Insider Outsider Preeti Gill, Samrat Choudhary, A compelling and untold bunch of short non fiction essays and poems that address the issues faced by the North Eastern states of India The North East is a complex mosaic of multiple ethnicities languages religions and tribes Apart from the groups that lay claim to indigeneity there are minorities here from communities that are majorities elsewhere in the Indian mainland These are people who are typically viewed as outsiders in the North East though they may have been living there for generations Theirs is something of a mirror image of the experience of North Easterners in mainland Indian cities such as Delhi who have often had to deal with an outsider tag they did not relish in the capital of a country against which many of the picturesque remote hills and valleys they called home saw armed insurgencies These shared twin experiences of being simultaneously insiders and outsiders is the subject of this anthology There are scholarly essays as well as personal accounts and a few poems The result is a delightful mix that opens up a window to a part of the world that is still little known and poorly understood whose experiences may shed some light on global issues of migration and citizenship as embodied in the lives of ordinary people

The Eyewitness Manas Paul, 2009 Over the last three decades Tripura the smallest of North East Indian states surrounded on three sides by Bangladesh was caught in the vortex of highly patterned militant violence deadly ethnic conflicts and planned destruction of thousand year old harmonious and peaceful coexistence of tribal and non tribal people of the state Since the day the TNV took to arms the surfeit of tribal insurgencies in Tripura is marked by brutal civilian massacres abduction of innocent citizens ambushes on security forces large scale extortions and a ruthless ethnic cleansing perpetrated on unarmed non tribals by the National Liberation Front of Tripura and the All Tripura Tiger Force two banned underground organizations The armed insurrections in Tripura at varied levels and colors often abetted by narrow political interest were marked not only by serious threat to human life and civilian security but also by destruction of properties on a colossal scale The blood spilling xenophobic tribal militancy sought homogenization of the land and the subsequent fall out also caused wide ethnic fissures between the majority Bengalis and minority indigenous tribal people One of the important features of the orgy of violent campaigns was that it had taken ominous proportions with the forces inimical to India coming to play the key role to help and support the underground elements The book The Eyewitness Tales from Tripura s Ethnic Conflict creates a matrix of hard facts and figures with personal experiences and stories of witnesses from a cross section of people common men police and security officials administrators militants journalists businessmen victims of militancy et al The book records in cold letters and with appropriate interpretations the painful litany of grisly crimes in the name of insurgency and how and why these happened
