The Emergence Of A New Lebanon Fantasy Or Reality:

The Emergence of a New Lebanon Edward E. Azar, 1984 Long the most familiar of the Middle East countries to Americans Lebanon has become something of an alien Those who have only recently come to know the name associate Lebanon with extremism bigotry and violence Their portrait is that of a poor war torn land not unlike other Third World states except in the savagery of its divisiveness Those Americans who knew Lebanon in years past and there were many have tended to err just as grievously by assuming that the Lebanon whose shattered landscape they see on the front pages of their newspapers or in the more vivid images of television is the same Lebanon they once knew Geography is more static than society Apart from literature on the violence in Lebanon which is largely one sided material there is no body of knowledge dealing with contemporary Lebanon The conflicts in that country both resulted from and created numerous and far reaching changes in Lebanese society Let there be no mistake whatever Lebanon will be in the future we have passed a watershed Lebanon is not the same country it was five ten or fifteen years ago the political circumstances have fundamentally and irrevocably changed This book is an attempt to begin to look at the nature of the changes that have taken place in Lebanon

The Breakdown of the State in Lebanon, 1967-1976 Farid El Khazen, 2020-12-10 Why did the Lebanese state the most open and democratic political system in the Middle East break down between 1967 and 1976 In this major contribution to the debate Fazel el Khazen rejects the standard explanations of the Lebanese Civil War and argues instead that the causes were due to the official state ideology which recognized diversity dissent and a highly pluralistic population and then specific external factors pressures from the Arab Israeli Conflict inter Arab rivalries and the Palestine Liberation Organization s close connection to Lebanese politics Using an historical analysis el Khazen sheds light on the political situation of the country in the lead up to the conflict and the major role Lebanon s neighbours had in the events The detailed and comprehensive account uses interviews with the key protagonists in the civil war and analysis of unpublished sources to reveal how and why the breakdown took place

Islamic Fundamentalism and Islamic Radicalism United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1985 *Martyr Cults and Political Identities in Lebanon* Sabrina Bensen, 2019-10-24 Sabrina Bensen sheds light on political cults of martyrs in Lebanon and reconsiders the context of their emergence development and distinct characteristics since 1920 She examines how the honouring of martyrs became an established practice in Lebanese politics and is crucial to grasp the logic of violence and conflict Drawing on the case of the Amal movement the author analyses central narratives to the group s discourse and practices concerning martyrdom to show how identity construction and strategies of legitimizing power are intertwined Moreover the book provides insides into political competition strategies especially in regards to the two major Shi ite political actors Amal and Hizbullah and takes a new look on martyrdom by going beyond cultural religious explanations

Spheres of Intervention James R. Stocker, 2016-03-18 In *Spheres of Intervention* James R Stocker examines the history of diplomatic relations between the

United States and Lebanon during a transformational period for Lebanon and a time of dynamic changes in US policy toward the Middle East Drawing on tens of thousands of pages of declassified materials from US archives and a variety of Arabic and other non English sources Stocker provides a new interpretation of Lebanon s slide into civil war as well as insight into the strategy behind US diplomatic initiatives toward the Arab Israeli conflict During this period Stocker argues Lebanon was often a pawn in the games of larger powers The stability of Lebanon was an aim of US policy at a time when Israel s borders with Egypt and Jordan were in active contention Following the June 1967 Arab Israeli War the internal political situation in Lebanon became increasingly unstable due to the regional military and political stalemate the radicalization of the country s domestic politics and the appearance of Palestinian militias on Lebanese territory US officials were more deeply involved in Lebanese affairs than most outside the region realized After a series of internal crises in 1969 1970 and 1973 civil war broke out in Lebanon in 1975 The conflict reached a temporary halt after a Syrian military intervention the following year but this was only an end to the first stage of what would be a sixteen year civil war During these crises the US sought to help the Lebanese government in a variety of ways including providing military aid to the Lebanese military convincing Arab countries to take measures to help the Lebanese government mediating Lebanon s relations with Israel and even supporting certain militias

The Middle East In Global Perspective Judith Kipper, Harold Saunders, 2019-06-19 Well before events in the Soviet Union and Eastern Europe dramatized the rapidity with which a new political world is evolving and before the Gulf War sharpened the focus on the Middle East agenda scholars and policymakers alike were searching for different concepts for addressing the intractable problems facing the Middle East Even though the re

