Geographers Elizabeth Baigent, André Reyes Novaes, 2019-12-26 Women are the exclusive focus of the 38th volume of *Geographers* For the first time in the series history the entire volume is devoted to important work of distinguished female geographers amply demonstrating how these scholars professional lives enrich the discipline's history It also illustrates how reading and writing their biographies not only expands our understanding of geography's past but points to its more diverse future The collection includes biographies of Doreen Massey winner of geography's Nobel prize the prix Vautrin Lud for her remarkable contribution to geography and neighbouring disciplines which discovered the importance of space through her work Helen Wallis geographer and historian of cartography who for many years had charge of the UK's foremost collection of maps Alice Saunier Set who applied her geographical training and formidable energy to teaching and educational reform in France Isabel Margarida Andr who lived through a turbulent political period in her native Portugal and meticulously investigated its effect on women and political geography and the many women who helped to create the UK's first Geography department the University of Oxford's School of Geography including Fanny Herbertson Nora MacMunn Marjorie Sweeting Mary Marshall Barbara Kennedy and other women geographers who are memorialised in a group article

Forging Democracy Geoff Eley, 2002-04-11 Democracy in Europe has been a recent phenomenon Only in the wake of World War II were democratic frameworks secured and even then it was decades before democracy truly blanketed the continent Neither given nor granted democracy requires conflict often violent confrontations and challenges to the established political order In Europe Geoff Eley convincingly shows democracy did not evolve organically out of a natural consensus the achievement of prosperity or the negative cement of the Cold War Rather it was painstakingly crafted continually expanded and doggedly defended by varying constellations of socialist feminist Communist and other radical movements that originally blossomed in the later nineteenth century Parties of the Left championed democracy in the revolutionary crisis after World War I salvaged it against the threat of fascism and renewed its growth after 1945 They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe's current democratic traditions The trajectories of European democracy and the history of the European Left are thus inextricably bound together Geoff Eley has given us the first truly comprehensive history of the European Left its successes and failures its high watermarks and its low tides its accomplishments insufficiencies and excesses and most importantly its

formative lasting influence on the European political landscape At a time when the Left's influence and legitimacy are frequently called into question *Forging Democracy* passionately upholds its vital contribution **Power and City**

Governance Alan DiGaetano,1999 **Making a Living in Europe** Alan Townsend,2005-08-18 Exploring the relationship between employment change society and economic restructuring *Making a Living in Europe* shows how the culture of work has been transformed in the industrialized nations of the EU *Classed Intersections* Yvette Taylor,2016-05-23 *Classed Intersections* examines the salience transformation and tension of class analysis at a crucial juncture in its return to and reinvention of sociological agendas The contributors including both established and emerging academics examine class as produced through combined social cultural and economic practices but are clear not to reify class over and above other paradigms instead a number of key intersections are foregrounded including gender ethnicity and sexuality The collection draws on a variety of methodological positions including in depth interviews ethnographies and auto biographical approaches It scrutinizes classed intersections across a wide range of social spheres and practices including education the workplace everyday life citizenship struggles consumption the family and sexuality Taken together this volume will enhance efforts to establish new working class studies both in the UK and around the world **Milton Keynes in British Culture** Lauren Pikó,2019-01-23 The new town of Milton Keynes was designated in 1967 with a bold flexible social vision to impose no fixed conception of how people ought to live Despite this progressive social vision and its low density flexible green urban design the town has been consistently represented in British media political rhetoric and popular culture negatively as a fundamentally sterile paternalistic concrete imposition on the landscape as a joke and even as Los Angeles in Buckinghamshire How did these meanings develop at such odds from residents and planners experiences Why have these meanings proved so resilient *Milton Keynes in British Culture* traces the representations of Milton Keynes in British national media political rhetoric and popular culture in detail from 1967 to 1992 demonstrating how the town's founding principles came to be understood as symbolic of the worst excesses of a postwar state planning system which was falling from favour Combining approaches from urban planning history cultural history and cultural studies political economy and heritage studies the book maps the ways in which Milton Keynes newness formed an existential challenge to ideals of English landscapes as receptacles of tradition and closed fixed national identities Far from being a marginal foreign and atypical town the book demonstrates how the changing political fortunes of state urban planned spaces were a key site of conflict around ideas of how the British state should function how its landscapes should look and who they should be for
