Stalinist Legacy Its Impact On Two:

Stalin's Legacy Struan Stevenson, 2012-09-06 As undisputed leader of the Soviet Union Joseph Stalin was directly responsible for the deaths of up to 60 million of his fellow citizens a truly horrific figure which confirms him as one of the most notorious mass murderers in history But Stalin not only waged war against his own people he and his successors regarded nature as an enemy that could be overcome by the might of Soviet technology and the brute force of slave labour The building of vast networks of canals and the diversion of major rivers has created untold environmental damage whilst Soviet nuclear and biological weapons programmes contaminated vast areas and caused unimaginable agony for human and animal life In this book Struan Stevenson travels to the former Soviet republics of Kazakhstan Uzbekistan Turkmenistan Kyrgyzstan and Tajikistan From the Semipalatinsk region of east Kazakhstan where over 600 nuclear tests were carried out between 1949 and 1990 to the Aral Sea the desiccation of which has reduced what was the world's fourth largest inland body of water to half the size it was just 50 years ago he presents a grim catalogue of environmental catastrophe As well as talking with those whose lives continue to be cruelly affected by this terrible legacy he also meets those who are trying to deal with its wider consequences as it threatens to impact far beyond the steppes of Central Asia Despite almost insurmountable challenges however there ultimately is a strong message of hope as both local and international organizations face up to the effects of disastrous and inhuman Soviet policies

Stalin's Legacy in Romania Stefano Bottoni, 2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HAR a Soviet style territorial autonomy that was granted in Romania on Stalin's personal advice to the Hungarian Székely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Székely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also

suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies

Religion and the Global Money Markets James Simon Watkins,2022-08-18 This book focuses on how religion particularly Christianity Islam Judaism and to a lesser extent Hinduism is shaping the ethos and daily actions of market participants within the global money markets The concepts inherent within Christianity Islam Judaism and Hinduism are making themselves felt within the global money markets As Islamic finance led to the introduction of sharia compliant derivatives for example Christian investment funds are leading ethical initiatives on Wall Street the City of London and elsewhere such as divesting from fossil fuels in response to the climate change emergency Jewish faith led funds are making significant strides with the further development of impact investments The concept of Hindu economics is also beginning to shape the actions of some market participants which are tied to the ideals of Mahatma Gandhi

Cosmonaut Cathleen S. Lewis,2023-08-08 Examining material and cultural representations of the cosmonaut program Cathleen Lewis discusses how the public image of the Soviet cosmonaut developed beginning in the 1950s and the ways this icon has been reinterpreted throughout the years and in contemporary Russia

Two Suns in the Heavens Sergey Radchenko,2009 Using newly available archival sources *Two Suns in the Heavens* examines the dramatic deterioration of relations between the USSR and China in the 1960s whereby once powerful allies became estranged competitive and increasingly hostile neighbors Sergey Radchenko s authoritative account of these years shows how the intrinsic inequality of the Sino Soviet alliance seen as entirely natural by the Russians but

bitterly resented by the Chinese resulted in its ultimate collapse Through a careful and comprehensive investigation of policymaking in both Moscow and Beijing Radchenko creates a new framework for understanding the role of power struggle ideology personalities and culture in Sino Soviet relations Stalin's Millennials Tinatin Japaridze,2022-02-21 This book examines Joseph Stalin s increasing popularity in the post Soviet space and analyzes how his image and the nostalgia it evokes is manipulated and exploited for political gain The author argues that in addition to the evil dictator and the Georgian comrade there is a third portrayal of Stalin the one projected by the generation that saw the tail end of the USSR the post Soviet millennials This book is not a biography of one of the most controversial historical figures of the past century Rather through a combination of sociopolitical commentary and autobiographical elements that are uncommon in monographs of this kind the attempt is to explore how Joseph Stalin s complex legacies and the conflicting cult of his irreconcilable tripartite of personalities still loom over the region as a whole including Russia and perhaps to an even deeper extent Koba s native land now the independent Republic of Georgia caught between its unreconciled Soviet past and the potential future within the European Union **Rethinking Theory and History in the Cold War** Richard Saull,2001 Rethinking Theory and History in the Cold War focuses on what we mean by politics and international relations and how such assumptions have come to determine our understanding of the Cold War Using an historical materialist method the author criticizes conventional conceptions of international politics that tend to focus on the agency of and relations among states and offers an alternative historical sociology of the Cold War through an analysis of the relationship between formal political authority and socio economic production Seen from this perspective the state the modern conceptions of politics can be seen as products of a capitalist modernity in which politics is based on the separation of the spheres of politics in the state and economics in civil society BOOK JACKET One Russia, Two Chinas George Fetherling,2004-09-01 A travel narrative written over the course of ten years One Russia Two Chinas is about change and resistance to change in the postmodern world In 1991 when the Soviet Union was about to morph into the Russian Federation George Fetherling found himself in Moscow He both marched with the workers in the last ever Communist May Day parade and observed at ground level the new Russia s love of the marketplace Fetherling then went overland to China His entry point was Beijing which at that moment was girding itself for the first anniversary of the Tiananmen Square massacre Later that same year he journeyed to Taiwan then in its final days as a dictatorship He returned there mid decade when the Other China had become a democracy in order to note the differences and similarities This is old fashioned travel writing with vivid prose bizarre characters and crystallizing descriptions But its also a valuable document that freezes some important world events for close inspection *Stalin and the Bomb* David Holloway,1994-01-01 Stalin and the Bomb represents a comprehensive history of Soviet nuclear policy from developments in physics in the 1920s to the emergence of nuclear deterrence in the 1950s The author looks at how the bombs were built and the role that espionage played The Future That Failed Johann P. Arnason,2005-08-02 This outstanding book analyses the

