This has the flavor of *Wind in the Willows* but with a little less description and therefore more dialogue. My six year old loved it. There they'll enjoy the warmth and whimsy of this tale while learning important lessons about nature, the environment, and the lesser folk of fur and feathers. If you are doing any study of toads with your kids, this is the book to read. It was so cute and fun. It taught about the habits of toads in a fun, creative way. I will never forget some of the things I learned. I didn't pick up this book with that in mind. We were on vacation and all the big kids and dads were gone for the day, so I scanned a friend's bookshelf looking for a book that would take about 3 hours to read aloud, and this was the winner.
