**Virgil's Aeneid** Michael C. J. Putnam, 2000-11-09 In this collection of twelve of his essays distinguished Virgil scholar Michael Putnam examines the Aeneid from several different interpretive angles He identifies the themes that permeate the epic provides detailed interpretations of its individual books and analyzes the poem s influence on later writers including Ovid Lucan Seneca and Dante In addition a major essay on wrathful Aeneas and the tactics of Pietas is published here for the first time Putnam first surveys the intellectual development that shaped Virgil s poetry He then examines several of the poem s recurrent dichotomies and metaphors including idealism and realism the line and the circle and piety and fury In succeeding chapters he examines in detail the meaning of particular books of the Aeneid and argues that a close reading of the end of the epic is crucial for understanding the poem as a whole and Virgil s goals in composing it      Madness

Unchained Lee Fratantuono, 2007-01-01 The book aims at providing a coherent guide to the entirety of Virgil s Aeneid with analysis of every scene and in some cases every line of crucial passages The book tries to provide a guide to the vast bibliography and scholarly apparatus that has grown around Virgil studies especially over the past century and to offer some critical study of what Virgil s purpose and intent may have been in crafting his response to Augustus political ascendancy in Rome Rome s history of near constant civil strife and the myths of Rome s origins and their conflicting Trojan Greek and native Italian origins      **The Aeneid** Virgil, 2010-12-28 From the award winning translator of The Iliad and The Odyssey

**The Idea of the Labyrinth from Classical Antiquity through the Middle Ages** Penelope Reed Doob,2019-03-15 Ancient and medieval labyrinths embody paradox according to Penelope Reed Doob Their structure allows a double perspective the baffling fragmented prospect confronting the maze treader within and the comprehensive vision available to those without Mazes simultaneously assert order and chaos artistry and confusion articulated clarity and bewildering complexity perfected pattern and hesitant process In this handsomely illustrated book Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages Doob first examines several complementary traditions of the maze topos showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity She then describes two common models of the labyrinth and explores their formal implications the unicursal model with no false turnings found almost universally in the visual arts and the multicursal model with blind alleys and dead ends characteristic of literary texts This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze as Doob's examination of a vast array of materials from the classical period through the Middle Ages suggests She concludes with linked readings of four labyrinths of words Virgil's Aeneid Boethius Consolation of Philosophy Dante's Divine Comedy and Chaucer's House of Fame each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it Doob not only provides fresh theoretical and

historical perspectives on the labyrinth tradition but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works Readers in such fields as Classical literature Medieval Studies Renaissance Studies comparative literature literary theory art history and intellectual history will welcome this wide ranging and illuminating book

**Death and the Optimistic Prophecy in Vergil's AENEID** James J. O'Hara, 2014-07-14 Here James O'Hara shows how the deceptive nature of prophecy in the Aeneid complicates assessment of the poem's attitude toward its hero's achievement and toward the future of Rome under Augustus Caesar This close study of the language and rhetorical context of the prophecies reveals that they regularly suppress discouraging material the gods send promising messages to Aeneas and others to spur them on in their struggles but these struggles often lead to untimely deaths or other disasters only darkly hinted at by the prophecies O'Hara finds in these prophecies a persistent subtext that both stresses the human cost of Aeneas' mission and casts doubt on Jupiter's promise to Venus of an endless empire for the Romans O'Hara considers the major prophecies that look confidently toward Augustan Rome from the standpoint of Vergil's readers who like the characters within the poem must struggle with the possibility that the optimism of the prophecies of Rome is undercut by darker material partially suppressed The study shows that Vergil links the deception of his characters to the deceptiveness of Roman oratory politics and religion and to the artifice of poetry itself In response to recent debates about whether the Aeneid is optimistic or pessimistic O'Hara argues that Vergil expresses both the Romans' hope for the peace of a Golden Age under Augustus and their fear that this hope might be illusory Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Pale Cast of Thought James Lawrence Shulman, 1998 This book focuses on specific moments of decision making in the epic poems of Ariosto Tasso Spenser and Milton In each of the poems the hero must ultimately confront the choice of Aeneas at the end of the Aeneid either to kill or to stay his hand These later epic poems contain reflective heroes who resist the impulses of traditional martial heroism As they deliberate the progress of the narrative is suspended and elements of comedy lyric picaresque and romance threaten to fragment authority of the epic genre Each of these moments reveals a particularly rich locus for observing the movement of the epic toward the novel Virgil, Aeneid 5 Lee M. Fratantuono, R. Alden Smith, 2015-07-28 Virgil's Aeneid 5 has long been among the more neglected sections of the poet's epic of Augustan Rome Book 5 opens the second movement of the poem the middle section of the Aeneid that sees the Trojans poised between the old world of Phrygia and the new destiny in Italy The present volume fills a significant gap in Virgilian studies by offering the first full scale commentary in any language on this key book in the explication of the poet's grand consideration of the

meaning of Trojan versus Roman identity A new critical text based on first hand examination of the manuscripts is accompanied by a prose translation and detailed commentary The notes provide in depth analysis of literary historical and lexical matters the introduction situates Book 5 both in the context of the epic and the larger tradition of heroic poetry

Christopher Warner,2010-06-10 The Augustinian Epic Petrarch to Milton rewrites the history of the Renaissance Vergilian epic by incorporating the neo Latin side of the story alongside the vernacular one revealing how epics spoke to each other

across the language gap and together comprised a single Augustinian tradition of epic poetry Beginning with Petrarch's *Africa* Warner offers major new interpretations of Renaissance epics both famous and forgotten from Milton's *Paradise Lost* to a Latin *Christiad* by his near contemporary Alexander Ross thereby shedding new light on the development of the epic genre For advanced undergraduate students graduate students and scholars in the fields of Italian English and Comparative literatures as well as the Classics and the history of religion and literature     **Virgil's Aeneid** Harold Bloom, 1987 A collection of six critical essays on Virgil's epic poem arranged in chronological order of original publication     *Chaucer and the Subject of History* Lee Patterson, 1991 Chaucer's interest in individuality was strikingly modern He was aware of the pressures on individuality exerted by the past and by society by history Chaucer investigated not just the idea of history but the historical world intimately related to his own political and literary career This book has shaped the way that Chaucer is read
