The Age of Pope (1700-1744). John Dennis,1899 **The Age of Pope** John Dennis,2020-07-30 Reproduction of the original The Age of Pope by John Dennis The Age of Pope John Dennis,2015-07-13 Excerpt from The Age of Pope 1700 1744 The Age of Pope is designed to form one of a series of Handbooks edited by Professor Hales which it is hoped will be of service to students who love literature for its own sake instead of regarding it merely as a branch of knowledge required by examiners The period covered by this volume which has had the great advantage of Professor Hales s personal care and revision may be described roughly as lying between 1700 the year in which Dryden died and 1744 the date the date of Pope s death I believe that no work of the class will be of real value which gives what may be called literary statistics and has nothing more to offer Historical facts and figures have their uses and are indeed indispensable but it is possible to gain the most accurate knowledge of a literary period and to be totally unimpressed by the influences which a love of literature inspires The first object of a guide is to give accurate information his second and larger object is to direct the reader s steps through a country exhaustless in variety and interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The AGE OF POPE (1700-1744) BY JOHN DENNIS.** JOHN. DENNIS,1928 **The Age Of Pope** John Dennis,2019-11-20 The Age Of Pope 1700 1744 Edited By Professor Hales This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature In an attempt to preserve improve and recreate the original content we have worked towards 1

Type setting Reformatting The complete work has been re designed via professional layout formatting and type setting tools to re create the same edition with rich typography graphics high quality images and table elements giving our readers the feel of holding a fresh and newly reprinted and or revised edition as opposed to other scanned printed Optical Character Recognition OCR reproductions

The Age of Pope 1700 1744 by John Dennis The death of John Dryden on the first of May 1700 closed a period of no small significance in the history of English literature His faults were many both as a man and as a poet but he belongs to the race of the giants and the impress of greatness is stamped upon his works No student of Dryden can fail to mark the force and sweep of an intellect impatient of restraint His long resounding march reminds us of a turbulent river that overflows its banks and if order and perfection of art are sometimes wanting in his verse there is never the lack of power Unfortunately many of the best years of his life were devoted to a craft in which he was working against the grain His dramas with one or two noble exceptions are comparative failures and in them he too often We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience *Handbooks of English Literature* John Dennis,1908 **The Age of Pope 1700 -1744/ John Dennis** John Dennis,1901 The age of Shakespeare, 1579-1631, by T.
