The American Film Institute Movie Desk Reference:

The American Film Institute Desk Reference Melinda Corey, George Ochoa, 2002 An in depth resource on the art of filmmaking looks at the history of film along with information on actors designers directors writers cinematographers sound effects and editors

The Hollywood Story Joel Waldo Finler, 2003 This fully revised and updated edition of an award winning classic traces the history of Hollywood from the silent era to the present day The Hollywood Story comprehensively covers every aspect of movie making in America taking in nickelodeans drive ins and multiplexes the transition from silent to sound black and white to color the relationships of producers directors stars and technicians and the function and output of the studios their major hits and most expensive flops

The Films of Hal Ashby Christopher Beach, 2009-09-22 Analyzes the films and filmmaking career of director Hal Ashby placing his work in the cultural context of filmmaking in the 1970s Hal Ashby directed eleven feature films over the course of his career and was an important figure in the Hollywood Renaissance of the late 1960s and 1970s Though he was a member of the same generation of filmmakers as Martin Scorsese Francis Ford Coppola and Robert Altman Ashby has received comparatively little critical or scholarly validation for his work Author Christopher Beach argues that despite his lower profile Ashby was an exceptionally versatile and unusually creative director Beach focuses primarily on Ashby's first seven films *The Landlord* *Harold and Maude* *The Last Detail* *Shampoo* *Bound for Glory* *Coming Home* and *Being There* to analyze Ashby's contributions to filmmaking culture in the 1970s The first two chapters of this volume provide an overview of Ashby's filmmaking career as Beach makes the case for Ashby's status as an auteur and provides a biographical survey of Ashby's most productive and successful decade the 1970s In the following chapters Beach analyzes groups of films to uncover important thematic concerns in Ashby's work including the treatment of a young male protagonist in *The Landlord* and *Harold and Maude* the representation of the U S military in *The Last Detail* and *Coming Home* and the role of television and mass media in *Shampoo* and *Being There* Beach also examines the crucial role of the musical score in Ashby's films as well as the rapid decline of the director's career after *Being There* *The Films of Hal Ashby* is based on Beach's extensive use of unpublished archival materials as well as a number of interviews with actors directors producers cinematographers and others involved in the making of Ashby's films This volume will interest film and television scholars as well as readers interested in filmmakers of the 1970s

The Sagebrush Trail Richard Aquila, 2015-04-16 *The Sagebrush Trail* is a history of Western movies but also a history of twentieth century America Richard Aquila's fast paced narrative covers both the silent and sound eras and includes classic westerns such as *Stagecoach* *A Fistful of Dollars* and *Unforgiven* as well as B Westerns that starred film cowboys like Tom Mix Gene Autry and Hopalong Cassidy The book is divided into three parts Part 1 traces the birth and growth of Westerns from 1900 through the end of World War II Part 2 focuses on a transitional period in Western movie history during the two decades following World War II Finally part 3 shows how Western movies reflected the rapid political social and cultural changes that transformed America

in the 1960s and the last decades of the twentieth century The Sagebrush Trail explains how Westerns evolved throughout the twentieth century in response to changing times and it provides new evidence and fresh interpretations about both Westerns and American history These films offer perspectives on the past that historians might otherwise miss They reveal how Americans reacted to political and social movements war and cultural change The result is the definitive story of Western movies which contributes to our understanding of not just movie history but also the mythic West and American history Because of its subject matter and unique approach that blends movies and history The Sagebrush Trail should appeal to anyone interested in Western movies pop culture the American West and recent American history and culture The mythic West beckons but eludes Yet glimpses of its utopian potential can always be found even if just for a few hours in the realm of Western movies There on the silver screen the mythic West continues to ride tall in the saddle along a sagebrush trail that reveals valuable clues about American life and thought

LoBrutto,2007-11-30 Martin Scorsese s current position in the international film community is unrivaled and his name has become synonymous with the highest standards of filmmaking excellence He is widely considered America s best living film director and his Taxi Driver and Raging Bull appear frequently on worldwide surveys of the best films of all time Here in the first biographical account of this artist s life Vincent LoBrutto traces Scorsese s Italian American heritage his strict Catholic upbringing the continuing role of religion in his life and art his obsessive love of cinema history and the powerful impact that the streets of New York City had on his personal life and his professional career Meanwhile the filmmaker s humble soft

spoken public persona tells only part of the story and LoBrutto will delve into the other side of a complex and often tortured personality Scorsese's intense passion his private relationships his stormy marriages and his battles with drugs and depression are all chronicled here and in many cases for the first time In addition the book includes an interview with the director as well as filmographies cataloging his work as a director producer actor and presenter As his Best Director award at the 2007 Oscars clearly demonstrated Scorsese has become something like Hollywood royalty in recent years finally enjoying the insider status and favor that eluded him for most of his career But these recent developments aside Scorsese is also notable as a distinctly American type of artist one whose work created in a medium largely controlled by commercialism and marketing has always been unmistakably his own and who thus remains a touchstone of artistic integrity in American cinema In *Martin Scorsese A Biography* readers can examine not only the work of one of the form's genuine artists but also the forces that have propelled the man behind it

Interrogating the Image Del Jacobs, 2009-09-22 *Interrogating the Image* argues that movies examining the role film and television plays in the lives of their audience have created changes both in the movies themselves and in their viewers and considers fourteen films where the moving picture is central to the narratives Three films discussed *The Purple Rose of Cairo* *Pleasantville* and *The Truman Show* offer frame breaking experiences for their characters that allow spectators to appreciate the ruptures between lived reality and media play delivering therapeutic payoffs that can be restorative reconstructive or rejective Other examples come from the worlds of cinema *The Majestic* *Matinee* *Cinema Paradiso* television *Bamboozled* *Network* *Natural Born Killers* *Medium* *Cool* and the sociopolitical realm where media dominates *Being There* *Wag the Dog* *Bob Roberts* *Bulworth* Meanwhile significant interpretive stances reflective reflexive critical and ironic are engendered and embraced by filmmakers and audiences who create and consume these works The result is a media saturated culture in transformation and best understood using cinema's interrogative resources
