

THE CASE **FOR** THE

UFO

UNIDENTIFIED FLYING OBJECTS

Flying Saucers, Disappearing Planes and Ships,
Fire Balls, Space Travel, Meteors, Falling Bodies, etc.

by M. K. Jessup

"... the most unusual and comprehensive volume on the fascinating subject of
the flying saucers." — From the Introduction by FRANK EDWARDS

The Case For The Ufo

M. Jessup

The Case For The Ufo:

The Case for the UFO: Unidentified Flying Objects Morris Jessup, 2015-10-16 This is the 2016 Edition of the classic book that brought the legend of the Philadelphia Experiment into the public sphere and created saucer controversy for decades The Case For the UFO Why has this book been suppressed for so many years It is a well reasoned review of the UFO record by an eminent astronomer mathematician and archaeologist Dr M K Jessup His conclusions are breathtaking and incredible but inescapable This special reprint edition features not only the familiar introduction by Frank Edwards but also the lost introduction by noted zoologist Ivan T Sanderson as well as cover design based on publisher Gray Barker's original concept Description from the dust jacket Flying saucers are not new For thousands of years men have seen mysterious objects in the skies Now a prominent scientist proves that unidentified flying objects originate here on Earth If you have ever wondered about the things today's scientists do not will not or cannot explain this book is for you Such questions might be What is the hidden meaning of the comet's tail What caused the Devil's Footprints of Devonshire Why are we wrong to think of space flight only in terms of rocket power How was a soldier teleported from the Philippine Islands to Mexico City within one hour What force lifted 1200 ton stones in ancient Peru How is acceleration achieved by UFOs What caused the disappearance of the crews of the SS Sea Bird and the Marie Celeste Was the secret of space flight known 50 000 years ago What is the strange truth hidden in the ancient ruins of Baalbek And finally and most importantly Are the UFOs friend or foe This original edition of The Case For the UFO does NOT include the scrawled annotations of the infamous Carlos Allende who may or may not have tormented Jessup into committing suicide You will find this version much easier to read than the Varo Edition and probably much more meaningful

The Case for the UFO: Unidentified Flying Objects M. Jessup, 2014-05-07 This is the first ever reprint of the book that brought the entire legend of the Philadelphia Experiment into the public sphere and created controversy for decades The Case For the UFO Why has this book been suppressed for so many years It is a well reasoned review of the UFO record by an eminent astronomer mathematician and archaeologist Dr M K Jessup His conclusions are breathtaking and incredible but inescapable Description from the original dust jacket Flying saucers are not new For thousands of years men have seen mysterious objects in the skies Now a prominent scientist proves that unidentified flying objects originate here on Earth If you have ever wondered about the things today's scientists do not will not or cannot explain this book is for you Such questions might be What is the hidden meaning of the comet's tail What caused the Devil's Footprints of Devonshire Why are we wrong to think of space flight only in terms of rocket power How was a soldier teleported from the Philippine Islands to Mexico City within one hour What force lifted 1200 ton stones in ancient Peru How is acceleration achieved by UFOs What caused the disappearance of the crews of the SS Sea Bird and the Marie Celeste Was the secret of space flight known 50 000 years ago What is the strange truth hidden in the ancient ruins of Baalbek And finally and most importantly Are the UFOs friend or foe This is the original edition of The Case For the UFO which does NOT

include the scrawled annotations of the infamous Carlos Allende who may or may not have tormented Jessup into committing suicide You will find this version much easier to read than the Varo Edition and probably much more meaningful

The Case for the UFO - Varo Edition M. Jessup,1957-08 The INFAMOUS Annotated Version of The Case for UFOs by Morris Jessup In 1957 Morris Jessup was approached by two mysterious Naval officers who informed Jessup that a man who called himself Carlos Allende had extensively annotated Jessup s seminal book The Case for the UFO with a bizarre commentary involving time travel electromagnetic forces even the teleportation of a battleship The story already a little strange was made even more peculiar when he discovered that the Office of Naval Research took things much much further even going the trouble of re printing this annotated version for limited distribution within the Office of Naval Research They even used multi colored inks to simulate the pens used in the handwritten notes This book printed by the Varo Manufacturing Company of Garland Texas is now known as the infamous Varo Edition

"The" Case for the UFO M. K. Jessup,1973 *The Case for the UFO* M. Jessup,2014-06-08 New Saucerian is pleased to re release the very first reprint of the annotated Varo Edition of Morris K Jessup s The Case For the UFO For decades this book was extremely rare mysterious and expensive It took Gray Barker years of scrounging to finally come up with one of the original color versions which has been faithfully reproduced here in black and white This special reprint is an affordable means for today s ufologist to analyze this historical important document which touched off the entire Philadelphia Experiment craze and kept ufology in a state of alarm for decades A book that deserves to be on the shelf of very serious saucer enthusiast

