Insane, All Too Insane James Ayrford, 2014-08-04 Experimental philosophical short story as deep and insightful as Thus Spoke Zarathustra How the eyes of the abyss look like when she stares back at you Does she like a woman enjoys attention and whip or not Or why even staring into it what can be seen there and is it even worth it So here is what I've seen in there Like Nietzsche's Zarathustra protagonist fictitious travels and endeavours serve as a metaphoric vehicle to present and illustrate philosophical ideas such as subjectivity of reality that people experience in their daily life influence of religion on the world and its anatomy psychology of the masses and of love possibility and requisites of happiness It consists of two narratives one follows endeavours of main protagonist Aurelius and the other describes major historical events of the world of Mad Reality Most characters and events in actuality are an allegoric representations of the real world concepts and ideas for example Maximus embodies Ancient Rome its values and metaphysics The story is set in a magic and odd technology infused somewhat bizarre and even gruesome metaphoric world It starts with Aurelius reflecting over the disappearance of a mysterious woman named THD as well as over everything his life had been about so far As the story progresses not only details of their love affair and other events revealed but also both surface and hidden reasons behind various events of his life and even those of a broader world that caused it all to turn out this way Conversation with THD led Aurelius to eventually discover a psychological working of love that led to a metaphysical conclusion of her real nature and other events and stories have their own philosophical existential metaphysical or psychological wisdom to tell Among them causes of conflict between Aurelius and priests of the Model over the existence of a certain dios as well as reasons for its unusual outcomes As well as war between dioses Redemptius and Bicornarius and their followers that while settles leads only to further beaconing conflict with even more contestants Origin of dioses and reasons for their popularity among the people and importance in the grand scheme of things And even motives behind hitting a ground with a forehead according to a prescribed method shared by fellow ground hitters and why it is not only a very popular activity but also a sacred ritual of great sanity And many other witticisms *The All-seeing Eye*, 1926 **The Guide to the All-Embracing Realm of the Ultimate** Austin P.

Torney, 2009-08-19 Is it that with grace humor and style that we will describe all the realms of life as well as answer the ultimate questions some in seriously comedic adventures We will it Is the cause of the universe itself causeless Yes and we will learn why just be cause Did the laws of the universe come from Nothing Just about but there is some further ado about near nothing Does everything amount to a total Nothing except for the quantum fluctuations of uncertainty Certainly Will we disprove the Supernatural Naturally What does the sum total of the information content of Everything add up to Nothing Nil Null Not a thing Do we really learn Everything here such as what is the origin of the universe and also the explanation of that which produced it Yes Really Yes for sure you can count on it Are any other of your books kind of like this one Yes see *Butterflies At the Edge of Forever* The Joy of Well-Being Colleen Wachob, Jason Wachob, 2023-05-23 In this empowering

and accessible collection of health and wellness advice the co founders of mindbodygreen challenge our definition of self improvement by revealing what a healthy lifestyle looks like at the fundamental level and how it's not what we think. On your journey toward a more health conscious life you've likely been bombarded by an overwhelming amount of information from the Kardashian like wellness influencers who unrealistically insist upon sustainably sourced Epsom salt baths every night to the elite longevity optimizers who measure their lactate levels after a workout. The echo chamber of the internet and social media algorithms that favor polarizing opinions to drive views and engagement have hijacked our understanding of health. No matter which corner of the wellness world you inhabit our social feeds are filled with advice that presumes we all have the same amount of time money and resources. In this saturated landscape how can you avoid the potential scams and dodge the doctors turned celebrities to find what really works for you. Over the past decade Colleen and Jason Wachob co founders of mindbodygreen have cultivated a leading wellness lifestyle media brand for everyone seeking to cut through this noise and live a happier healthier and greener lifestyle. The Joy of Well Being is a distillation of almost fifteen years of this experience on the forefront of the well being conversation they've done the legwork so you don't have to. The book explores the spectrum of well being from how we breathe to how we love including Why sleep should be considered a vital sign Why you shouldn't trick your body with food How to overcome the motivation problem and move more The importance of relationships for longevity and so much more. The Wachobs are a product of their mentors and years of working with hundreds of the world's most brilliant well being minds PhDs MDs therapists movement specialists spiritual leaders and journalists. They've developed ways to discern meaningful points of information amidst the chaos an act they consider both a science and an art. The Joy of Well Being is more than a book it's a reawakening marking a crucial shift away from the do this then do that paradigm to cultivating a joyful lifestyle that centers each individual and their own health and happiness. True well being isn't something you chase it is something you weave together as each new day presents an opportunity to make choices that support feeling good in your body in your relationships and in your life. Zorea, 2017-04-26 Separating truth from hype this book introduces readers to the topic of life extension in a holistic manner that provides scientific historical and cultural perspectives. While the story of 16th century explorer Juan Ponce de Le'n futilely searching for the Fountain of Youth is likely a myth it is true that for many centuries mankind has sought a cure for aging. Today the anti aging and longevity industry is a multibillion dollar industry and medical advances are continuing to find ways to add to our time on earth. Finding the Fountain of Youth The Science and Controversy behind Extending Life and Cheating Death introduces readers to the topic of life extension in a holistic manner examining the topic through scientific historical and cultural perspectives. It also highlights key medical and ethical controversies related to this particular area of gerontology and serves as a gateway for further research and study. The book's chapters address the history of movements to remain youthful from ancient times through the modern era past medical advances that significantly extended the average

lifespan and our cultural obsession with staying young that has spawned the anti aging industry Readers will learn about basic principles of aging and anti aging as well as the science behind the methods both proven and hypothetical that serve to extend the lifespan The final section of the book examines controversial issues and debates related to life extension such as global overpopulation length of life versus quality of life and socioeconomic concerns [It's All Good](#) Pamela Poli

DiSarro,2019-09-27 Developing Trust Life as I choose to call the omnipotent power within loves you more than you love yourself Frankly this is one of the most valuable perceptions that you can envision your life through You see Life undeniably has your back but did anyone ever assure you of that or actually teach you the significance of this empowering statement I m always telling my friends and clients that Life loves you and talks to you and guides you at all times but you just don t pay attention It was the old adage Live and Learn that led me to question the experiences in my own life and search for a better understanding of the human condition The introduction to this text will open an autobiographical window into my own journey providing a glimpse into some of my live and learn moments The body of this publication is a comprehensive study over four decades of the nature of mankind and its reality The Epilogue will give you insight into my surviving the unthinkable and why appreciation sharing and service are my heart s commission to a life of fulfillment We are all experiential beings through the sentiment of our emotions Our true mission and purpose for this life experience is to develop a trust and cultivate that trust in knowing who we are and why we are here on this planet Though it is mostly obscured from our emotional understanding our challenges play as important a role as our successes in deepening that trust thus It s All Good
