The Cartularies And Registers Of Peterborough Abbey

Janet D. Martin

The Cartularies And Registers Of Peterborough Abbey:

The Cartularies and Registers of Peterborough Abbey Janet D. Martin, 1978 The manuscripts described in this handlist are the cartularies and registers of the former Benedictine abbey of Peterborough By cartularies we mean copies of charters and other documents assembled together usually in book form for the purposes of reference and information and particularly concerned with the evidences of title The registers on the other hand are books in which both incoming and outgoing correspondence and other administrative material was recorded during the incumbency of individual abbots

The cartularies and registers of Peterborough Abbey Janet D. Martin, 1978 **The Obedientiaries of Westminster Abbey and Their Financial Records, C. 1275-1540** Westminster Abbey, Barbara F. Harvey, 2002 Following the normal practice in Benedictine monasteries the obedientiaries of Westminster Abbey kept two quite different kinds of record and for distinct purposes Their charters together with the cartularies and registers where these documents were so often copied made it possible for them to defend the Abbey's properties and privileges when these were challenged by lay or ecclesiastical opponents Their financial records the subject matter of this book assisted good housekeeping within their several departments and enabled them to survive the audit which each faced once a year at the hands of fellow monks only the abbot and prior were tacitly exempted from this testing experience The core of the collection of financial records consists of the so called final accounts prepared each year by obedientiaries other than the abbot and prior for scrutiny at the audit Nearly 2 000 of these survive not counting second copies In the course of the year however obedientiaries made use of many other forms of financial record Without these subsidiary records it would have been difficult or impossible to compile the final accounts and we can be confident that many were on the table at the audit and owe their survival to this circumstance

The Court and Account Rolls of Peterborough Abbey Janet D. Martin, 1980 **Rulership and Rebellion in the Anglo-Norman World, c.1066-c.1216** Paul Dalton, David Luscombe, 2016-03-09 The importance of the themes of rulership and rebellion in the history of the Anglo Norman world between 1066 and the early thirteenth century is incontrovertible The power government and influence of kings queens and other lords pervaded and dominated society and was frequently challenged and resisted But while biographies of rulers studies of the institutions and operation of central local and seigniorial government and works on particular political struggles abound many major aspects of rulership and rebellion remain to be explored or further elucidated This volume written by leading scholars in the field and dedicated to the pioneering work of Professor Edmund King will make an original important and timely contribution to our knowledge and understanding of Anglo Norman history

The Various Models of Lordship in Europe between the Ninth and Fifteenth Centuries Antonio Antonetti, Riccardo Berardi, 2023-10-25 The status of lord represented one of the most original solutions to the political and social transitions of the Medieval period Questions still remain unanswered and require further investigation thus many scholars have collaborated to produce this collection which offers a synthesis of the most recent

