The Adventures of Una Persson and Catherine Cornelius in the Twentieth Century Michael Moorcock, 1976     *The Cornelius Chronicles* Michael Moorcock, 1987     **British Terrorist Novels of the 1970s** Joseph Darlington, 2018-04-19

This book discusses British novels published during the 1970s which feature terrorists either as main characters or a major plot points. The focus on terrorism's literary depiction provides insight into the politics of the decade. The book analyses texts from Gerald Seymour, Anthony Burgess, V S Naipaul, Graham Greene, Doris Lessing, B S Johnson, Tom Sharpe and Eric Ambler among others in order to engage with the IRA, the end of Empire, counterculture and environmentalism. The book provides a brief history of terrorism as a concept and tactic before discussing British literature's relationship with terrorism. It presents a standard terrorist morphology by which to analyse terrorist narratives along with other insights into the British post war imagination, writing and extremism.

**The Encyclopedia of Fantasy** John Clute, John Grant, 1999-03-15. Like its companion volume *The Encyclopedia of Science Fiction*, this massive reference of 4 000 entries covers all aspects of fantasy from literature to art.

**Gloriana** Michael Moorcock, 2017-09-05. A fable satirizing Spenser's *The Fairie Queen* and reflecting the real life of Elizabeth I, it tells of a woman who ascends to the throne upon the death of her debauched and corrupted father King Hern. Gloriana's reign brings the Empire of Albion into a Golden Age but her oppressive responsibilities choke her, prohibiting any form of sexual satisfaction no matter what fetish she tries. Her problem is in fact symbolic of the hypocrisy of her entire court. While her life is meant to mirror that of her nation, an image of purity, virtue, enlightenment and prosperity, the truth is that her peaceful empire is kept secure by her wicked chancellor Monfallcon and his corrupt network of spies and murderers, the most sinister of whom is Captain Quire who is commissioned to seduce Gloriana and thus bring down Albion and the entire empire. *Mother London* Michael Moorcock, 2025-05-20. Shortlisted for the Whitbread Award, award winning author of the Elric series, Michael Moorcock offers a captivating and immersive portrait of London from World War II through the 1980s through the eyes of three outpatients from a mental hospital. In this masterful exploration of the human condition, three outpatients from a mental hospital, a music hall artist, a reclusive writer and a woman just awoken from a long coma, experience the history of London from the Blitz to the late 1980s through a chaotic experience of sensory delusions. Believing themselves to hear voices from London's past, their fragmented and poignant stories create a tapestry of episodes, snippets and sidelines that capture the essence of those living on society's fringes. What *The Guardian* calls a great humane document, *Mother London* is a literary work that transcends time and place and is a must read for literary and historical fiction fans alike.
