The end of Atlantis J. V. Luce, 1966      The End of Atlantis , 1975      **Prophetic Visions of the Future** Diane Stein, 2011-11-09 We all want to know what will happen to the earth and to those who come after us our children and our grandchildren Diane seeking an answer has gone to women visionaries and seers women who channel the future and those who bring it to life in their writings This is the time Diane avers for women to define what needs to be changed and begin to do the work By women s power of thought and creation we together can make a better world      **Moses in Biblical and Extra-Biblical Traditions** Axel Graupner, Michael Wolter, 2012-02-13 The papers in this volume revolve around the history of the influence exerted by the person of Moses and the traditions associated with him They deal not only with the function of the figure of Moses in the Pentateuch the salvation in the Red Sea and the final day of Moses life but also with the way Moses was received in the Deuteronomic history the Psalms the Book of Jeremiah the Septuagint in Qumran early Jewish extra biblical literature the New Testament and the Early Church      **Uchronia** Christos A. Djonis, 2021-09-09 Accounts of past lost civilizations strange aerial phenomena unexplained encounters and cryptic codes unquestionably continue to tease our minds with their intrigue While many of these puzzles which often are passed down from one generation to another sound so incredible that they appear to be stories of pure fiction from time to time and more often than we realize they turn out to be true UCHRONIA alternative history connects with several such controversial topics and provides facts and clues that could explain some of the most contentious mysteries of our time including Plato s Atlantis Is the Human Genome a real miracle or genetics What is the meaning behind the Nazca Lines Has a Middle Eastern culture managed to visit North America 10 000 years before Christopher Columbus Can the Old Testament of the Holy Bible be a copy of a much older original In 2017 New York City Big Book Awards voted the original edition of UCHRONIA as one of their Distinguished Favorites This UPDATED EXTENDED version is not just an extension or a more in depth analysis of the original work published in 2014 but an opportunity to illustrate how several more scientific events and recent archaeological discoveries now further support many of the earlier conclusions noted in the original edition      **Historical Earthquakes, Tsunamis and Archaeology in the Iberian Peninsula** Manuel Álvarez-Martí-Aguilar, Francisco Machuca Prieto, 2022-06-22 Research on historical earthquakes and tsunamis in the Iberian Peninsula has made great strides in recent years from diverse scientific fields ranging from geology to archaeology In addition to the famous earthquake and tsunami of 1755 which intensely affected the peninsula researchers are conducting a growing number of surveys and case studies on seismic episodes and extreme wave events of possible tsunamigenic origin in Portugal and Spain during the ancient medieval and modern eras However the development of these studies has suffered due to a certain lack of communication among the different fields of research which are focused on their own methodologies and interests The aim of this book is to promote interdisciplinary dialogue by linking the results of the most recent research into historical earthquakes and tsunamis in Iberia from the fields of geology history and

archaeology The volume which devotes special attention to tsunamis and to events that occurred in the Iberian Peninsula before 1755 offers synthetic insights updates and case studies of maximum interest for knowledge of the historical seismology of Portugal and Spain     The End of Atlantis John Victor Luce,1975     *Rudolf Steiner and the Founding of the New Mysteries* Sergei O. this time Because The Last Prophecy was leading humanity to the end of its story the Doomsday which started with the expulsion from Heaven Where did humanity come from where are we going You will find the answer to this question in The Last Prophecy *End of Days* Sylvia Browne,2008 Addresses the most daunting and difficult predictions about the human race commenting on all the End of Days prophecies and offering insight into what can be done to prevent a catastrophe of biblical proportions The Orion Prophecy Patrick Geryl,Gino Ratinkx,2001 In the year 2012 the Earth awaits a super catastrophe its magnetic field will turn over in one go Phenomenal earthquakes and tidal waves will completely destroy our civilisation Europe and North America will shift thousands of kilometres northwards into polar climate Nearly the whole earth s population will perish in the apocalyptic happenings These dire predictions stem from Mayans and Egyptians descendants of the legendary Atlantis The Atlanteans had highly evolved astronomical knowledge and were able to exactly calculate the previous world wide flood in 9792 BC They built tens of thousands of mandjits and escaped to South America and Egypt In the year 2012 Venus Orion and several other stars will take the same code positions as in 9792 BC the year of the previous cataclysm For thousands of years historical sources have told of a forgotten time capsule of ancient wisdom located in a mythical labyrinth of secret chambers filled with artefacts and documents from the previous flood this book gives one possible location
