The American Legion Story:

The American Legion Story Raymond Moley, 1966 The American Legion was chartered by Congress in 1919 as a patriotic veterans organization Focusing on service to veterans servicemembers and communities the Legion evolved from a group of war weary veterans of World War I into one of the most influential nonprofit groups in the United States Membership swiftly grew to over 1 million and local posts sprang up across the country Today membership stands at over 2.4 million in 14,000 posts worldwide American Legion web site

The Story of the American Legion George Seay Wheat, 2020-05-30 The American Legion was founded in 1919 shortly after the harrowing conflict of World War I drew to a close this book describes the founding and the principles which underscored the Legion from day one An excellent insight into the thought behind veterans organizations this book discusses the merits behind the creation of the American Legion The foregoing devastation which characterized World War I in which enormous numbers of Americans were enlisted for service made the formation of veterans groups an urgent matter The founders sought to promote the democratic ideals of the USA record experiences of individual soldiers and maintain ties of friendship between former soldiers Much of this book describes the structure of the American Legion how officers used their experience in the military hierarchy to create a cohesive group The early meetings are described with the comments of the young troops who had only recently experienced intense combat on Europe's Western Front We also hear favorable words in the press of the time which deemed the veterans group needed Finally a lengthy list of names for every state's chapter is appended in just a year the American Legion became a national group with committees in most states of the union
