Dinesh Sharma

The Case For Hillary Clinton Format Audio:

The People Are Going to Rise Like the Waters Upon Your Shore Jared Yates Sexton, 2017-08-15 Sexton grapples with the Trump campaign from the perspective of the crowds reveling in the candidate's presence and message. It is a useful vantage point given the increasingly blatant bigotry in the months since the election. The Washington Post. *The People Are Going to Rise Like the Waters Upon Your Shore* is a firsthand account of the events that shaped the 2016 presidential election and the cultural forces that powered Donald Trump into the White House. Includes an all new afterword that details the first year of the Trump presidency. With a novelist's flair for the dramatic scene and evocative detail, Sexton expertly marries the quotidian tedium of the campaign trail so many hotel room beers and the outlandish circumstances of this particular election season with his astute observations about our polarized national condition. Salon. This is the post campaign book I was waiting for. Essential reading for understanding this country now and going forward. Alexander Chee, author of *The Queen of the Night*. **The Global Hillary** Dinesh Sharma, 2016-06-17 Is there a linkage between smart power and Hillary Clinton's leadership style? Can she advance American leadership and women's development worldwide? *The Global Hillary* addresses these questions and many others. Bringing together two key aspects of Clinton's ongoing career: her advocacy for international women's rights and the mission to foster democratic development around the world. *The Global Hillary* critically analyzes Clinton's role as a transformative leader of global influence. Essays in this collection provide insight into Clinton's leadership style, particularly her use of American smart power in foreign policy, while examining her impact on the continuing worldwide struggle for women's rights. Using international perspectives on the historical and cultural contexts of Clinton's leadership, this book also looks toward the future of women's political leadership in the 21st century with special attention to the prospect of electing a woman to the United States presidency. **Posthumorism** Frances McDonald, 2022-01-27 Examining the multiple non-humorous meanings of laughter, this book explores a unique strain of laughter in modernism that is without humor, without humans, and without humanism. Providing a bold new theory of modernism's affects, *Posthumorism* chronicles the scattered emergence of a particular strain of humorless laughter in twentieth-century literature, film, and philosophy. From William James's trippy experiments with laughing gas to the wide open suicide shriek of Major Kong in Stanley Kubrick's *Dr. Strangelove*, modernity is strewn with examples of such laughter defined by its ability to crack up and destroy whilst opening new horizons of perception. Examining the creative operation of posthumorist laughter, this book explores how various stylists of the form, from Nathanael West and Kurt Vonnegut to Georges Bataille and Hélène Cixous, use it as a tool to unsettle, reconfigure the individual human, and shape different forms of humanist discourse. **The Communication Age** Autumn Edwards, Chad Edwards, Shawn T. Wahl, Scott A. Myers, 2015-12-07 We are in the communication age. No matter who you are or how you communicate, we are all members of a society who connect through the internet, not just to it. From face-to-face interactions to all forms of social media. *The Communication Age*, Second Edition.

invites you to join the conversation about today's issues and make your voice heard This contemporary and engaging text introduces students to the essentials of interpersonal small group and public communication while incorporating technology media and speech communication to foster civic engagement for a better future **GameAxis Unwired** ,2008-02 GameAxis Unwired is a magazine dedicated to bring you the latest news previews reviews and events around the world and close to you Every month rain or shine our team of dedicated editors and hardcore gamers put themselves in the line of fire to bring you news previews and other things you will want to know The Publishers Weekly ,1998 *Electronic Musician* ,2001

Competitive Digital Innovation Amit Basu,Steve Muelle,2023-05-16 Innovative digital technologies are forcing companies to rethink how they compete The focus of digital innovation in business has shifted from internal transformation within firms to their market interface and ecosystems While opportunities for innovation in internal operations are well established it's less clear how to leverage technology at the market interface This often has strategic implications and the goal of this book is help you connect digital innovation to business strategy By understanding how to leverage digital technologies you can redefine your market facing business processes your products services and even your business models and stay competitive in today's hybrid markets This book provides a coherent and comprehensive approach to not just survive but rather thrive in the 21st Century global marketplace With global real world examples and original frameworks this is an ideal book for executives and anyone who wants to understand digital strategy Highly practical but infused with rigorous research it shows you how your business can use digital technologies to compete in today's hybrid markets **Library Journal** ,2000 The Video Librarian ,2005
