The Granta

,1926 **The Social Life of Money in the English Past** Deborah Valenze,2006-05-15 A study of how people understood and used money from 1630 to 1800 in England Deborah Valenze shows how money became involved in relations between people in ways that moved beyond what we understand as its purely economic functions *Proceedings of the British Academy, Volume 131, 2004 Lectures* ,2005-12-22 The topical issues debated in this volume include the patenting of AIDS drugs the future pensions crisis Britain s universities and Pan Islam There are studies of Shakespeare Pope Montaigne Robert Graves and William Faulkner And there are lectures on the Inquisition empires in history and the journey towards spiritual fulfilment The Anglo-Scottish Ballad and its Imaginary Contexts David Atkinson,2014-03-12 This is the first book to combine contemporary debates in ballad studies with the insights of modern textual scholarship Just like canonical literature and music the ballad should not be seen as a uniquely authentic item inextricably tied to a documented source but rather as an unstable structure subject to the vagaries of production reception and editing Among the matters addressed are topics central to the subject including ballad origins oral and printed transmission sound and writing agency and editing and textual and melodic indeterminacy and instability While drawing on the time honoured materials of ballad studies the book offers a theoretical framework for the discipline to complement the largely ethnographic approach that has dominated in recent decades Primarily directed at the community of ballad and folk song scholars the book will be of interest to researchers in several adjacent fields including folklore oral literature ethnomusicology and textual scholarship

Contemporary Literary Critics NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics The Ashgate Research Companion to Thomas Lovell Beddoes Ute Berns,2016-03-23 Bringing together eminent scholars and emerging critics who offer a range of perspectives and critical methods this collection sets a new standard in Beddoes criticism In line with the goals of Ashgate s Research Companion series the editors and contributors provide an overview of Beddoes s criticism and identify significant new directions in Beddoes studies These include exploring Beddoes s German context only recently a site of critical attention reading Beddoes s plays in light of gender theory and reassessing Beddoes s use of dramatic genre in the context of recent work by theatre historians Rounding out the volume are essays devoted to key areas in Beddoes s scholarship such as nineteenth century medical theories psychoanalytic myth and Romantic ventriloquism This collection makes the case for Beddoes s centrality to contemporary debates about nineteenth century literary culture and its contexts and his influence on Modernist conceptions of literature **The Great War in Irish Poetry** Fran Brearton,2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914 45 and on three contemporary Northern Irish poets Derek

Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon

English Literature Francis Meehan, 1928 **A Companion to Poetic Genre** Erik Martiny, 2011-10-13 A COMPANION TO POETIC GENRE A COMPANION TO POETIC GENRE This eagerly awaited Companion features over 40 contributions from leading academics around the world and offers critical overviews of numerous poetic genres Covering a range of cultural traditions from Britain Ireland North America Japan and the Caribbean among others this valuable collection considers ancient genres such as the elegy the ode the ghazal and the ballad before moving on to Medieval and Renaissance genres originally invented or codified by the Troubadours or poets who followed in their wake The book also approaches genres driven by theme such as the calypso and found poetry Each chapter begins by defining the genre in its initial stages charting historical developments and finally assessing its latest mutations be they structural thematic parodic assimilative or subversive A concise bibliography for students of English : systematically arranged Arthur Garfield Kennedy, 1954

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Twentieth Century Fiction** George Woodcock, 1983-04-01 *What Did You Hear?* Steven Rings, 2025-10-28 Discover a new side of the songs of Bob Dylan by exploring the virtues of rough sounds peculiar intonation and a raspy voice Folk troubadour rock star country crooner for a musician who adopted so many personas Bob Dylan always sounds like himself While he s written many of the most iconic and impactful lyrics of the past sixty years Dylan s music has also reshaped our sonic imagination with his ragged

voice wailing harmonica and rough hewn guitar Music theorist Steven Rings argues that such sonic imperfections are central to understanding Dylan s songs and their appeal These blemishes can invoke authenticity or persona signal his social commitments and betray his political shortcomings Rings begins where else with Dylan s voice exploring its changeability its unmistakable features and its ability to inhabit characters including the female narrator of House of the Rising Sun Rings then turns to Dylan as an instrumentalist examining his infamous adoption of the electric guitar in 1965 as well as his stylistically varied acoustic playing which borrows sounds and techniques from Black blues musicians among other influences Rings charts the histories audible in Dylan s harmonica as well as piano which has been central to his music making since his earliest days of imitating Little Richard in his hometown of Hibbing Minnesota Finally Rings guides readers through one of Dylan s most famous songs A Hard Rain s a Gonna Fall analyzing its musical sources as well as variations in live performances A companion website of audio and video examples helps readers notice the nuances and idiosyncrasies inherent in Dylan s work and even more importantly their effects A close look at an underdiscussed but essential aspect of Dylan s oeuvre What Did You Hear offers a fresh understanding of a singular performer his musical choices and the meanings that we can hear in his imperfect sounds *A Concise Bibliography for Students of English* Arthur G. Kennedy,1948

Contemporary British Literature John Matthews Manly,Edith Rickert,1928 **The London Mercury** ,1927
