Stalins Last Crime The Plot Against The Jewish Doctors 1948 1953:

Stalin's Last Crime Jonathan Brent, Vladimir Naumov, 2010-06-15 A new investigation based on previously unseen KGB documents reveals the startling truth behind Stalin's last great conspiracy. On January 13, 1953, a stunned world learned that a vast conspiracy had been unmasked among Jewish doctors in the USSR to murder Kremlin leaders. Mass arrests quickly followed. The Doctors Plot, as this alleged scheme came to be called, was Stalin's last crime. In the fifty years since Stalin's death, many myths have grown up about the Doctors Plot. Did Stalin himself invent the conspiracy against the Jewish doctors, or was it engineered by subordinates who wished to eliminate Kremlin rivals? Did Stalin intend a purge of all Jews from Moscow, Leningrad, and other major cities which might lead to a Soviet Holocaust? How was this plot related to the cold war, then dividing Europe, and the hot war in Korea? Finally, was the Doctors Plot connected with Stalin's fortuitous death? Brent and Naumov have explored an astounding array of previously unknown top secret documents from the KGB, the presidential archives, and other state and party archives in order to probe the mechanism of one of Stalin's greatest intrigues and to tell for the first time the incredible full story of the Doctors Plot.

The Last Days of Stalin Joshua Rubenstein, 2016-05-31 A gripping account of the months before and after Joseph Stalin's death and how his demise reshaped the course of twentieth century history. Joshua Rubenstein's riveting account takes us back to the second half of 1952 when no one could foresee an end to Joseph Stalin's murderous regime. He was poised to challenge the newly elected U.S. President Dwight Eisenhower with armed force and was also broadening a vicious campaign against Soviet Jews. Stalin's sudden collapse and death in March 1953 was as dramatic and mysterious as his life. It is no overstatement to say that his passing marked a major turning point in the twentieth century. *The Last Days of Stalin* is an engaging, briskly told account of the dictator's final active months: the vigil at his deathbed and the unfolding of Soviet and international events in the months after his death. Rubenstein throws fresh light on the devious plotting of Beria, Malenkov, Khrushchev, and other comrades-in-arms who well understood the significance of the dictator's impending death. The witness documented events of his death as compared to official published versions, Stalin's rumored plans to forcibly exile Soviet Jews, the responses of Eisenhower and Secretary of State Dulles to the Kremlin's conciliatory gestures after Stalin's death, and the momentous repercussions when Stalin's regime of terror was cut short. A fascinating and often chilling reconstruction of the months surrounding the Soviet dictator's death. Saul David, *Evening Standard*, UK. A gripping look at the power struggles after the Red Tsar's death. Victor Sebestyen, *The Sunday Times*, UK. Stalin's death in March 1953 cut short another spasm of blood purges he was planning but triggered only limited Soviet reforms. To some Westerners it promised an extended period of peace but others feared it would leave the West even more vulnerable. Joshua Rubenstein's lively, detailed, carefully crafted book chronicles a key twentieth century turning point that didn't entirely turn, revealing what difference Stalin's death did and didn't make and why. William Taubman, author of *Khrushchev: The Man and His Era*. [Ritual Murder in Russia, Eastern Europe, and Beyond](#) Eugene M. Avrutin, Jonathan

snipers nests scientific laboratories and the Gulag taking us deep into the hearts and minds of characters ranging from a boy on his way to the gas chambers to Hitler and Stalin themselves This novel of unsparing realism and visionary moral intensity is one of the supreme achievements of modern Russian literature *Documentary Aesthetics in the Long 1960s in Eastern Europe and Beyond* ,2023-12-18 This book is the first to deal with documentary aesthetic practices of the post war period in Eastern Europe in a comparative perspective The contributions examine the specific forms and modes of documentary representations and the role they played in the formation of new aesthetic trends during the cultural political transition of the long 1960s This documentary first hand approach to the world aimed to break up unquestioned ideological structures and expose tabooed truths in order to engender much needed social changes New ways of depicting daily life writing testimony or subjective reportage emerged that still shape cultural debates today Stalin's Legacy in Romania Stefano Bottoni,2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HAR a Soviet style territorial autonomy that was granted in Romania on Stalin s personal advice to the Hungarian Sz kely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Sz kely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies **Engineering Communism** Steven T.
