**Impossible Citizens** Neha Vora,2013-03-18 Indian communities have existed in the Gulf emirate of Dubai for more than a century Since the 1970s workers from South Asia have flooded into the emirate enabling Dubai s huge construction boom They now compose its largest noncitizen population Though many migrant families are middle class and second third or even fourth generation residents Indians cannot become legal citizens of the United Arab Emirates Instead they are all classified as temporary guest workers In Impossible Citizens Neha Vora draws on her ethnographic research in Dubai s Indian dominated downtown to explore how Indians live suspended in a state of permanent temporariness While their legal status defines them as perpetual outsiders Indians are integral to the Emirati nation state and its economy At the same time Indians even those who have established thriving diasporic neighborhoods in the emirate disavow any interest in formally belonging to Dubai and instead consider India their home Vora shows how these multiple and conflicting logics of citizenship and belonging contribute to new understandings of contemporary citizenship migration and national identity ones that differ from liberal democratic models and that highlight how Indians rather than Emiratis are the quintessential yet impossible citizens of Dubai

isolation to connection with the community Also considered is the lesbian detective s typical confrontation with two crucial elements of the investigator s role the use of violence and the acquisition and expression of authority within police systems Other topics of discussion include the cultural environments in which the stories are situated and the use of humor as a key weapon in the lesbian detective s investigative arsenal      **Reimagining Climate Change** Paul Wapner,Hilal
