The American Axis Henry Ford Charles Lindbergh And The Rise Of The Third Reich:

The American Axis Max Wallace, 2004-12-13 Examines how Charles Lindbergh's support for Nazi militarism and U S isolationism and Henry Ford's business dealings with Germany tarnished their idealized images Drawing on original sources Wallace brings out some pertinent connections between the two men's anti-Semitism and their ties with the rising Nazi regime Their influence culminated in an abuse of power that helped strengthen Hitler's regime and undermined the Allied war effort

The American Essay in the American Century Ned Stuckey-French, 2011-05-31 In modern culture the essay is often considered an old fashioned unoriginal form of literary styling The word essay brings to mind the uninspired five paragraph theme taught in schools around the country or the antiquated Edwardian meanderings of English gentlemen rattling on about art and old books These connotations exist despite the fact that Americans have been reading and enjoying personal essays in popular magazines for decades engaging with a multitude of ideas through this short form means of expression To defend the essay that misunderstood staple of first year composition courses Ned Stuckey French has written *The American Essay in the American Century* This book uncovers the buried history of the American personal essay and reveals how it played a significant role in twentieth century cultural history In the early 1900s writers and critics debated the death of the essay claiming it was too traditional to survive the era's growing commercialism labeling it a bastion of British upper class conventions Yet in that period the essay blossomed into a cultural force as a new group of writers composed essays that responded to the concerns of America's expanding cosmopolitan readership These essays would spark the magazine revolution giving a fresh voice to the ascendant middle class of the young century With extensive research and a cultural context Stuckey French describes the many reasons essays grew in appeal and importance for Americans He also explores the rise of E B White considered by many the greatest American essayist of the first half of the twentieth century whose prowess was overshadowed by his success in other fields of writing White's work introduced a new voice creating an American essay that melded seriousness and political resolve with humor and self deprecation This book is one of the first to consider and reflect on the contributions of E B White to the personal essay tradition and American culture more generally *The American Essay in the American Century* is a compelling highly readable book that illuminates the history of a secretly beloved literary genre A work that will appeal to fiction readers scholars and students alike this book offers fundamental insight into modern American literary history and the intersections of literature culture and class through the personal essay This thoroughly researched volume dismisses once and for all the death of the essay proving that the essay will remain relevant for a very long time to come

Ford, General Motors, and the Nazis Scott Nehmer, 2013-09-04 The threat of concentration camps untimely strikes and propaganda influenced Ford and GM's war efforts in the U S and Europe Dealing with both the brutal Nazi regime and Communist attempts to influence American opinion leaders at Ford and GM attempt to balance loyalty to their corporations and homeland

The Untold History of the United States Oliver Stone, Peter

Kuznick,2012-10-30 Indispensable There is much here to reflect upon President Mikhail Gorbachev As riveting eye opening and thought provoking as any history book you will ever read Can t recommend it highly enough Glenn Greenwald The Guardian Finally a book with the guts to challenge the accepted narrative of recent American history Bill Maher The New York Times bestselling companion to the Showtime documentary series now streaming on Netflix updated to cover the past five years A PEOPLE S HISTORY OF THE AMERICAN EMPIRE In this riveting companion to their astonishing documentary series including a new chapter and new photos covering Obama s second term Trump s first year and a half climate change nuclear winter Korea Russia Iran China Lybia ISIS Syria and more Academy Award winning director Oliver Stone and renowned historian Peter Kuznick challenge prevailing orthodoxies to reveal the dark truth about the rise and fall of American imperialism The Nazi Hydra in America Glen Yeadon,2008 This book exposes how US plutocrats launched

Hitler then recouped Nazi assets to lay the post war foundations of a modern police state Fascists won WWII because they ran both sides Lays bare the tenacious roots of US fascism from robber baron days to Reichstag fire to the WTC atrocity and Homeland Security with a blow by blow account of the fascist take over of America s media **Exposing the Third Reich**

