The Ageless Chinese:

The Ageless Chinese Dun Jen Li, 1978
Li, 1971 The Ageless Chinese Dun Jen Li, **The Ageless Chinese** Dun Jen Li, 1968 *Speaking of Chinese* Raymond Chang, Margaret Scrogin Chang, 2001 This pleasant unpretentious account is a small stream leading to the ocean of the culture of China Scientific American **China and the West to 1600** Steven Wallech, 2016-02-23 A comparative history of Chinese and Western Civilization from the dawn of agriculture to the dawn of modernity in Europe China and the West to 1600 explores the factors that led to the divergent evolution of two major cultures of the ancient world and considers how the subsequent developments saw one culture cling to tradition even as the other failed to do so inadvertently setting the stage for the birth of the Modern Era An accessible and inventive comparative history suitable for all students at the college level as well as general readers Compares the history of Chinese civilization with Western civilization from the rise of agriculture to the dawn of the modern period Explores the ways in which Western failures in the Middle Ages after the Roman Empire's collapse and China's successes in the same period laid the groundwork for each culture's divergent path in the modern period Makes meaningful connections between cultures and over time through the use of themes such as agriculture philosophy religion and warfare and invasion Bridges the gap between antiquity and modernity looking at many factors of the global Middle Ages that influenced the development of the modern world Features a timeline maps endnotes and complete index The Chinese Communist Armed Forces Kenneth R. Whiting, 1974 Although the history and present state of the Chinese Communist military forces are not as well covered as those of the Soviet Union nevertheless there is a relatively large number of books articles and source collections available in English Then why this study The answer is simply that this is an attempt to tell the story of the Chinese Red Army in as concise a form as possible without compressing the narrative to the point of distortion The study may seem overstuffed with facts or what pass for facts but the author can assure the reader that he did his best to eliminate all but those he considered essential The historical approach has been used for the simple reason that like any other organism the Chinese Red Army is a melange of strengths and weaknesses rooted in its evolution
