The Age Of The Moguls By Holbrook Stewart Hall:

The Age of the Moguls Stewart Holbrook, 2017-07-12 Vanderbilt Carnegie Rockefeller Ford Drew Fisk Harriman Du Pont Morgan Mellon Insull Gould Frick Schwab Swift Guggenheim Hearst these are only a few of the foundation giants that have changed the face of America They gave living reality to that great golden legend The American Dream Most were self made in the Horatio Alger tradition Those whose beginnings were blessed with wealth parlayed their inheritances many times through the same methods as their rags to riches compatriots shrewdness ruthlessness determination or a combination of all three The Age of the Moguls is not overly concerned with the comparative business ethics of these men of money The best of them made deals purchased immunity and did other things which in 1860 1880 or even 1900 were considered no more than smart by their fellow Americans but which today would give pause to the most conscientiously dishonest promoter Holbrook does not pass judgments on matters that have baffled moralists economists and historians He is less concerned with how these men achieved their fortune as much as how they disbursed the funds Stewart Holbrook has written a brilliant and wholly captivating study of the days when America's great fortunes were built when futures were unlimited when tycoons trampled across the land Few writers today could range backwards and forwards in American history through the last century and a half and could take their readers to a dozen different sections of the country or combine the lives of over fifty famous men in such a way as to produce a continuous and exciting narrative of sponsored growth Leslie Lenkowsky's new introduction adds dimension to this classic study

Lost Department Stores of San Francisco Anne Evers Hitz, 2020-03-02 In the late nineteenth century San Francisco's merchant princes built grand stores for a booming city each with its own niche For the eager clientele a trip downtown meant dressing up hats gloves and stockings required and going to Blum's for Coffee Crunch cake or Townsend's for creamed spinach The I Magnin empire catered to a selective upper class clientele while middle class shoppers loved the Emporium department store with its Bargain Basement and Santa for the kids Gump's defined good taste the City of Paris satisfied desires for anything French and edgy youth oriented Joseph Magnin ensnared the younger shoppers with the latest trends Join author Anne Evers Hitz as she looks back at the colorful personalities that created six major stores and defined shopping in San Francisco

Modern Capitalist Culture, Abridged Edition Leslie A White, 2016-06-16 This lost classic by Leslie A White represents twenty five years of his scholarship on the anthropology of modern capitalism Drawing out his now classic formulations of social organization cultural evolution and the relationship between technology ecology and culture this major theoretical work traces a vast expanse of history from the earliest forms of capitalism to the detailed inner workings of contemporary democratic institutions The abridged version of Modern Capitalist Culture delivers all of White's major arguments in a clear and concise manner A substantial foreword by Burton J Brown Benjamin Urish and

Robert Carneiro both situates this posthumous work within the history of anthropological theory and shows its importance to contemporary debates within the discipline *The National Union Catalog*, 1961 *King of Heists* J. North Conway, 2010-09 Examines how criminal mastermind George Leonidas Leslie planned and executed a bank robbery at the Manhattan Savings Institution in 1878 and stole nearly three million dollars in cash and securities Author-title Catalog University of California, Berkeley. Library, 1963 **Queen of Thieves** J. North Conway, 2014-09-02 Queen of Thieves is the gritty fast paced story of Fredericka Marm Mandelbaum a poor Jewish woman who rose to the top of her profession in organized crime during the Gilded Age in New York City During her more than twenty five year reign as the country's top receiver of stolen goods she accumulated great wealth and power inconceivable for women engaged in business legitimate or otherwise The New York Times called Mandelbaum the nucleus and center of the whole organization of crime in New York City Having emigrated from Germany in 1850 she began her climb to the top of the crime world as a peddler on the rough and tumble crowded streets of the city By 1880 she had amassed a fortune estimated at more than 1 million Mandelbaum was known for running an orderly criminal enterprise She enlisted the services of an extensive network of criminals of every ilk and bribed police officials politicians and judges If someone wanted to move stolen goods needed protection from the law or sought money to finance a caper Marm was the person to see In 1884 Mandelbaum escaped from the clutches of Pinkerton detectives who were casing her house and fled to Canada Mandelbaum lived out the rest of her life in luxury on a small farm with her family and ill got fortune Hundreds of people turned out for her funeral Dozens of people later reported to police that they had their pockets picked at the service **Modern Capitalist Culture** Leslie A White, 2016-06-16 This lost classic by famous anthropological theorist Leslie A White published now for the first time represents twenty five years of his scholarship on the anthropology of modern capitalism Drawing out his now classic formulations of social organization cultural evolution and the relationship between technology ecology and culture this major theoretical work traces a vast expanse of history from the earliest forms of capitalism to the detailed inner workings of contemporary democratic institutions A substantial foreword by Burton J Brown Benjamin Urish and Robert Carneiro both situates this posthumous work within the history of anthropological theory and shows its importance to contemporary debates within the discipline **The National Union Catalogs, 1963-**, 1964 Liberty Means Freedom for All Steven H. Propp, 2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves

energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism. His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates, survivalists and militia members, anarchists, communists and Democratic Socialists as well as the Occupy Wall Street movement. He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition. But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved.