Henry G. Gole,2013-08-20 A fascinating book about a virtually unknown officer who played a major role in the development of US military planning before and during World War II Bowling Green Daily News A vital source of American intelligence on Hitler s rise to power and military ambitions Colonel Truman Smith was one of the most compelling and controversial figures of the Second World War In Exposing the Third Reich Henry G Gole tells this soldier s story for the first time An American aristocrat from a prominent New England family Smith became an expert on Germany when he was first assigned there during the Allied occupation of 1919 As a military attach in 1935 he arranged for his good friend Charles Lindbergh to inspect the Luftwaffe The Germans were starstruck by the famous aviator enabling Smith to gather key intelligence about their air capability His deep access and knowledge made him invaluable to General George C Marshall however the colonel s friendliness with Germany also aroused suspicion that he was a Nazi sympathizer Gole demonstrates that far from condoning Hitler Smith was among the first to raise the alarm he predicted many of the Nazis moves years in advance and feared that the international community would not act quickly enough Featuring many firsthand observations of the critical changes in Germany between the world wars this biography presents an indispensable look both at a fascinating figure and at the nuances of the interwar years **American Journey: On the Road with Henry Ford, Thomas Edison, and John**

Burroughs Wes Davis,2023-06-06 Jaunty Davis excels in making his characters come alive on the page Christoph Irmscher Wall Street Journal The epic road trips and surprising friendship of John Burroughs nineteenth century naturalist and Henry Ford and Thomas Edison inventors of the modern age In 1913 an unlikely friendship blossomed between Henry Ford and famed naturalist John Burroughs When their mutual interest in Ralph Waldo Emerson led them to set out in one of Ford s Model Ts to explore the Transcendentalist s New England the trip would prove to be the first of many excursions that would

take Ford and Burroughs together with an enthusiastic Thomas Edison across America Their road trips increasingly ambitious in scope transported members of the group to the 1915 Panama Pacific International Exposition in San Francisco the Adirondacks of New York and the Green Mountains of Vermont finally paving the way for a grand 1918 expedition through southern Appalachia In many ways their timing could not have been worse With war raging in Europe and an influenza pandemic that had already claimed thousands of lives abroad beginning to plague the United States it was an inopportune moment for travel Nevertheless each of the men who embarked on the 1918 journey would subsequently point to it as the most memorable vacation of their lives These travels profoundly influenced the way Ford Edison and Burroughs viewed the world nudging their work in new directions through a transformative decade in American history In American Journey Wes Davis re creates these landmark adventures through which one of the great naturalists of the nineteenth century helped the men who invented the modern age reconnect with the natural world and reimagine the world they were creating

Breaking the Banks in Motor City Darwyn H. Lumley, 2009-09-12 This history tells the relatively unknown story of how the Detroit automobile industry played a major role in the 1933 banking crisis and the subsequent New Deal reforms that drastically changed the financial industry Spurred by failed decision making and conflicts of interest by automobile industry leaders Detroit banks experienced a critical emergency precipitating the federal closure of banks on March 4 1933 the first in a series of actions by which the federal government acquired power over economics previously held by states and private industrial and financial interests

Waking to Danger Robert A. Rosenbaum, 2010-07-20 This intriguing study is the first comprehensive survey of American public opinion about Nazi Germany in the prewar years The 1930s were years when Americans struggled to define their country's role in a dangerous world Opinions were deeply divided and passionately held Waking to Danger Americans and Nazi Germany 1933 1941 traces the evolution of American public opinion about Germany as it spiraled from ignorance and isolationism to a sense of danger and interventionism This brief but broad survey fills a gap in the historical literature by bringing together for the first time the reactions toward Nazi Germany of a variety of groups peace advocates Jews fascists communists churches the business community and the military that have hitherto only been treated separately in monographic literature The result is a picture of evolving national public opinion that will be a walk down memory lane for the members of The Greatest Generation while offering those who did not live through these turbulent years a fresh understanding of the era

