Staging Governance Theatrical Imperialism In London 1770 18:

Staging Governance Daniel O'Quinn, 2020-03-03 Between 1770 and 1800 transformations in the relationship between metropolitan British society and its colonial holdings and in the concept of the nation itself left Britons with a new sense of themselves. Over the same period the consolidation of the middle classes was accompanied by growing social constraints on sexuality and family life. Staging Governance locates the intersection of these two trends in the representation of British India on the London stage. Theatrical productions, especially those representing colonial life, pushed the limits of public discourse on sexuality and colonialism even as the government made efforts to shape and narrow them. At the same time, official discourse on colonial practices such as the public trials of Clive and Hastings became theatrical events themselves. Exploring this rapidly shifting world through a series of original readings of dramatic texts and important moments of oratory, Staging Governance demonstrates how the perceived crises of imperial and domestic Britain joined these spheres in the popular imagination. The economics of political and sexual exchange not only became entwined but functioned as mutual supports during a period of social, cultural, and political readjustment. *Staging Governance* Daniel O'Quinn, **Enlightenment Orpheus** Vanessa Agnew, 2008-05-01 The Enlightenment saw a critical engagement with the ancient idea that music carries certain powers: it heals and pacifies, civilizes and educates. Yet this interest in musical utility seems to conflict with larger notions of aesthetic autonomy that emerged at the same time. In *Enlightenment Orpheus*, Vanessa Agnew examines this apparent conflict and provocatively questions the notion of an aesthetic philosophical break between the eighteenth and nineteenth centuries. Agnew persuasively connects the English traveler and music scholar Charles Burney with the ancient myth of Orpheus. She uses Burney as a guide through wide-ranging discussions of eighteenth-century musical travel, views on music's curative powers, interest in non-European music, and concerns about cultural identity. Arguing that what people said about music was central to some of the great Enlightenment debates surrounding such issues as human agency, cultural difference, and national identity, Agnew adds a new dimension to postcolonial studies, which has typically emphasized the literary and visual at the expense of the aural. She also demonstrates that these discussions must be viewed in context at the era's broad and well-entrenched transnational network and emphasizes the importance of travel literature in generating knowledge at the time. A new and radically interdisciplinary approach to the question of the power of music, its aesthetic and historical interpretations, and political uses, *Enlightenment Orpheus* will appeal to students and scholars in historical musicology, ethnomusicology, German studies, eighteenth-century history, and comparative studies. **Women's Romantic Theatre and Drama** Keir Elam, 2016-12-05 As theatre and drama of the Romantic Period undergo a critical reassessment among scholars internationally, the contributions of women as playwrights, actresses, and managers are also being revalued. This volume, which brings together leading British, North American, and Italian critics, is a crucial step towards reclaiming the importance of women's dramatic and theatrical activities during the period. Writing for the theatre implied assuming a public

role a hazardous undertaking for women who especially after the French Revolution were assigned to the private primarily domestic sphere As the contributors examine the covert strategies women used to become full participants in the public theatre they shed light on the issue of women s agency expressed both through the writing of highly politicized or ethicized drama as in the case of Elizabeth Inchbald or Joanna Baillie and through women s professional practice as theatre managers and stage producers as in the case of Elizabeth Vestris and Jane Scott Among the topics considered are women s history plays domesticity ethics and sexuality in women s closet drama the politics of drama and performance and the role of women as managers and producers Specialists in performance studies Romantic Period drama and women s writing will find the essays both challenging and inspiring