scholarship This book relates the workings of seigneurial systems in different areas of Europe from the Baltic to the Mediterranean from Castile to Pontus In this way the perspective remains the same institutional and material This book emphasises both the institutional and informal forms of lordship identified and crystallised by social and political actors for example communities sovereigns nobles bishops and abbots It offers a general framework for those approaching the subject for the first time and a useful in depth tool with numerous regional cases for long term scholars *Myth, Rulership, Church and Charters* Andrew Wareham, 2017-03-02 For more than forty years Nicholas Brooks has been at the forefront of research into early medieval Britain In order to honour the achievements of one of the leading figures in Anglo Saxon studies this volume brings together essays by an internationally renowned group of scholars on four themes that the honorand has made his own myths rulership church and charters Myth and rulership are addressed in articles on the early history of Wessex the fall of Mercia and the battle of Brunanburh contributions concerned with charters explore the means for locating those hitherto lost the use of charters in the study of place names their role as instruments of agricultural improvement and the reasons for the decline in their output immediately after the Norman Conquest Nicholas Brooks's long standing interest in the church of Canterbury is reflected in articles on the Kentish minster of Reculver which became a dependency of the church of Canterbury on the role of early tenth century archbishops in developing coronation ritual and on the presentation of Archbishop Dunstan as a prophet Other contributions provide case studies of saints cults with regional and international dimensions examining a mass for St Birinus and dedications to St Clement while several contributions take a wider perspective looking at later interpretations of the Anglo Saxon past both in the Anglo Norman and more modern periods This stimulating and wide ranging collection will be welcomed by the many readers who have benefited from Nicholas Brooks's own work or who have an interest in the Anglo Saxon past more generally It is an outstanding contribution to early medieval studies *The Peterborough Version of the Anglo-Saxon Chronicle* Malasree Home, 2015 An examination of the linguistic and cultural construction of one of the texts of the Anglo Saxon Chronicle In the twelfth century a version of the Anglo Saxon Chronicle was rewritten at Peterborough Abbey welding local history into an established framework of national events This text has usually been regarded as an exception a vernacular Chronicle written in a period dominated by Latin histories This study however breaks new ground by considering the Peterborough Chronicle as much more than just an example of the accidental longevity of the Chronicle tradition Close analysis reveals unique interpretations of events and a very strong sense of communal identity suggesting that the construction of this text was not a marginal activity but one essential to the articulation of the abbey's image This text also participates in a vibrant post Conquest textual culture in particular at Canterbury including the writing of the bilingual F version of the Chronicle its symbiotic relationship with a wider corpus of Latin historiography thus indicates the presence of shared sources The incorporation of alternative generic types in the text also suggests the presence of formal hybridity a further testament to a fluid and adaptable textual culture Dr Malasree Home

The Secular Jurisdiction of Monasteries in Anglo-Norman and Angevin England

Kevin Lee Shirley, 2004 Study of the operation of the monastic honor court affords new insights into the evolution of royal justice in Anglo Norman and Angevin England After William the Conqueror imposed upon English monastic houses an obligation to provide knights for the king's army their new lay military and judicial responsibilities required them to organize honor courts Because abbots were not merely leaders of religious houses but also honorial lords presiding over secular justice a study of the monastic honor court affords new insights into the evolution of royal justice in Anglo Norman and Angevin England Tribunals of monastic houses answered questions on the knights tenures and services assessed and enforced military obligations and resolved tenants disputes Under the Conqueror's sons monastic lords in England regularly looked to their king for support in preserving and protecting their jurisdiction and the Anglo Norman kings responded favorably Under the Angevin kings however administrative reforms altered the nature of the honorial court and hastened the decline of the monastic honor court in the thirteenth century KEVIN L SHIRLEY teaches in the Department of History LaGrange College Contents The Monastic Honour Court Monasteries and the County Courts The Monasteries and the Curia Regis The Anglo Norman period 1066 1154 The Monasteries and the Curia Regis The reign of Henry II 1154 1189 The Monasteries and the Curia Regis The reigns of Richard I and John 1189 1216 Conclusion

Peterborough Abbey

Karsten Friis-Jensen, James M. W. Willoughby, 2001 This volume brings together every catalogue and book list to survive from the library of Peterborough Abbey one of the great monastic houses of medieval England The lists range in date from the tenth century bequest of Bishop Ethelwold of Winchester the first such record to survive from England to the select list of titles recorded by John Leland prior to the Dissolution of the Monasteries A catalogue of the early twelfth century records 61 titles and may conceivably be a record of what had survived the flames of a disastrous fire in 1116 A long list of abbatial bequests to the library covers the years 1177 1391 and includes the important donation of Abbot Benedict 1177 1193 The chief catalogue to survive is the so called Matricularium a peculiar and complicated document of the late fourteenth century attesting some 347 compendious volumes Certainly this number of books can only represent a portion of the collection at the time but the catalogue remains enormously valuable since it records the many subsidiary titles in each volume instead of merely the first and allows a small number of surviving manuscripts to be identified as having been at Peterborough Also included in this volume are texts which relate to the practice of reading in the abbey the cycle of refectory reading during the liturgical year and the annual distribution in Lent of books for private reading