Rethinking the Economics of War Cynthia J. Arnson, I. William Zartman, 2005-10-12 This collection of essays questions the adequacy of explaining today s internal armed conflicts purely in terms of economic factors and re establishes the importance of identity and grievances in creating and sustaining such wars Countries studied include Lebanon Angola Colombia and Afghanistan

States-Within-States P. Kingston, I. Spears, 2004-04-16 Many of the existing juridical states in the Third World remain fragile and prone to collapse Yet these conditions have not always given way to anarchy In some cases the breakdown of weak and often arbitrary states has given way to more coherent and viable though not necessarily benevolent political entities This book examines the extent to which these sub units states within states represent alternatives that the international community could look to in a long term effort to bring stability security and development to peoples in the Third

World **Syria and Iran** Anoushiravan Ehteshami, Raymond A. Hinnebusch, 2002-01-31 It has been the dominant view that both Syria in the 1980s and Iran today have acted as rogue states in the Middle East threatening to upset the stability of the region In this innovative new study Anoushiravan Ehteshami and Raymond Hinnebusch show that these two countries have in fact acted in a rational fashion pursuing the aim of containing Western influence This book demonstrates how Syrian foreign policy resembles the rational actor model and Iran's rational factions in government guide its diplomacy Syria and Iran's foreign policies are shown to be conventional ones of realist diplomacy with their pursuance of a balance of power and spheres of influence Their alliance with each other is also closely examined and found to be defensive in nature Syria and Iran illustrates how these two countries and their alliance forms an integral part of the balance of power in the Middle East It is an exciting contribution to the study of the region and its application of international relations concepts will be welcomed by those studying this area

Military Integration after Civil Wars Florence Gaub, 2010-09-13 This book examines the role of multiethnic armies in post conflict reconstruction and demonstrates how they can promote peacebuilding efforts The author challenges the assumption that multiethnic composition leads to weakness of the military and shows how a multiethnic army is frequently the impetus for peacemaking in multiethnic societies Three case studies Nigeria Lebanon and Bosnia Herzegovina determine that rather than external factors it is the internal structures that make or break the military institution in a socially challenging environment The book finds that where the political will is present the multiethnic military can become a symbol of reconciliation and coexistence Furthermore it shows that the military as a professional identity can supersede ethnic considerations and thus facilitates cooperation within the armed forces despite a hostile post conflict setting In this the book challenges widespread theories about ethnic identities and puts professional identities on an equal footing with them The book will be of great interest to students of military studies ethnic conflict conflict studies and peacebuilding and IR in general Florence Gaub is a Researcher and Lecturer at the NATO Defence College in Rome She holds a PhD in International Politics from Humboldt University Berlin

Building a Multiethnic Military in Post-Yugoslav Bosnia and Herzegovina Elliot Short, 2022-02-24 On 1 January 2006 soldiers from across Bosnia and Herzegovina gathered to mark the official formation of a unified army and yet little over a decade before these men had been each other's adversaries during the vicious conflict which left the Balkan state divided and impoverished Building a Multi Ethnic Military in Post Yugoslav Bosnia and Herzegovina offers the first analysis of the armed forces during times of peace building in Bosnia and Herzegovina This sophisticated study assesses Yugoslav efforts to build a multi ethnic military during the socialist period charts the developments of the armies that fought in the war and offers a detailed account of the post war international initiatives that led to the creation of the Armed Forces of Bosnia and Herzegovina At this point the military became the largest multi ethnic institution in the country and was regarded as a model for the rest of Bosnian society to follow As such as Elliot Short adroitly contends this multi ethnic army became the most significant act in stabilising the country since the end

of the Bosnian War Drawing upon a wealth of primary sources including interviews with leading diplomats and archival documents made available in English for the first time this book explores the social and political role of the Bosnian military and in doing so provides fresh insight into the Yugoslav Wars statehood and national identity and peace building in modern European history

