Valor and Vulnerability Robert C. Dykstra, Ryan LaMothe, 2025-04-10 Intimacy vulnerability precarity resiliency and loss are ingredients of any life though they take on particular shape and tone when we listen to the experiences of boys and men The voices and stories of men and boys are invitations for pastoral ministers and theologians to understand and respond to their joys struggles and sorrows as well as to recognize and affirm their courage and strengths In this book thirteen scholars in pastoral theology from diverse backgrounds and perspectives collaborate in engaging art literature the social sciences and cultural artifacts to explore the intersection of masculinity and religious life in rich and varied forms Their aim in part is not only to deepen and appreciate wide ranging experiences of boys and men but also to attend and respond to systemic realities that contribute to or undermine their flourishing

Narrative Therapy in Wonderland David Marsten, David Epston, Laurie Markham, 2016-11-08 Recognizing the power of children's imaginations in narrative therapy Therapists may marvel at

children's imaginative triumphs but how often do they recognize such talents as vital to the therapy hour? Should therapists reserve a space for make-believe only when nothing is at stake or might it be precisely those moments when something truly matters that imagination is most urgently needed? This book offers an alternative to therapeutic perspectives that treat children as vulnerable and helpless. It invites readers to consider how the imaginative gifts and knowledge of children when supported by the therapist and family can bring about dramatic change. The book begins with an account of the foundations of narrative theory. It explains how such elements as language characterization and suspense contribute to the coherence of a story and bring young people into focus. Each subsequent chapter provides specific suggestions for the practice of narrative therapy. Examples of the difficulties children face are offered along with narrative interventions and tips for overcoming common barriers that can arise along the way. Readers will learn a variety of ready-to-implement strategies including how to personify problems, compose letters to affirm children's identities, summon fairies to lend a helping hand, and many more. Sample dialogues between the author's children and their parents bring the application of each practice to life, illuminating how even the most stubborn problem can be outwitted, sometimes by mischievous means. With robust professional insight, *Narrative Therapy in Wonderland* will aid any practitioner in calling on children's imaginative know-how. How often can a young person be spotted diving headlong into a world of fantasy? This book explores the extraordinary fact that these young people may upon arrival in Wonderland be far better equipped to take on even dire challenges than when they remain up above.

English Texts & Contexts 1 F. Pollock, L. Dippel, 2003 This book includes chapters dealing with the relationships between composers and responders, how to use technology to make texts, and how to effectively compose and respond to different types of text. There is a wide range of texts presented, including film, visual, and electronic texts. Students will learn how to increase their understanding of language features, structures, the perspectives of composers and responders, and the way that context can affect a text.

Believe In the World Amy Gash, Elise Howard, 2024-08-20 An inspiring and delightful illustrated collection of quotations from a diverse range of our most beloved children's books that will help teach all of us how to live in the world today. Perfect for gift season and for readers of books like *The Boy*, *The Mole*, *The Fox and The Horse*, and *How to Love the World*. Everything we need to know as adults can be found in the brilliant, imaginative, diverse world of children's books. That is the simple yet powerful promise that *Believe In the World* offers. This illustrated, gifty collection with witty and inspirational quotations organized in chapters such as *How to Believe in the World* and *How to Have Fun in the World* reminds us not to lose sight of the values we learned as kids: to be courageous, to do good deeds, to respect our imaginations, and maybe even to break a few rules every once in a while. Some quotations will bring readers back to old favorites like *The Little Prince* or *Ramona Forever*, while others will lead to new discoveries inspired by the exciting new variety of children's books being published today. And all provide a roadmap to doing and being good in the world. As one reviewer wrote about *Believe In the World*'s predecessor *What the Dormouse Said* published by Algonquin in 1999: Whether

you're looking for wisdom about goodness or sadness or even more practical matters you will surely find it in this delightful collection. Believe In the World lands in the sweet spot of nostalgic and entertaining, fresh and enlightening. And at the same time it reminds us of the exhilaration of being a reader young at heart venturing forth into the world of storybooks and unforgettable characters and confirming that we are never too old to recapture the lessons, pleasures and exuberance of childhood.

21st-Century Gothic Danel Olson, 2011. Selected by a poll of more than 180 Gothic specialists, creative writers, professors, critics and Gothic Studies program developers at universities, the fifty-three original works discussed in *21st Century Gothic* represent the most impressive Gothic novels written around the world between 2000-2010. The essays in this volume discuss the merits of these novels, highlighting the influences and key components that make them worthy of inclusion. Many of the pioneer voices of Gothic Studies as well as other key critics of the field have all contributed new essays to this volume, including David Punter, Jerrold Hogle, Karen F. Stein, Marie Mulvey Roberts, Mary Ellen Snodgrass, Tony Magistrale, Don D. Ammassa, Mavis Haut, Walter Rankin, James Doig, Laurence A. Rickels, Douglass H. Thomson, Sue Zlosnik, Carol Margaret Davison, Ruth Binstock, Anolik Glennis, Byron, Judith Wilt, Bernice Murphy, Darrell Schweitzer, and June Pulliam. The guide includes a preface by one of the world's leading authorities on the weird and fantastic, S. T. Joshi. Sharing their knowledge of how traditional Gothic elements and tensions surface in a changed way within a contemporary novel, the contributors enhance the reader's dark enjoyment, emotional involvement and appreciation of these works. These essays show not only how each of these novels are Gothic but also how they advance or change Gothicism, making the works both irresistible for readers and establishing their place in the Gothic canon.

Crossing Textual Boundaries in International Children's Literature Lance Weldy, 2011-01-18. As the first part of the title indicates, my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well. If we believe that no text is an island, then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry. I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium. Not only am I interested in discussing what these changes across boundaries mean socially, historically and culturally but also what they mean geographically, which accounts for the second part of my title. I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level. I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways, by either studying abroad or finding permanent residency in foreign countries. Nevertheless, the writers have lived extensively in or identify as being from Australia, Canada, England, Finland, Germany, Greece, Iceland, Ireland, Israel, Norway, Spain, Sweden, Turkey, the United States of America and Wales.
