Superintendent of Documents,1993 *Black Redcoats* Matthew Taylor,2024-05-30 Tells the story of the thousands of enslaved African Americans who fled to British forces during the war in what became the largest emancipation of enslaved Americans until the abolition of slavery in the United States During the Anglo American War of 1812 British forces launched hundreds of amphibious raids on the United States The richest parts of the United States were slave states and thousands of enslaved African Americans fled to British forces in what was to be the largest emancipation of enslaved Americans until the abolition of slavery in the USA From these refugees from slavery the British built a force the Corps of Colonial Marines Black redcoats they were a fusion of two great American fears the return of the British King and an uprising by their own oppressed slaves The Corps of Colonial Marines turned Britain s campaign on America s coasts from one of harassment to one of existential threat to the new nation Although small in number the Colonial Marines fighting to liberate their own families as much as for Great Britain exerted a massive psychological impact on the United States which paralysed American resistance with fear of a widespread slave uprising and allowed British forces in the Chesapeake to burn down Washington DC As well as examining this little remembered part of British military and African American history this book will also look

to the post war history of the Colonial Marines their continued survival as a unique ethnic group in the Caribbean today and their involvement in the largest act of armed African American resistance to slavery The Battle of Negro Fort in 1816 was the only time American forces left American territory to destroy a fugitive slave community a community led by former Colonial Marines who when faced with American attack raised the British flag This book brings black history to the fore of the War of 1812 and gives a voice to those enslaved people who amidst great power competition between a slave holding Republic and a slave holding Empire demonstrated exceptional bravery and initiative to gain precious freedom for themselves and their descendants

Afro-Americans in Antebellum Boston Carol Buchalter Stapp, 2019-01-15 First published in 1993 The probate records of antebellum black Bostonians offer an ideal opportunity to compare the literature to a primary source both in terms of content and method Critical reviews of the scholarship first on black social history and then on probate inventories as historic sources precede an examination of the probate records themselves and a comparison of the literature to probate records The study concludes by indicating that the shortcomings of probate records arise from their leaving much mysterious or misunderstood without recourse to other sources while their strengths reside in their intimate and subtle suggestions for understanding a purportedly inarticulate population

**The Cyclopedia of American Biography** James Edward Homans, Herbert M. Linen, L. E. Dearborn, 1928

The 272 Rachel L. Swarns, 2024-07-09 An absolutely essential addition to the history of the Catholic Church whose involvement in New World slavery sustained the Church and thereby helped to entrench enslavement in American society Annette Gordon Reed Pulitzer Prize winning author of *The Hemingses of Monticello* and *On Juneteenth* New York Times Book Review Editors Choice Longlisted for the Andrew Carnegie Medal A BEST BOOK OF THE YEAR The New Yorker The New York Times Book Review The Washington Post Time Chicago Public Library Kirkus Reviews In 1838 a group of America's most prominent Catholic priests sold 272 enslaved people to save their largest mission project what is now Georgetown University In this groundbreaking account journalist author and professor Rachel L Swarns follows one family through nearly two centuries of indentured servitude and enslavement to uncover the harrowing origin story of the Catholic Church in the United States Through the saga of the Mahoney family Swarns illustrates how the Church relied on slave labor and slave sales to sustain its operations and to help finance its expansion The story begins with Ann Joice a free Black woman and the matriarch of the Mahoney family Joice sailed to Maryland in the late 1600s as an indentured servant but her contract was burned and her freedom stolen Her descendants who were enslaved by Jesuit priests passed down the story of that broken promise for centuries One of those descendants Harry Mahoney saved lives and the church's money in the War of 1812 but his children including Louisa and Anna were put up for sale in 1838 One daughter managed to escape but the other was sold and shipped to Louisiana Their descendants would remain apart until Rachel Swarns's reporting in The New York Times finally reunited them They would go on to join other GU272 descendants who pressed Georgetown and the Catholic Church to make amends prodding the institutions to break new ground in the

movement for reparations and reconciliation in America Swarns s journalism has already started a national conversation about universities with ties to slavery The 272 tells an even bigger story not only demonstrating how slavery fueled the growth of the American Catholic Church but also shining a light on the enslaved people whose forced labor helped to build the largest religious denomination in the nation      **Studies in American Church History** ,1922
