Buxton - My Life in Football Ted Buxton, 2017-09-07 As a professional football coach and football scout Edward Ted Buxton is well known in the world of professional football. He has travelled the world scouting, assessing and negotiating for players working in the UK, USA and China. But had it not been for football, Ted's prospects would have been no better than other working class lads from South London. A tough Docklands upbringing during the Blitz and subsequent conscription for national service led 18-year-old Ted away from playing football to Malaya and the brutal realities of war. But it is here that he developed his instinct to survive, kill or be killed. After the war, knowing he'll never make the big time as a player, Ted realised his aptitude for coaching and spotting talent. From ordinary butcher boy and soldier to Chief Scout and assistant to Terry Venables at the England squad, this inspiring book recounts life alongside many legendary football managers: Gordon Jago, Bobby Robson, Brian Clough, Sir Alex Ferguson, Sven Goeran Eriksson and Arsene Wenger. Not forgetting the numerous players from George Best to Rodney Marsh, Alan Shearer, Paul Gascoigne, Glenn Hoddle, Ossie Ardiles, Pele, Beckenbauer, Maradona to name but a few. The book is packed with anecdotes and encounters with the famous and infamous, from Ella Fitzgerald to the Kray Twins and behind the scenes at Downing Street and Buckingham Palace. **The River Dee** J. In his idiosyncrasy, poetry should not only take the form of lines and stanzas but also designs styles of different forms. Poets should be able to depict whatever image they deem fit in their piece, provided these images give meaning. Besides every single poem, no matter the context or design, should be characterised by literary devices or figures of speech. As a pioneer, the poet has put together a collection of 1 000 poems using oceans of images, designs and brands. *The First Daughter* Richard Haines, 2024-07-05 A sinister cabal has been growing in the ashes of the Cold War. God's Viking: Harald Hardrada Nic Fields, 2020-02-19 An epic historical biography of the Norwegian king who laid claim to the thrones of Denmark and England. Harald Hardrada is perhaps best known as the inheritor of seven feet of English soil in that year of fateful change 1066. But Stamford Bridge was the terminal point of a warring career that spanned decades and

continents Thus prior to forcibly occupying the Norwegian throne Harald had an interesting and lucrative career in the Varangian Guard and he remains unquestionably the most notable of all the Varangians who served the Byzantine emperors In the latter employment he saw active service in the Aegean Sicily Italy Anatolia Syria Palestine and Bulgaria while in Constantinople he was the hired muscle behind a palace revolution A man of war his reign in Norway was to be taken up with a wasteful vicious and ultimately futile conflict against Denmark a kingdom like England he believed was his to rule We follow Harald s life from Stiklestad where aged fifteen he fought alongside his half brother King Olaf through his years as a mercenary in Russia and Byzantium then back to Norway ending with his death in battle in England Praise for God s Viking A gripping story of the last great Viking who is remembered most for his boast to the Saxons that he had come to conquer their land and ended up with just enough to contain his body Most highly recommended Firetrench