Pax Syriana Rola El-Husseini, 2012-12-05 The recent political history of Lebanon has been defined by the legacy of war In addition to repeated external invasions and the ongoing presence of foreign troops of diverse nationalities the Lebanese people have endured the scars left by a bitterly contested civil war that began in the spring of 1975 and continued unabated for the next fifteen years While much has been written about the tragedy of the civil war el Husseini's *Pax Syriana* is the first book focused on the evolution of the postwar political scene In a series of negotiations brokered by Saudi Arabia under the auspices of the larger international community the civil war came to an end with the signing of the Ta'if Agreement This agreement ushered in an era of Syrian control and rule by a disparate group of power elites El Husseini provides an in depth account of how the political elite left an indelible mark on the Lebanese state and society Through extensive field work and firsthand interviews el Husseini offers an intimate portrait of postwar Lebanon and shows how the Syrian influence brought a degree of stability to this fragmented nation and yet simultaneously undermined the development of a full constitutional democracy as Lebanon began to acquire some of the authoritarian character of the Syrian regime

Evelyn Accad, 1990-12-01 A courageous analysis of Arab writers addressing the connections between masculinity violence and nationalism Robin Morgan Ms Rarely have sexuality and war been treated with such poignancy and historical concreteness The force of these often intertwined phenomena endemic to the human condition are considered with incisive and wrenching specificity from within one of the most baneful convergences of sexuality and war in recent history Djelal Kadir editor *World Literature Today* Personal powerful passionate uncensored Fedwa Malti Douglas *The Journal of Women's History* A welcome departure from stereotypical nationalist conceptions from which no solutions to the current impasse can possibly emerge Joel Benin *The Middle East Report* Accad's extraordinary pacifism is deeply compelling to women as it is deeply challenging to men Andrea Dworkin A splendid book Drawing on interviews with Lebanon's village women and her close readings of Lebanon's contemporary novelists Accad manages to pull back the veil that has shrouded so many conventional nationalisms revealing their roots in men's effort to control women's sexuality Cynthia Enloe author of *Does*

Khaki Become You Extraordinary in weaving together literature feminist theory and theories of war and violence Her analysis of the relationships between sexuality war and nationalism is stunning in its frankness and importance Berenice A Carroll Purdue University It is in the women s writings on the Lebanese civil war that Accad discerns alternative visions that could shape a non violent reality Miriam Cooke The Middle East Studies This book should remind us how patriarchies can operate similarly in societies we most often define through difference Accad s forthright critically respectful caring treatment of Lebanese lives and worlds resonates as we engage with the longterm repercussions of the Gulf War Marilyn Booth Women s Review of Books This compelling book offers an exploration of the indissoluble link between war and sexuality based on over twelve years of interviews by the well known Lebanese expatriate teacher critic and writer Evelyne Accad explores what she calls the indissoluble link between war and sexualtiy She refers to sexuality as the physical and psychological relations of men and women and examines Middle Eastern customs involved in defining such relationships She argues that many of the problems faced by societies at war stem from the way male sexuality is viewed and imposed and from the oppression of women within cultural parameters For twelve years Professor Accad interviewed women throughout the Middle East about their sexuality and relationships with men On the basis of these interviews and a close study of six novels written by both men and women on the subject of the Lebanese war she explores the connection between sexuality and war and contrasts the reactions of male authors with those of their female counterparts Each author views war as having roots in sexuality Evelyne Accad concludes that there is a need for a new rapport between men and women women and women and men and men there is a ned for relationships based on trust recognition of the other tenderness equal sharing and love devoid of jealousy and possession Since the personal is the political changes in relationships traditionally based on domination oppression and power games will inevitably rebound in other spheres of life *Surviving Field Research* Chandra Lekha Sriram, John C. King, Julie A. Mertus, Olga Martin-Ortega, Johanna Herman, 2009-06-02 In recent decades there has been increasing attention to mass atrocities such as genocide war crimes crimes against humanity and other gross human rights violations At the same time there has been a vast increase in the number of academics and researchers seeking to analyze the causes of and offer practical responses to these atrocities Yet there remains insufficient discussion of the practical and ethical challenges surrounding research into serious abuses and dealing with vulnerable populations The aim of this edited volume is to guide researchers in identifying and addressing challenges in conducting qualitative research in difficult circumstances such as conducting research in autocratic or uncooperative regimes with governmental or non governmental officials and perhaps most importantly with reluctant respondents such as victims of genocide or on the other side of the coin war criminals The volume proceeds in five substantive sections each addressing a different challenge of conducting field research in conflict affected or repressive situations Ethics Access Veracity Security Identity objectivity behaviour This important text will be vital reading for students scholars and researchers in the areas of research methods international
