 a very English imperial queerly masculine subjectivity caught on the cusp of the extinction of the world in and of which it
 made sense Derek Sayer's allusive writing succeeds as few have done before in capturing the leaps and bounds of memory
 itself Rich in its detail unstinting in its honesty this beautifully written memoir is a considerable literary achievement The
 memoir is complemented by Sayer's provocative theoretical essay on memory and social identity Drawing on linguistic and
 psychoanalytic theory photographic images and literary texts *In Search of a Subject* argues that it is memory above all that
 maintains the imagined identities upon which society rests *Going Down for Air* is a bold and strikingly successful literary and
 sociological experiment which makes a major contribution to understanding how our memories work and gives them social
 meaning far beyond *Choice* ,1979
