The Case Of The Iceland Dogs:

The Case of the Iceland Dogs Cora Cheney,1977-01-01 A young boy is determined to find a mate for his great uncle's pure bred Icelandic sheep dog **A Summer in Iceland** Carl Wilhelm Pajkull,1868 *The German Shepherd Dog In Word And Picture* V. Stephanitz,2011-03-25 Originally published in Germany in 1923 The German Shepherd Dog in Word and Picture is the English translation of what is probably the most important book ever published on this popular breed This volume is highly recommended for owners and breeders alike and it would make for a fantastic addition to collections of allied literature Contents include The Shepherd dog and Herdsman's dog their Origin and Relationship The Nature and Service of the Shepherd Dog Breeding Rearing Judging Training Kennels etc Many vintage books such as this are increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author [A People's History of the European Court of Human Rights](#) Michael Goldhaber,2008-12-31 The exceptionality of America's Supreme Court has long been conventional wisdom But the United States Supreme Court is no longer the only one changing the landscape of public rights and values Over the past thirty years the European Court of Human Rights has developed an ambitious American style body of law Unheralded by the mass press this obscure tribunal in Strasbourg France has become in many ways the Supreme Court of Europe Michael Goldhaber introduces American audiences to the judicial arm of the Council of Europe a group distinct from the European Union and much larger whose mission is centered on interpreting the European Convention on Human Rights The Council routinely confronts nations over their most culturally sensitive hot button issues It has stared down France on the issue of Muslim immigration Ireland on abortion Greece on Greek Orthodoxy Turkey on Kurdish separatism Austria on Nazism and Britain on gay rights and corporal punishment And what is most extraordinary is that nations commonly comply In the battle for the world's conscience Goldhaber shows how the court in Strasbourg may be pulling ahead *Our Debt to the Dog* Bryan D. Cummins,2013-11-07 When Homo sapiens sapiens met Canis lupus lupus millennia ago the result was Canis lupus familiaris the domestic dog Since that fateful encounter the dog has become arguably humankind's greatest creation The domestic dog is the most widely distributed species other than ourselves in the world being found virtually wherever people live and is also the most diversified of species with literally hundreds of recognized breeds While we have shaped the dog it too has helped shape human history in innumerable ways Our Debt to the Dog is a critical historical and cross cultural examination through the use of case studies of this most improbable 15 000 year relationship and an exploration of how this relationship shaped the history of the world It is also very much an apology to the dog because over the course of the partnership horrific acts were perpetrated against it intentionally and otherwise Our Debt to the Dog enriches our understanding of the dog and extends our appreciation for the profound complexity of past and present human canine relationships and the dog's contributions to our lives and our world *Catalog of Copyright Entries.*
