

The Standard for Dog Breeding

Standard	Guidance
<p>1. The breeder must comply with all legislation relevant to their breeding establishment. Wherever legislation requires dogs' needs to be provided and they are expressed thus:</p> <p>"an animal's needs shall be taken to include:</p> <ul style="list-style-type: none"> a) its need for a suitable environment, b) its need for a suitable diet, c) its need to be able to exhibit normal behaviour patterns, d) any need it has to be housed with, or apart from, other animals, and e) its need to be protected from pain, suffering, injury and disease." 	<p>All dogs in England and Wales are subject to the Animal Welfare Act 2006. In Scotland the Animal Health and Welfare Act 2006 (Act 2006), and in Northern Ireland the Welfare of Animals Act 2003 (Act 2003) apply. In addition, where breeders may be subject to additional legislation.</p> <p>Where this Standard is not consistent with strictly, or the intent under, or the legislation, the Dog Breeding Reform Group considers that complying with these standards is likely to fulfil the requirements of the relevant legislation.</p>
<p>2. Records must be kept for all activity relating to the dogs and kept for 10 years. Records must include:</p> <ul style="list-style-type: none"> a) Name, date of birth and permanent identification, b) Breed where appropriate, c) Colour and other distinguishing marks, d) Registration number where appropriate, e) Date of acquisition, f) Weight, g) All veterinary treatment, h) Dates of mating, i) For bitches, date of whelping and number of puppies, j) For dogs, dates of matings and number of puppies, k) Results of all tests for inherited defects, and the date of the tests, l) Date of leaving the breeder, and contact details for destination. 	<p>Records may be kept manually or on computer. Where kept on computer, same means of backing records for the computer should be available. There should also be facility for regular back-up of records to prevent loss.</p>
<p>3. When euthanasia is required at any age it must be carried out by a veterinary surgeon and recorded to include the reason for euthanasia and the name of the veterinary surgeon who performed it. Breeding stock must not be routinely euthanased when no longer required for breeding.</p>	<p>This applies equally to animals at breeding stock as well as to puppies. Puppies should not be euthanased simply because they have a colour or morphological defect that will not affect welfare or cause commercial failure or compromise health. Affected dogs should be retained.</p> <p>In breeding stock, should only be euthanased where they are incapable of being rehomed, as required by either a veterinary surgeon, or a breeder and working at the level of agreed shared responsibility. Euthanased animals should be sent to a Veterinary Refractory, or referred to the Animal Humane and Training Council www.abthumec.org.uk/</p>
