FIREFIGHTERS *The ^AOxford Companion to American Food and Drink* Andrew F. Smith,2007-05-01 Building on the highly praised and deliciously browseable two volume compendium the Oxford Encyclopedia of Food and Drink in America this new work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world Within its pages for example we learn that Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors Edited by Andrew Smith a writer and lecturer on culinary history the Companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions

The American Ethnic Cookbook For Students Mark H. Zanger,2001-01-30 The first cookbook to present the dishes of more than 120 ethnic groups now in America The American Ethnic Cookbook for Students illustrates how those dishes have changed throughout the years This cookbook contains more than 300 recies plus references to ethnography food history culture and the history of American immigration A bibliography at the end of each ethnic group section is included Covering the cooking of Native American tribes old stock settlers old immigrants from 1840 1920 and the new immigrants no other cookbook describes so many different ethnic groups or focuses on the American ethnic experience Arranged alphabetically by ethnic group each chapter consists of a brief introduction to the ethnic group its food history and ethnography followed by recipes with step by step instructions techniques hints and equipment information Among the 120 ethnic groups included are Amish Mennonites Arcadians Cugans Dutch Cajuns Eskimos Hopi Hungarians Jamaicans Jews Palestinians Serbs Sioux Turks and Vietnamese

Keepers of the Flame Robert M. Hazen,Margaret Hindle Hazen,2014-07-14 For Lo We live in an Iron Age In the age of Steam and Fire wrote a poet mesmerized by the engines that were transforming American transportation agriculture and industry during his lifetime Indeed by the nineteenth century fire had become America s leitmotif for good and for ill Keeping the flame was deadly serious even the slightest lapse of attention could convert a fire from friendly ally to ravaging destroyer To examine the cultural context of fire in combustible America Margaret Hazen and Robert Hazen gather more than a hundred illustrations most never before published together with anecdotes and information from hundreds of original sources including newspapers diaries company records popular fiction

art and music What results is an immensely entertaining and encyclopedic history that ranges from stories of the tragic great fires of the century to fire imagery in folktales and popular literature Dealing more with technology than with fire in nature the book provides a vast amount of information on fire manipulation and prevention in urban life Hazen and Hazen discuss the people who worked with fire or against it Founders gaffers blacksmiths boilers at saltworks and housewives knew how to read a fire and employ it for their purposes A few dedicated investigators inquired about the scientific nature of heat and flame And firefighters gradually progressed from bucket brigades to using fire to fight fire with the newly invented steam engine The colorful stories of these Americans the risks they took and the rewards they received will fascinate not only social historians but also a broad audience of general readers Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Literacy in the Library Mark Dressman,1997-12-09 This critical ethnography of school libraries contributes to the study of the politics of literacy at the elementary school level as well as provides an interesting case study of border crossing The book interrogates two accounts of social reproduction and proposes a third Students at working poor Chavez Elementary resisted attempts to get them hooked on reading fiction but while many were socialized to the labor of a piecework economy many also found ways to use texts as they chose At professional managerial Crest Hills students managed their discourse practices in ways that reproduced those of their office workplace but their success was achieved at the expense of great anxiety about the future At working class Roosevelt the librarians attended to the rhetoric of librarianship but students reassembled knowledge on their own terms A second project theorizes the school library as a geopolitical space and critiques children's fiction and the social order that its texts help construct through a semiotic analysis of text classification within school libraries An investigation of the origins of that system and of the ways of reading that it promotes with particular attention to the history of the popular novel describes the gender and class based politics of leisure reading
