Anthony Adamthwaite, 2014-03-04 A central question in European history is how did a great power pre eminent in 1918 lie defeated by the same enemy less than 20 years later Until recently the explanation has been sought in fundamental weaknesses that could only leave the French of 1940 hamstrung and demoralized Recent studies have challenged that view and now for the first time the revisionist approach is displayed in a single volume both summarizing the research of others and drawing on the author s own work in the archives The book is about as far from dry as dust diplomatic history as it s possible to get Its very readable and the author manages to show with the telling anecdote that even a serious subject has its comic side that for instance the French High Command kept forces stationed in the Alps for seven years because no one in the foreign service had thought to pass on news about a secret treaty between Italy and France in 1902 or that after a particularly stressful meeting Andrew Bonar Law the British prime minister mouth to Poincar the French president through

the closed carriage window of his train and you go to hell all the while smiling and exuding affability Such episodes are not the substance of the book but they oil its progress

**"My Dear Friend"**

, 2008-01-01 A sequel to *A Portrait in Letters* Correspondence to and about Joseph Conrad Rodopi 1995 this volume collects and annotates letters to Joseph Conrad by his family friends admirers and publishers An indispensable companion to the writer's own letters it restores the quality of exchange interaction and debate that belongs to a major correspondence It also leads to a fuller more rounded picture of Conrad in his personal and professional dealings both of the mutualities and rituals that underpinned his close friendships and of the terms underlying his mutual disagreements with others Familiar names are here Arnold Bennett John Galsworthy Edward Garnett Ford Madox Ford Bertrand Russell and H G Wells although in largely unfamiliar form through unpublished or inaccessible materials Another notable feature of the volume is the newly recovered correspondence relating to the implementation by Henry Newbolt and William Rothenstein of the Royal Bounty Fund grant awarded during one of Conrad's most severe financial crises 1904-06 An essential resource for the scholar this vivid collection can also be read with pleasure by the general reader for the light it throws on Conrad the man and writer and the rich context in which he moved

**Modernist Literature and European Identity** Birgit Van Puymbroeck, 2020-05-13

*Modernist Literature and European Identity* examines how European and non European authors debated the idea of Europe in the first half of the twentieth century It shifts the focus from European modernism to modernist Europe and shows how the notion of Europe was constructed in a variety of modernist texts Authors such as Ford Madox Ford T S Eliot Gertrude Stein Aimé Césaire and Nancy Cunard each developed their own notion of Europe They engaged in transnational networks and experimented with new forms of writing supporting or challenging a European ideal Building on insights gained from global modernism and network theory this book suggests that rather than defining Europe through a set of core principles we may

also regard it as an open or weak construct a crossroads where different authors and views converged and collided
