

Afterimage

Collected Poems by
Sharon Patricia Burtner

The Afterimage Poems

**Kathrine Jason, Columbia University.
Writing Division**

The Afterimage Poems:

The Afterimage Phillis Levin, 1995 Poetry In the elegant formulations of her second collection THE AFTERIMAGE Phillis Levin explores the gaps and forges the links between language thought and matter She is an alchemist of the vernacular whose clarities are hard won and whose mindfulness is lit by a passionate flame She has written a glowing book Edward Hirsch *Afterimage* Benjamin Vogt, 2012 Afterimage moves from the southern to northern Plains and the eastern Midwest where the natural world calls out through deep lakes and dark woods and finally through transient moments framed by gardens a butterfly nectaring on a coneflower planting lavender with his future wife or autumn leaves crashing against a morning window In a rich array of forms and evocative imagery the poems in Afterimage reach through prairie history until grass becomes skin and light becomes shadow **Afterimage** Sharon Burtner, 2015-03-21 **Afterimages** Cathryn Hankla, 1991 These poems balance the death of family members against the monologue of a woman who comes to life under the coroner's knife Afterimages is a journey of the eye what the eye observes and what the eye cannot forget **Afterimage** Kathrine Jason, Columbia University. Writing Division, 1978 Afterimage Jack Grapes, Kita Shantiris, 1983 Rimbaud's Impressionist Poetics Aimée Israel-Pelletier, 2012-10-15 In the mid nineteenth century Arthur Rimbaud the volatile genius of French poetry invented a language that captured the energy and visual complexity of the modern world This book explores some of the technical aspects of this language in relation to the new techniques brought forth by the Impressionist painters such as Monet Morisot and Pissarro **Afterimage** Gerd Stern, 1965 *Modern Portuguese Poetry: Essays, Poems and Translations* Paulo de Medeiros, Rosa Maria Martelo, 2020-11-04 The present volume assembles for the first time in English a wide range of poetic voices and critical perspectives that illustrate the vibrancy and richness of contemporary Portuguese poetry Special attention is given in seven chapters to the relations between poetry and the visual arts to questions of gender politics language and resistance While aiming to make a unique contribution to Portuguese Studies this book also invites scholars engaged in questions of Poetics across the board to enter into a fresh dialogue **Media, Technology, and Literature in the Nineteenth Century** Margaret Linley, 2016-04-29 Operating at the intersection where new technology meets literature this collection discovers the relationship among image sound and touch in the long nineteenth century The chapters speak to the special mixed media properties of literature while exploring the important interconnections of science technology and art at the historical moment when media was being theorized debated and scrutinized Each chapter focuses on a specific visual acoustic or haptic dimension of media while also calling attention to the relationships among the three Famous works such as Wordsworth's I wandered lonely as a cloud and Shelley's Frankenstein are discussed alongside a range of lesser known literary scientific and pornographic writings Topics include the development of a print culture for the visually impaired the relationship between photography and narrative the kaleidoscope and modern urban experience Christmas gift books poetry painting and music as remediated forms the interface among the piano telegraph and typewriter

Ernst Heinrich Weber's model of rationalized tactility and how the shift from visual to auditory telegraphic instruments amplified anxieties about the place of women in nineteenth century information networks. Full of surprising insights and connections, the collection offers new impetus for stimulating historical conversations and debates about nineteenth century media while also contributing fresh perspectives on new media and re-mediation today.

A History of Irish Women's Poetry Ailbhe Darcy, David Wheatley, 2021-07-01. A History of Irish Women's Poetry is a ground-breaking and comprehensive account of Irish women's poetry from earliest times to the present day. It reads Irish women's poetry through many prisms: mythology, gender history, the nation, and most importantly, close readings of the poetry itself. It covers major figures such as Míre Mhac an tSaoi, Eavan Boland, Eilín Ní Chuiléain, as well as neglected figures from the past. Writing in both English and Irish is considered, and close attention paid to the many different contexts in which Irish women's poetry has been produced and received, from the anonymous work of the early medieval period through the bardic age, the coterie poets of Anglo-Ireland, the nationalist balladeers of Young Ireland, the Irish Literary Revival, and the advent of modernity. As capacious as it is diverse, this book is an essential contribution to scholarship in the field.

New directions in prose and poetry James Laughlin, Peter Glassgold, 1975. **Poems** Maurice Maeterlinck, 2021-05-19. In *Poems*, Maurice Maeterlinck crafts a haunting collection that reflects his affinity for the mystical and the ephemeral aspects of existence. Written in the late 19th to early 20th centuries, Maeterlinck's literary style intertwines symbolism with rich imagery, echoing the broader movement of Symbolism that permeated European literature during that era. Through masterful use of language, he evokes profound emotional landscapes exploring themes of nature, mortality, and the inner workings of the human spirit. Maurice Maeterlinck, a Belgian playwright and poet, was influenced by his early exposure to literature, philosophy, and the spiritual undercurrents that characterized his time. His background in natural sciences and profound interest in the mysteries of life significantly shaped his poetic vision. Maeterlinck's works often delve into the human condition, drawing on personal and universal experiences that resonate deeply with readers seeking meaning amidst chaos. This collection is a must-read for those who appreciate the beauty of language and the exploration of existential themes. Maeterlinck's lyrical verses invite readers to journey into the depths of their imagination, making *Poems* an essential addition to any literary enthusiast's library. In this enriched edition, we have carefully created added value for your reading experience. A comprehensive Introduction outlines these selected works, unifying features, themes, or stylistic evolutions. The Author Biography highlights personal milestones and literary influences that shape the entire body of writing. A Historical Context section situates the works in their broader era, social currents, cultural trends, and key events that underpin their creation. A concise Synopsis Selection offers an accessible overview of the included texts, helping readers navigate plotlines and main ideas without revealing critical twists. A unified Analysis examines recurring motifs and stylistic hallmarks across the collection, tying the stories together while spotlighting the different works' strengths. Reflection questions inspire deeper contemplation of the author's overarching

message inviting readers to draw connections among different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection s central themes

Notational Experiments in North American Long Poems, 1961-2011 A. J. Carruthers, 2017-01-28 This book is a critical experiment that tracks the literary and poetic uses of musical notation and notational methods in North American long poems from the middle of last century to the contemporary moment Poets have readily referred to their poems as scores Yet in this study Carruthers argues that the integration of musical scores in expansive works of this period does more work than previously thought offering both resolution and escape from the demands placed on long poem form The five case studies on Langston Hughes Armand Schwerner BpNichol Joan Retallack and Anne Waldman offer approaches to reading literary scores in what might be described as a critical stave or a critical fugue of instances In differing ways musical notation and notational methods impact the form time and sometimes the ethical and political stances of these respective long poems

The Repeating Body Kimberly Juanita Brown, 2015-08-27 Haunted by representations of black women that resist the reality of the body s vulnerability Kimberly Juanita Brown traces slavery s afterlife in black women s literary and visual cultural productions Brown draws on black feminist theory visual culture studies literary criticism and critical race theory to explore contemporary visual and literary representations of black women s bodies that embrace and foreground the body s vulnerability and slavery s inherent violence She shows how writers such as Gayl Jones Toni Morrison Audre Lorde and Jamaica Kincaid along with visual artists Carrie Mae Weems and Mar a Magdalena Campos Pons highlight the scarred and broken bodies of black women by repeating passing down and making visible the residues of slavery s existence and cruelty Their work not only provides a corrective to those who refuse to acknowledge that vulnerability but empowers black women to create their own subjectivities In *The Repeating Body* Brown returns black women to the center of discourses of slavery thereby providing the means with which to more fully understand slavery s history and its penetrating reach into modern American life

From beat scene poet to psychedelic multimedia artist in San Francisco and beyond, 1948-1978 G. Stern, *Poetry* Harriet Monroe, 1921

Mr. Memory & Other Poems Phillis Levin, 2016-03-29 A Finalist for the Los Angeles Times Book Prize An intimate richly textured new collection from Phillis Levin a poet whose work shimmers with gracefulness David Baker Phillis Levin s fifth collection of poems encompasses a wide array of styles and voices while staying true to a visionary impulse sparked as much by the smallest detail as the most sublime landscape From expansive meditation to haiku in ode and epistle dream sequence and elegy Levin s new poems explore motifs deeply social and historical personal and metaphysical Their various strategies deploy the sonic powers of lyric the montage techniques of cinema and the atavistic energies of the oral tradition Throughout this volume the singularity of person place and thing and the plurality of our experience assert their uncanny presence an ash on a crackling log a character from Alfred Hitchcock s *The 39 Steps* a burgundy scarf an x ray of Bruegel s *Massacre of the Innocents* and a demitasse cup from Dresden are all

woven into a collection by turns rhapsodic and ironic caustic and incantatory The pre Socratic mathematician Zeno facing the riddle of an ordinary day a cloudbank of silence a pair of second hand shoes bought for Anne Frank two crows at play above the peak of a mountain a dot flickering on the horizon intimate and philosophical these poems unveil the metamorphic properties of mind and nature *VIEWS* Jack Galmitz, 2012-04-26 *Views* is a perspectivist study of contemporary haiku and minimalist poetry *Metaphor in Metaphysical and Romantic Lyric Poetry* Beth Marlene Goldman, 1980