Internal Combustion Edwin Black, 2007-12-10 Internal Combustion is the compelling tale of corruption and manipulation that subjected the United States and the world to an oil addiction that could have been avoided that was never necessary and that could be ended not in ten years not in five years but today Edwin Black award winning author of *IBM and the Holocaust* has mined scores of corporate and governmental archives to assemble thousands of previously uncovered and long forgotten documents and studies into this dramatic story Black traces a continuum of rapacious energy cartels and special interests dating back nearly 5 000 years from wood to coal to oil and then

to the bicycle and electric battery carts of the 1890s which created thousands of electric vehicles that plied American streets a century ago But those noiseless and clean cars were scuttled by petroleum interests despite the little known efforts of Thomas Edison and Henry Ford to mass produce electric cars powered by personal backyard energy stations Black also documents how General Motors criminally conspired to undermine mass transit in dozens of cities and how Big Oil Big Corn and Big Coal have subverted synthetic fuels and other alternatives He then brings the story full circle to the present day oil crises global warming and beyond Black showcases overlooked compressed gas electric and hydrogen cars on the market today as well as inexpensive all function home energy units that could eliminate much oil usage His eye opening calls for a Manhattan Project and a new Green Fleet Initiative for immediate energy independence will help energize society to finally take action Internal Combustion and its interactive Web site www.internalcombustionbook.com have already generated a much needed national debate It should be read by every citizen who consumes oil everyone Internal Combustion can change everything not by reinventing the wheel but by excavating it from where it was buried a century ago [Hitler in Los Angeles](#) Steven J. Ross, 2017-10-24 A 2018 FINALIST FOR THE PULITZER PRIZE Hitler in Los Angeles is part thriller and all chiller about how close the California Reich came to succeeding Los Angeles Times No American city was more important to the Nazis than Los Angeles home to Hollywood the greatest propaganda machine in the world The Nazis plotted to kill the city's Jews and to sabotage the nation's military installations Plans existed for murdering twenty four prominent Hollywood figures such as Al Jolson Charlie Chaplin and Louis B Mayer for driving through Boyle Heights and machine gunning as many Jews as possible and for blowing up defense installations and seizing munitions from National Guard armories along the Pacific Coast U S law enforcement agencies were not paying close attention preferring to monitor Reds rather than Nazis and only attorney Leon Lewis and his daring ring of spies stood in the way From 1933 until the end of World War II Lewis the man Nazis would come to call the most dangerous Jew in Los Angeles ran a spy operation comprised of military veterans and their wives who infiltrated every Nazi and fascist group in Los Angeles Often rising to leadership positions they uncovered and foiled the Nazi's disturbing plans for death and destruction Featuring a large cast of Nazis undercover agents and colorful supporting players the Los Angeles Times bestselling Hitler in Los Angeles by acclaimed historian Steven J Ross tells the story of Lewis's daring spy network in a time when hate groups had moved from the margins to the mainstream **The Third Reich on Screen, 1929-2015** Bob Herzberg, 2016-11-19 For more than 80 years images of the Third Reich have appeared in newsreels documentaries and fictional stories from comedies and musicals to war horror and science fiction films Many of these representations say as much about the filmmakers as they do about Nazism itself Hollywood often used the brutal Nazi as an all purpose villain in escapist adventures set during and after the war but just as often used him to attack the evil he symbolized Drawing on studio files correspondence of the Production Code office and the writings of noted historians and critics this book describes the making of many such films produced in Hollywood Nazi Germany the Soviet

On November 25 1944 prisoners at Auschwitz heard a deafening explosion Emerging from their barracks they witnessed the crematoria and gas chambers part of the largest killing machine in human history come crashing down Most assumed they had fallen victim to inmate sabotage and thousands silently cheered However the Final Solution s most efficient murder apparatus had not been felled by Jews but rather by the ruthless architect of mass genocide Reichsf hrer SS Heinrich Himmler It was an edict that has puzzled historians for more than six decades Holocaust historian and New York Times bestselling author Max Wallace a veteran interviewer for Steven Spielberg s Shoah Foundation draws on an explosive cache of recently declassified documents and an account from the only living eyewitness to unravel the mystery He uncovers an astounding story involving the secret negotiations of an unlikely trio a former fascist President of Switzerland a courageous Orthodox Jewish woman and Himmler s Finnish osteopath to end the Holocaust aided by clandestine Swedish and American intelligence efforts He documents their efforts to deceive Himmler who as Germany s defeat loomed sought to enter an alliance with the West against the Soviet Union By exploiting that fantasy and persuading Himmler to betray Hitler s orders the group helped to prevent the liquidation of tens of thousands of Jews during the last months of the Second World War and thwarted Hitler s plan to take every last Jew down with the Reich Deeply researched and dramatically recounted In the Name of Humanity is a remarkable tale of bravery and audacious tactics that will help rewrite the history of the Holocaust

