book begins with a discussion of humor and then demonstrates how Twain's artistic strategies his remarkable achievements and even his philosophy were bound together in his conception of humor and how this conception developed across a forty five year career Kolb shows that Twain is a writer whose lifelong mode of perception is essentially humorous a writer who sees the world in the sharp clash of contrast whose native language is exaggeration and whose vision unravels and reorganizes our perceptions Humor in all its mercurial complexity is at the center of Mark Twain's talent his successes and his limitations It is as a humorist amiably comic sharply satiric grimly ironic simultaneously humorous and serious that he is best understood
