The Easter:

Court Martial Records From the Easter Rising Pasquale De Marco, 2025-07-24 The Easter Rising of 1916 was a watershed moment in Irish history. It marked the beginning of the end of British rule in Ireland and set the stage for the establishment of the Irish Free State in 1922. The Rising was a complex and multifaceted event with a wide range of causes and consequences. This book provides a comprehensive overview of the Easter Rising, its causes, consequences, and legacy. The book is divided into ten chapters, each of which explores a different aspect of the Rising. The first chapter provides an overview of the Easter Rising, its origins, and its goals. The second chapter examines the British response to the Rising, including the military campaign to suppress the rebellion and the subsequent court martials of the rebel leaders. The third chapter profiles the key figures involved in the Rising, including Patrick Pearse, Thomas Clarke, and James Connolly. The fourth chapter examines the impact of the Rising on Irish society and culture. The fifth chapter considers the Rising's legacy, both in Ireland and internationally. The sixth chapter explores the historiography of the Rising, examining how the event has been interpreted by historians over time. The seventh chapter provides a guide to the key sources for studying the Rising. The eighth chapter offers a timeline of the Rising. The ninth chapter includes a glossary of terms related to the Rising. The tenth chapter provides a bibliography of sources on the Rising. This book is intended for a general audience. The Easter Computus and the Origins of the Christian Era Alden A. Mosshammer,2008-10-16 The system of numbering the years AD Anni Domini Years of the Lord originated with Dionysius Exiguus Dionysius drafted a 95 year table of dates for Easter beginning with the year 532 AD Why Dionysius chose the year that he did to number as 1 has been a source of controversy and speculation for almost 1500 years According to the Gospel of Luke 3 1 3 23 Jesus was baptized in the 15th year of the emperor Tiberius and was about 30 years old at the time The 15th year of Tiberius was AD 29 If Jesus was 30 years old in AD 29 then he was born in the year that we call 2 BC Most ancient authorities dated the Nativity accordingly Alden Mosshammer provides the first comprehensive study of early Christian methods for calculating the date of Easter to have appeared in English in more than one hundred years He offers an entirely new history of those methods both Latin and Greek from the earliest such calculations in the late second century until the emergence of the Byzantine era in the seventh century From this history Mosshammer draws the fresh hypothesis that Dionysius did not calculate or otherwise invent a new date for the birth of Jesus instead adopting a date that was already well established in the Greek church Mosshammer offers compelling new conclusions on the origins of the Christian era drawing upon evidence found in the fragments of Julius Africanus of Panodorus of Alexandria and in the traditions of the Armenian church

Who's Afraid of the Easter Rising? 1916-2016 James Heartfield,Kevin Rooney,2015-11-27 One hundred years ago Easter 1916 Irish revolutionaries rose against the British Empire proclaiming a Republic from the steps of the General Post Office in Dublin The men and women of the Easter Rising were defeated by the overwhelming force of the British Army in five days of intense fighting Their leaders were executed But the Easter Rising lit a fire that ended with the whole country turning against Westminster s rule and founding a nation But today the heirs to the

Irish state are embarrassed about 1916 They are ashamed that their state owes its origins to a revolution Along with academics and other commentators in the press and on television they dismiss the Rising as the work of violent fanatics and the defeat of constitutional politics Who s Afraid of the Easter Rising explains why today s Dublin elite are recoiling from the origins of their state in a popular struggle Where the critics paint the Rising as an armed conspiracy we explain that it was in fact a revolt against war not a militaristic upsurge but the first challenge to the awful slaughter of the First World War The Statesmen of Europe sacrificed millions upon the altar of war Their recruiting sergeants in Ireland Edward Carson and John Redmond sent 200 000 Irishmen into the slaughter and nearly 50 000 were killed The Easter Rising drew a halt to British recruitment and the blow to the Empire was the first crack in a growing revolt against the war followed by the Russian Revolution in 1917 and the German revolution the following year which ended the conflict The Easter Rising was an inspiration to those who were challenging the Empires of Europe from India to Vietnam from New Zealand to Moscow it was an inspiration to British activists like John Maclean and Sylvia Pankhurst and it was an inspiration to the Irish men and women who rose up against British rule to free their nation
