsday Rapture forecasts have been put forth in the name of Futurism since the 2nd century AD none of which have come to fruition This is disconcerting because failed predictions and false expectations promoted by our Christian counterparts diminishes the credibility of the Bible and scars the reputation and integrity of the Prophetic Office of Jesus Christ The age old tried and true Orthodox aka Partial or Classical Preterist approach maintains that the majority of Bible prophecies were already fulfilled by the end of the first century AD and included Jesus appearing in an Old Testament styled non physical manifestation with power and great glory All that remains to be accomplished in the future is for Jesus Christ to physically return to raise the dead which is when the rapture also occurs preside over the final judgment and create a new heaven and earth devoid of sin and death where the new and holy Jerusalem from heaven descends as per Revelation 20 7 Revelation 22 5 [Introduction to the Bible](#) ,1971-01-01 This profusely illustrated book is doubly valuable It introduces the reader to both the content of the Bible and to the life faith and history of ancient Israel early Judasim and early Christianity [Publication](#) ,1991 [Cumulative List of Organizations Described in Section 170 \(c\) of the Internal Revenue Code of 1954](#) United States. Christian Peoples of the Spirit Stanley M. Burgess,2011-07-25 Among all groups in Christendom the Pentecostal Charismatic movement is second in size only to the Roman Catholic Church with growth that shows no signs of abatement Its adherents declare the Pentecostal Movement which began at Azusa Street in 1906 to be unprecedented in Christian history since the first century of the Church in its embrace of manifestations of the Holy Spirit such as divine healing miracles and speaking in tongues Yet although it may be unprecedented in size and rate of growth Stanley M Burgess argues that is hardly unprecedented in concept In *Christian Peoples of the Spirit* Burgess collects documentary evidence for two thousand years of individuals and groups who have evidenced Pentecostal charismatic like spiritual giftings worship and experience The documents in this collection bolstered by concise editorial introductions offer the original writings of a wide variety of peoples of the spirit from Tertullian and Antony of the Desert to the Shakers and Sunder Singh as well as of their enemies or

detractors Though virtually all of the parties in this volume considered themselves Spirit gifted or given special qualities by God they are in many ways as different from one another as the cultures from which they have emerged In providing such an impressive array of voices Burgess convincingly demonstrates that there have indeed been Spirit filled worship and charismatic saints in all periods of church history *Exegetical Dictionary of the New Testament, Vol. 1* horst Balz, Gerhard M. Schneider, 2004-01-14 The English translation of the three volume Exegetisches Wrterbuch zum Neuen Testament this monumental work by an ecumenical group of scholars is first of all a complete English dictionary of New Testament Greek Going beyond that however EDNT also serves as a guide to the usage of every New Testament word in its various contexts and it makes a significant contribution to New Testament exegesis and theology EDNT s thorough lengthy discussions of more significant words and its grouping of words related by root and meaning with alphabetical cross references distinguish it from simpler Greek English lexicons Advancing the discussion of the Theological Dictionary of the Old Testament EDNT summarizes more recent treatments of numerous questions in New Testament study and takes into consideration newer viewpoints of linguistics *Dispensational Truth, Or God's Plan and Purpose in the Ages* Clarence Larkin, 2010-07-01 The Reverend Clarence Larkin was one of the most widely influential pop theologians of the early twentieth century his works are the source of many of the prophecies and truths end times Christians hold to even today This stupendous 1918 book perhaps his greatest work is the result of more than 30 years worth of the author informs us careful and patient study of the Prophetic Scriptures Fully illustrated by charts describing God s plan for humanity Dispensational Truth covers Pre Millennialism the Second Coming of Christ the present evil world the Satanic trinity the world s seven great crises prophetic chronology the threefold nature of man the Book of Revelation five fingers pointing to Christ the False Prophet and much more American Baptist pastor and author CLARENCE LARKIN 1850 1924 was born in Pennsylvania and later set up his ministry there He wrote extensively and popularly on a wide range of Biblical and theological matters **Canadian Books in Print** ,2000 **The Dispensational-Covenantal Rift** R. Todd Mangum, 2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant

misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today

Coming to Christ Owen F. Cummings, 1998 Coming to Christ provides a retrieval of the traditional Christian doctrine of eternal life through scripture and the history of theological reflection while presenting the liturgy as primary theology since it addresses God directly It traces back to Neanderthal man the reality of human hope that looks beyond death and demands final expression in eternal communion with God This book examines Christian eschatology which developed not only through the universal experience of mankind but through the Scriptures and in the reception of the scriptures in the tradition of reflection of the church The author discusses selectively representative Christian thinkers in the Patristic Medieval and Reformation periods exposing the similarities between them He then moves into the radically changed thinking of modern times beginning with Kant and the liberal nineteenth century Protestant theology as well as an examination of Protestant Catholic Anglican and Orthodox theologians to give a sense of range and scope of twentieth century eschatology Also addressed are the contemporary issues of reincarnation from a Christian perspective along with feminist and ecological