The Expanding Case for the UFO. Morris K. Jessup,1957 From the craters of the moon the jungle ridden cities of prehistory the world s scattered Pygmy tribes and the columns of yesterday s newspaper comes new and thought provoking evidence for the existence of space life Such were the words on the original dust jacket of this the first edition of The Expanding Case For the UFO First released in 1957 The Expanding Case was the sequel to perhaps the most notorious book in the history of ufology The Case For the UFO which drew the interest of the U S Navy and resulted in the infamously annotated Varo Edition The annotator of the book Carlos Allende claimed to have been a witness to the Philadelphia Experiment Allende seemed to think that the book s author astronomer M K Jessup knew more about the experiment than he was admitting and had maybe played a role in it The Expanding Case For the UFO was the last book ever written by M K Jessup and it ties together many of the controversial threads first exposed in The Case for the UFO This special reprint features the original lost introduction by noted zoologist Ivan T Sanderson As evidence to how dangerous this material was at the time it was only two years later that Jessup after experiencing threatening phone calls and alarming synchronicities too unbelievable to describe would be found dead in a park in Dade County Florida supposedly a suicide While Allende claimed Jessup killed the hitman sent to terminate him and was able to escape by trading identities with the hitman the facts remain obscured like the UFOs themselves in a most intriguing fog

The Expanding Case for the UFO Morris Jessup,2015-10-16 From the craters of the moon the jungle ridden cities of prehistory the world s

scattered Pygmy tribes and the columns of yesterday's newspaper comes new and thought provoking evidence for the existence of space life. Such were the words on the original dust jacket of *The Expanding Case For the UFO*. First released in 1957, *The Expanding Case* was the sequel to perhaps the most notorious book in the history of ufology, *The Case For the UFO*, which drew the interest of the U.S. Navy and resulted in the infamously annotated Varo Edition. The suspected annotator of the book, the mysterious Carlos Allende, claimed to have been a witness to the Philadelphia Experiment. Allende seemed to think that the book's author, astronomer M. K. Jessup, knew more about the experiment than he was admitting and had maybe played a role in it. *The Expanding Case For the UFO* was the last book ever written by M. K. Jessup, and it ties together many of the controversial threads first exposed in *The Case for the UFO*. This special reprint features the original lost introduction by noted zoologist Ivan T. Sanderson, as well as cover design based on publisher Gray Barker's original concept. As evidence to how dangerous this material was at the time, it was only two years later that Jessup, after experiencing threatening phone calls and alarming synchronicities too unbelievable to describe, would be found dead in a park in Dade County, Florida, supposedly a suicide. While Allende claimed Jessup killed the hitman sent to terminate him and was able to escape by trading identities with the hitman, the facts remain obscured like the UFOs themselves in a most intriguing fog.

The UFO Magazine UFO Encyclopedia William J. Birnes, 2004-01-06 This is the most comprehensive UFO book in print, covering time travel, cloning, and the Raelians' antigravity propulsion, psychokinesis, astral projection, and teleportation, and more.

The Saucerian Gabriel McKee, 2025-04-22 The strange but true biography of the colorful founder of Saucerian Books, a central purveyor and promoter of flying saucer and conspiracist knowledge in the mid-twentieth century. Gray Barker (1925-1984) was an eccentric literary outsider filled with ideas that were out of step with the world. An author and unreliable narrator of implausible stories, Barker founded and operated Saucerian Books, an independent publisher of books about flying saucers and other ideas at the fringes of popular discourse. In *The Saucerian*, Gabriel McKee tells the fascinating story of Barker's West Virginia-based press, the unique corpus of materials it published, and how office copying and self-publishing techniques influenced the spread of paranormal beliefs and conspiratorial worldviews over the last century. Following the development of UFO subculture, McKee explores the life and career of a larger-than-life hoaxer and originator of pseudoscientific ideas. Even as an entertainer, Barker established his reputation with one of the first flying saucer fanzines, *The Saucerian*, and with his first book, the conspiratorial and sensationalistic *They Knew Too Much about Flying Saucers*. By the close of the 1950s, he had established a publishing imprint that brought out some of the strangest UFO-related books of the era, with a particular emphasis on flying saucer contactees. Saucerian Books became a platform for those whose stories were too unusual, implausible, or crudely written for more mainstream publishers. Though Barker himself was a skeptic, he viewed the world of occult believers as a source of ongoing entertainment. He also may have used the perceived eccentricity of flying saucer research or ufology to obscure his homosexuality from his small-town neighbors. From his place on the fringes of mid-century

American culture Barker left an unmatched legacy in conspiratorial concepts that have become prominent pop cultural folklore including the Men in Black the Mothman and the Philadelphia Experiment As a mastermind behind the fantastical Barker s promotional efforts were the precursor to contemporary conspiracism *The Expanding Case for the UFO* M. Jessup,2014-08-02 From the craters of the moon the jungle ridden cities of prehistory the world s scattered Pygmy tribes and the columns of yesterday s newspaper comes new and thought provoking evidence for the existence of space life Such were the words on the original dust jacket of *The Expanding Case For the UFO* First released in 1957 *The Expanding Case* was the sequel to perhaps the most notorious book in ufological history *The Case For the UFO* which drew the interest of the U S Navy and resulted in the famous annotated Varo Edition The annotator of the book Carlos Allende claimed to have been a witness to the Philadelphia Experiment Allende seemed to think that the book s author astronomer M K Jessup knew more about the experiment than he was admitting and had maybe played a role in it *The Expanding Case For the UFO* was the last book ever written by M K Jessup and it ties together many of the controversial threads first exposed in *The Case for the UFO* As evidence to how dangerous this material was at the time it was only two years later that Jessup after experiencing threatening phone calls and alarming synchronicities too unbelievable to describe would be found dead in a park in Dade County Florida supposedly a suicide While Allende claimed Jessup killed the hitman sent to terminate him and was able to escape by trading identities with the hitman the facts remain obscured like the UFOs themselves in a most intriguing fog
