Vassily Ivanchuk Nikolay Kalinichenko, 2014-03-07 Chuky you're a genius Leading grandmasters have been heard to whisper these words impressed with yet another brilliancy of Vassily Ivanchuk The Ukrainian wizard immensely popular with pros and amateurs alike has been a member of the world elite for more than twenty years and is one of the most active players on the international circuit Ivanchuk has finished first in all major tournaments in the world at times with astonishing supremacy and always with deeply creative chess He has won the Junior World Championship the Blitz World Championship and reached the number two spot in the world rankings Four times he was a member of the team that won the Chess Olympiad once also claiming the individual gold medal on first board The question why Ivanchuk with his phenomenal talent and uncompromising passion for the game has never become World Champion is something of a mystery The inability to handle stress has been suggested and he himself has pointed at periods of black moods or psychological crises Still despite occasional erratic results he has always maintained his position among the very best For this book Correspondence Grandmaster and chess author Nikolay Kalinichenko has selected 100 of Vassily Ivanchuk's best and most instructive games explaining his moves and plans for club players The result is a fascinating and rewarding journey to Planet Ivanchuk the extraterrestrial location where the sphinx from Lvov is said to receive his best brainwaves

The Agile London System Alfonso Romero Holmes, Oscar de Prado, 2016-10-15 It is not difficult to understand why The London System is such a popular chess opening with club players all over the world Against virtually every Black defence after 1 d4 it offers White an easy to learn and reliable set of lines with interesting choices between strategic or more aggressive approaches while avoiding tons of opening theory Lately an increasing number of Grandmasters such as Alexander Grischuk Gata

Kamsky Baadur Jobava Richard Rapport and even World Champion Magnus Carlsen have played The London System In this light it is surprising that so little has been published about this fascinating universal weapon GM Alfonso Romero and FM Oscar de Prado have now filled this gap In The Agile London System they present both historical material and recent top level examples to provide a comprehensive overview The authors explain the typical plans and tactics using illustrative games with clear verbal explanations and provide lots of tactical and strategic exercises They reveal the secrets behind sharp ideas such as the Barry Attack and the Jobava Attack and have added an exciting chapter on the especially aggressive Pereyra Attack developed by the Argentinean master Manuel Pereyra Puebla

Max Euwe's Best Games Jan Timman, 2022-05-22 World Chess Champion Max Euwe who held the title from 1935-1937 is one of the greatest chess players in history Much has been written about him and he authored dozens of books himself But missing was an outstanding collection of games of this efficient man eating tiger as the American grandmaster Reuben Fine once called Euwe Max Euwe's Best Games fills this gap And it couldn't have been written by anyone else than Euwe's successor in Dutch chess Jan Timman World Champion finalist and arguably one of the leading chess analysts of our time This book offers eighty of Max Euwe's games annotated with great clarity starting in his early twenties when he worked his way to the world top up until his late seventies when he was still a force to be reckoned with It is incredible how high Euwe's level of play was for over fifty years and how attractive his attacking style was Timman made many discoveries in Euwe's best and most famous games but has also unearthed several lesser known brilliancies Some interesting paradoxes are addressed along the line For example although he was an amateur almost his entire life Euwe was better versed in opening theory than most of his top level opponents Although he was the underdog he beat the mighty Alexander Alekhine in an epic World Championship Match in 1935 At 52 he could still beat top players like Geller and Najdorf with fantastic attacking play in the Zurich Candidates Tournament And when he was over seventy he was still highly dangerous for the new upcoming Dutch generation This game collection of an often underrated World Champion analysed by top grandmaster Jan Timman is a must have for anyone interested in World Championship chess