Alliance of Enemies Agostino von Hassell, Sigrid MacRae, 2013-12-10 Alliance of Enemies tells the thrilling history of the secret World War II relationship between Nazi Germany s espionage service the Abwehr and the American OSS predecessor of the CIA The actors in this great as yet untold story were often at odds with their respective governments Working in the face of competing ideologies and at great personal risk these unorthodox collaborators struggled to bring about an early peace By mining secret World War II files that were only recently declassified as well as personal interviews diaries and previously unpublished accounts to unearth some of history s surprises Agostino von Hassell and Sigrid MacRae shed new light on Franklin Roosevelt s surprising stance toward Hitler before the U S entered the war and on the relationship of American business to the Third Reich They offer vivid details on the German resistance s desperate efforts to at first avert war and then to make common cause with enemy representatives to end it And their work details the scope and depth of German resistance and its many plots to eliminate Hitler and why they failed New names and incredible wartime plots reveal the titanic power struggles that took place in Istanbul and Lisbon cities crawling with spies Intense clandestine communications and spy rings come clear as do the self serving neutrality of Switzerland and Portugal and the shocking postwar scramble for German spies scientists and more all to aid in the fight against a new enemy communism Alliance of Enemies fills a huge void in our knowledge of the hidden layered warfare and the attempts for peace of World War II It will fascinate and excite historians spy and policy enthusiasts and anyone concerned with the uses of intelligence in trying times Nowhere has such a complete and provocative history of the wars behind World War II been told until now The Hitler

Legacy Peter Levenda, 2014-11-08 More than thirty years after his first investigation of the Nazi underground Peter Levenda has returned again and again to his quest for the truth about the true character of the Nazi cult and the people and political movements it has influenced in the decades since the end of World War II The wide sweep of this investigation moves from a Ku Klux Klan headquarters in Reading Pennsylvania to the New York City office of the Palestine Liberation Organization from the apartment of a notorious neo Nazi leader to an Islamic boarding school headquarters of the man who ordered the Bali Bombings When Levenda uncovered the existence of a Nazi underworld in Asia the nexus of religion politics terrorism and occult beliefs was revealed to be the real domain of the threat to global security Meticulously researched from both archival material and declassified intelligence agency files to personal interviews and investigations undertaken in Asia Europe and Latin America The Hitler Legacy is the story of how the mistakes of the 20th century have come home to roost in the 21st This book will challenge the conventional thinking about such subjects as the Muslim Brotherhood and Islamist terrorism and even about the alleged death of one of history's most infamous killers Adolf Hitler *Lessons and Legacies VIII* Peter Hayes, Holocaust Educational Foundation, 1991 In the courtroom and the classroom in popular media public policy and scholarly pursuits the Holocaust its origins its nature and its implications remains very much a matter of interest debate and controversy Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical social and moral lessons this volume offers a richly varied deeply informed perspective on the practice interpretation and direction of Holocaust research now and in the future In their essays the authors an international group including eminent senior scholars as well those who represent the future of the field set the agenda for Holocaust studies in the coming years even as they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed *amidah* or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding Publisher's description

American Isolationism Between the World Wars Kenneth D. Rose, 2021-04-25 American Isolationism Between the World Wars The Search for a Nation's Identity examines the theory of isolationism in America between the world wars arguing that it is an ideal that has dominated the Republic since its founding During the interwar period isolationists could be found among Republicans and Democrats Catholics and Protestants pacifists and militarists rich and poor While the

dominant historical assessment of isolationism that it was provincial and short sighted will be examined this book argues that American isolationism between 1919 and the mid 1930s was a rational foreign policy simply because the European reversion back to politics as usual insured that the continent would remain unstable Drawing on a wide range of newspaper and journal articles biographies congressional hearings personal papers and numerous secondary sources Kenneth D Rose suggests the time has come for a paradigm shift in how American isolationism is viewed The text also offers a reflection on isolationism since the end of World War II particularly the nature of isolationism during the Trump era This book will be of interest to students and scholars of U S Foreign Relations and twentieth century American history
