their lives and expectations and struggled to defend a collective identity against all disintegrating factors the way in which they created and disseminated cultural products the way in which they functioned as a gigantic magnet attracting several outside artists and intellectuals The book thus has a long introduction detailing the present situation and mainly depicting the realities within the Chinese and Puerto Rican communities and the fight against gentrification six chapters on the Lower East Side s past history its social and cultural geography the relationship among the several different communities the labor situation the literary output the development of an ethnic theatre the neighborhood s influences upon turn of the century American culture in the fields of sociology photography art literature and cinema and a conclusion summing up past and present and discussing the main aspects of a Lower East Side aesthetics     Mambo Montage Agustín Laó-Montes, Arlene M.
