Sri Aurobindo on the Tantra Sri Aurobindo,1999-11 Sri Aurobindo writes The Tantric system is in its aspiration one of the greatest attempts yet made to embrace the whole of God manifested unmanifested in the adoration self discipline knowledge of a single human soul This compilation from Sri Aurobindo s writings focuses on a remarkable though grossly misunderstood Yogic system the Tantra **Sri Aurobindo on the Tantra** Aurobindo Ghose,1967 **The Tantra**

Connection Monika Miller,Monika Muller,2009-09 Having started the new millennium we are in the midst of imminent changes This era was foreseen five millennia ago and described in tantric scriptures as the transition from the Age of Darkness to the Age of Truth The main intention of this book is to heighten the reader s understanding of this transformation and to assist in this time of change we are going through individually as well as in society Tantra considers the spiritual component of sexuality as it presents a balanced approach to life Like Tantra this text is designed to enhance and support individual spiritual growth in unity within a healing body Holistic health is an ever present undercurrent since the work intertwines the conscious use of energy in the body with knowledge gleaned from ancient Tantra Some parallels between ancient East Indian Tantra and the highly developed cosmology of the pre columbian Mayan culture are also identified The work is based on personal experiences These have led the author to an energetic understanding of Tantra Describing the use of certain meditations different modes of energy cleansing and cultivated sexuality it attempts to reinforce the reader s courage and self confidence The goal is to master life eventually becoming a whole human being a microcosm within the macrocosm In this context the work seeks to clarify from the focal point of energy and social programming the adversities and opportunities that couples face as soon as either partner begins the journey to Self It concludes by pointing to a possible future vision enabled by our consciousness and the actions we can take to bring on deepened awareness Tantra Hugh B. Vishwanath Prasad Varma,1990-01-01 **Marcel Duchamp and the Art of Life** Jacquelynn Baas,2019-11-19 A groundbreaking reading of Duchamp's work as informed by Asian esoterism energetic spiritual practices identifying creative energy with the erotic impulse Considered by many to be the most important artist of the twentieth century the object of intensive critical scrutiny and extensive theorizing Marcel Duchamp remains an enigma He may be the most intellectual artist of all time and yet toward the end of his life he said If you wish my art would be that of living each second each breath is a work which is inscribed nowhere which is neither visual or cerebral In *Marcel Duchamp and the Art of Life* Jacquelynn Baas offers a groundbreaking new reading of Duchamp arguing in particular that his work may have been informed by Asian esoterism energetic spiritual practices that identify creative energy with the erotic impulse Duchamp drew on a wide range of sources for his art from science and mathematics to alchemy Largely overlooked until now have been Asian spiritual practices including Indo Tibetan tantra Baas presents evidence that Duchamp's version of artistic realization was grounded in a western interpretation of Asian mind training and body energetics designed to transform erotic energy into mental and spiritual liberation She offers close readings of many Duchamp works beginning and ending with his final work the mysterious shockingly explicit *tant donn's 1 la chute d'eau 2 le gaz dclairage* Given 1 *The Waterfall* 2 *The Illuminating Gas* Generously illustrated with many images in color *Marcel Duchamp and the Art of Life* speculates that Duchamp viewed art making as part of an esoteric continuum grounded in Eros It asks us to unlearn what we think we know about both art and life in order to be open to experience **The Essential Aurobindo** Aurobindo Ghose,2001 Sri Aurobindo stands out as one of the most profound and profoundly relevant of contemporary Asian spiritual masters speaking to the West His vision transcends the distinctive strengths and weaknesses of India and the West and his discipline brings the yogas of the Gita to the task of world transformation Professor Robert McDermott's afterword recounts the increased significance of Aurobindo's message for the West in modern times **The Oxford Handbook of Millennialism** Catherine Wessinger,2011-10-17 Christian Dispensationalism the Taiping Revolution cargo cults in Oceania the Baha'i Faith and the Raelian Movement would seem to have little in common What they share however is a millennial orientation the audacious human hope for a collective salvation which may be heavenly or earthly or both Although many religions feature a belief in personal salvation millennial faiths are characterized by the expectation that salvation will be accomplished for an entire group by a superhuman agent with or without human collaboration The *Oxford Handbook of Millennialism* offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures While the term millennialism is drawn from Christianity it is a category that is used to study religious expressions in diverse cultures religious traditions and historical periods Sometimes millennial expectations are expressed in peaceful ways Other times millennialists become involved in violence The *Oxford Handbook of Millennialism* begins with a section that examines four primary types of millennialism Chapters in the next section examine key issues such as charismatic leadership use of

scripture prophetic failure gender roles children tension with society and violence The rest of the book explores millennialism in a wide variety of places and times from ancient Near Eastern movements to contemporary apocalyptic and new age movements including the roles played by millennialism in national and international conflicts This handbook will be a valuable resource for scholars of religious studies sociology psychology history and new religious movements **Sri**

Aurobindo Ghose,2016 **The Revelation of Saint John** Zachary F. Lansdowne,2006-05-01 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition
