Stamps In My Passport A Collection Of Travel Vignettes:

Post-Soviet Borders Sabine von Löwis, Beate Eschment, 2022-08-18 This book investigates how borders in former Soviet Union territories have evolved and shifted in the thirty years since the end of the Cold War. The collapse of the Soviet Union in 1991 led to fifteen independent states and numerous de facto states but this process of rebordering is not finished and social economic infrastructural cultural and political networks and spaces continue to develop. This book explores the intersection between these geopolitical shifts and the individual lived experience drawing on cases from across border regions in the Caucasus Central Asia and Eastern Europe. Throughout the book introduces and frames the case studies with well informed theoretical conceptual and methodological overviews that situate them within border studies in general and post Soviet border spaces in particular. Overall the book demonstrates that like a kaleidoscope the dynamic elements in these newly evolved border regions are similar yet strikingly different in their juxtapositions with the appearance of new configurations often dependent on changing geopolitical constellations. This timely guide to the post Soviet world thirty years after the Cold War will be of interest to researchers across border studies politics geography social anthropology history Eastern European Studies Central Asian Studies and Caucasian Studies. The American Philatelist, 1998 Beginning with 1894 consists mainly of the Proceedings etc of the American philatelic association. Ethnographic Encounters in Israel Fran Markowitz, 2013-06-11 Essays on the challenges of anthropological work in a complicated country. A compelling anthology. Ruth Behar. Israel is a place of paradoxes a small country with a diverse population and complicated social terrain. Studying its culture and social life means confronting a multitude of ethical dilemmas and methodological challenges. These first person accounts by anthropologists engage contradictions of religion politics identity kinship racialization and globalization to reveal fascinating and often vexing dimensions of the Israeli experience. Caught up in pressing existential questions of war and peace social justice and national boundaries the contributors explore the contours of Israeli society as insiders and outsiders natives and strangers as well as critics and friends.
