National Library of Medicine (U.S.),1992 *Current Catalog* National Library of Medicine (U.S.),1993 First multi year
cumulation covers six years 1965 70 Handbook of Social Work in Health and Aging Barbara Berkman,2006-02-09 The
Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work
in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social
workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age
the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging
health care and the resources available to best serve older adults and their families The volume s 102 original chapters and
13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and
across the world provide social work practitioners and educators with up to date knowledge of evidence based practice
guidelines for effectively assessing and treating older adults and their families new models for intervention in both
community based practice and institutional care and knowledge of significant policy and research issues in health and aging
A truly monumental resource this handbook represents the best research on health and aging available to social workers