Soviet model as a distinctive pattern of modernity examining its historical background and institutional structure and challenging many of the assumptions and judgements made about the Soviet road **Perestroika In The Soviet**

Republics Charles F Furtado,Andrea Chandler,2019-06-04 The political and economic changes that occurred in the Soviet Union in the six and one half years of Mikhail Gorbachev s tenure as General Secretary were breathtaking in their scope and rapidity going far beyond most observeiS expectation Certainly the process of refonn which we call perestroilal transfonned the ossified one party socialist state that had prevailed underGorbachev s predecessors The reasons for embarking on such a coume of reform were varied eamomic aism and a decline in the Soviet state s ability to provide social welfare services for its citizens an increasingly apathetic population and a tense international environment all of these factoiS convinced the Soviet leadeiShip of the necessity of drastic change The policies of Gorbachev set refonn in motion freeing public expression glllsnost encouraging economic decentralization and private initiative and creating a more cooperative relationship with the West

Joseph Stalin David R. Egan,Melinda A. Egan,2007-07-25 With the opening of Russian and communist bloc archives dating from the Soviet era there has been a significant increase of scholarly writings pertaining to Joseph Stalin Widely considered to be among the most influential historical figures of the twentieth century Stalin continues to be a source of intense study In the absence of a comprehensive compilation of periodical literature the need for Joseph Stalin An Annotated Bibliography of English Language Periodical Literature to 2005 is conspicuous Ranging from editorials and news reports to academic articles the more than 1 700 sources cited collectively cover the full range of his life the various aspects of his leadership and virtually all facets of the system and practices traditionally associated with his name The coverage in this bibliography extends beyond the person of Stalin to include the subjects of Stalinism the Stalinist system the Stalin phenomenon and those policies and practices of the Communist Party and Soviet state associated with him This volume also provides a record of scholarly opinion on Stalin and sheds light on the evolution and current state of Stalinology An effort has been made to list only those articles in which Stalin figures prominently but in some instances articles have been included which do not center on Stalin but are worthy of listing for other reasons The book is divided into fourteen main sections General Studies and Overviews Biographical Information and Psychological Assessments The Revolutionary Movement October Revolution and Civil War Rise to Power Politics Economics Society and Social Policy Nationalism and Nationality Policy Culture Religion Philosophy and Theory Foreign Relations and International Communism Military Affairs and De Stalinization Including a subject index of several hundred headings and even greater number of subheadings this comprehensive annotated bibliography should be of benefit to those individuals who for the purpose of research or classroom

Cold War Capitalism Richard B. Day, 1995-08-29 Looking back from the perspective of the mid 1990s it is difficult to believe that Soviet power for so long presented a threat and a challenge to the capitalist system Yet until only a few short years ago many in the West saw the Soviet Union as a military industrial colossus and ourselves as decadent dispirited and rapidly losing ground This book examines the extent to which Soviet economists shared that opinion Covering the period from the end of World War II to the beginning of detente coinciding with the US withdrawal from Vietnam and the Watergate crisis Cold War Capitalism takes up the analysis of Marxist Leninist intellectual life which Richard Day began in The Crisis and the Crash Soviet Studies of the West 1917-1939 This ongoing inquiry into Soviet political economy offers fascinating insights into both the perceptual origins of the Cold War and the tenacity with which it was waged

Yugoslavia and the Soviet Union in the Early Cold War Svetozar Rajak, 2010-10-18 This book provides a comprehensive insight into one of the key episodes of the Cold War the process of reconciliation between Yugoslavia and the Soviet Union At the time this process had shocked the World as much as the violent break up of their relations did in 1948 This book provides an explanation for the collapse of the process of normalization of Yugoslav Soviet that occurred at the end of 1956 and the renewal of their ideological confrontation It also explains the motives that guided the two main protagonists Josip Broz Tito of Yugoslavia and the Soviet leader Nikita Sergeevich Khrushchev Based on Yugoslav and Soviet archival documents this book establishes several innovative theories about this period Firstly that the significance of the Yugoslav Soviet reconciliation went beyond their bilateral relationship It had ramifications for relations in the Eastern Bloc the global Communist movement and on the dynamics of the Cold War world at its crucial juncture Secondly that the

Yugoslav Soviet reconciliation brought forward the process of de Stalinization in the USSR and in the Peoples Democracies Thirdly it enabled Khrushchev to win the post Stalin leadership contest Lastly the book argues that the process of Yugoslav Soviet reconciliation permitted Tito to embark together with Nehru of India and Nasser of Egypt upon creating the new entity in the bi polar Cold War world the Non aligned movement This book will be of interest to students of Cold War History diplomatic history European history and International Relations in general Svetozar Rajak is a lecturer at the London School of Economics and Political Science He is the Managing Director of the LSE Cold War Studies Centre and is a member of the Editorial Board of the journal Cold War History

Romania under Communism Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania s last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania s trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry

The Cambridge History of the Cold War: Volume 1, Origins Melvyn P. Leffler, Odd Arne Westad, 2012-01-26 This volume examines the origins and early years of the Cold War In the first comprehensive reexamination of the period a team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period and discusses how markets ideas and cultural interactions affected political discourse diplomacy and strategy after World War II The chapters focus not only on the United States and the Soviet Union but also on critical regions such as Europe the Balkans and East Asia The authors consider the most influential statesmen of the era and address issues that mattered to people around the globe food nutrition and resource allocation ethnicity race and religion science and technology national autonomy self determination and sovereignty In so doing they illuminate how people worldwide shaped the evolution of the increasingly bipolar conflict and in turn were ensnared by it
