The Christian Betrayal of the United States Carl Wells, 2010-10-22 The Christian Betrayal of the United States theorizes that 100% of the problems of the United States have their root in the conservative Bible believing Christian church of this country Countless books by liberal Christians or by non Christians have accused the Christian right of being a dangerous segment of our country Following the principles of the Christian right will lead to tyranny so the theory goes The Christian Betrayal of the United States takes a very different tack According to the author the Bible believing Christians have betrayed their country already by their actions in many distinct arenas of life Those who have cursed the Bible believing Christians as being too Christian have got it exactly backward They may curse Christians again when they understand that Christians were not Christian enough The author far from being a liberal Christian or a humanist is a self professed conservative Bible believing Christian He strives to show how his own people have betrayed their nation It is a dark story On the brighter side the author also tries to grope toward a solution of the problems he and his people have caused

To Save An Army Robert Forsyth,2022-11-10 Using the diaries of Luftwaffe commanders rare contemporary photographs and other previously unpublished sources Robert Forsyth analyzes the human strategic tactical and technical elements of one of the most dramatic operations arranged by the Luftwaffe Stalingrad ranks as one of the most infamous savage and emotive

battles of the 20th century It has consumed military historians since the 1950s and has inspired many books and much debate This book tells the story of the operation mounted by the Luftwaffe to supply by airlift the trapped and exhausted German Sixth Army at Stalingrad in the winter of 1942 43 The weather conditions faced by the flying crews mechanics and soldiers on the ground were appalling but against all odds and a resurgent and active Soviet air force the transports maintained a determined presence over the ravaged city on the Volga even when the last airfields in the Stalingrad pocket had been lost Yet even the daily figure of 300 tons of supplies needed by Sixth Army just to subsist proved over ambitious for the Luftwaffe which battled against a lack of transport capacity worsening serviceability and increasing losses in badly needed aircraft Using previously unpublished diaries original Luftwaffe reports and specially commissioned artwork this gripping battle is told in detail through the eyes of the Luftwaffe commanders and pilots who fought to keep the Sixth Army alive and supplied
