**Purity and Contamination in Late Victorian Detective Fiction** Dr Christopher Pittard,2013-05-28 Concentrating on works by authors such as Fergus Hume Arthur Conan Doyle Grant Allen L T Meade and Marie Belloc Lowndes Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity The centrality of material and moral purity as a theme of the genre Pittard argues both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner Situating his discussion within the ideologies underpinning George Newnes s Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard s project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity     **The Further Memoirs of Sherlock Holmes - II** Caiden Cooper Myles,2024-11-05 As we know Watson the law is not always justice So on this occasion justice cannot be the law Presented within this volume are a further eight previously unpublished accounts by John H Watson M D These adventures bring Holmes and Watson face to face with thieves and murderers as well as bringing them into contact with the murky worlds of espionage and spiritualism Why does a widow refuse to meet the orphaned daughter of her oldest friend Who is responsible for the theft of monogrammed napkins

from a dinner party Who is sending mysterious gifts to strangers inside yellow boxes Why does a respected scientist endorse a medium bankrupting himself in the process Caiden Cooper Myles is a British writer who has long been a follower of Mr Holmes and Dr Watson Like many a devotee of the Great Detective he has longed to add to Dr Watson s accounts

Frank,2003-07-02 Frank investigates an intertextual exchange between nineteenth century historical disciplines philology cosmology geology archaeology and evolutionary biology and the detective fictions of Poe Dickens and Doyle In responding to the writings of figures like Lyell Darwin and E B Taylor detective fiction initiated a transition from scriptural literalism and a prevailing Natural Theology to a naturalistic secular worldview In the process detective fiction sceptically examined both the evidence such disciplines used and their narrative rendering of the world      **The Gestalt Shift in Conan Doyle's Sherlock Holmes Stories** Michael J.

Crowe,2018-10-10 This book analyzes the four novels and fifty six stories written by Sir Arthur Conan Doyle describing the adventures and discoveries of Sherlock Holmes Michael J Crowe suggests that nearly all the Holmes stories exhibit the pattern known as a Gestalt shift in which suddenly Holmes s efforts reveal a new perspective on the case typically identifying the culprit s and resolving the case Drawing on ideas presented by Thomas S Kuhn in his famous Structure of Scientific Revolutions 1962 Crowe argues that similar to the way that Kuhn applied the idea of a Gestalt shift to the history of science this approach can be used to reveal the structure of the Holmes stories and possibly be applied to some other areas of fiction
